ing.

Mayor Breidenbach Any citizen wish to be heard?

ien, Howe, Raymond, Mayor Breidenbach.

Mr. Stewart Lindsley, Calumet Street: I have the same criticism to make about Hanford Street as I had about Van Vechten, but Hanford is only two blocks long. If you would improve the whole street there would be some sense to it, but improving the two blocks is stopping short. You should include to Evergreen Place. As far as I am personally concerned, I don't think the flagging would help the properties. I object to the flagging. The improvement of the street itself I don't object to.

There being no one else to be heard, Commissioner Raymond moved the public hearing be closed.

The following communication was received and read:

The Central R. R. Co. of N. J.
143 Liberty Street
New York City, April 25, 1925.

Mr. W. J. Egan
City Clerk
Newark, N. J.

Dear Sir:

Referring to ordinance to provide for the repaving of Congress Street from Lafayette Street to Market Street, I am advised that the water pipes leading from the main water line to the curb are lead pipes and in good shape. I am also advised that the sewer system serving our Congress Street properties on the south side of our Newark and New York Branch enter the main system on Ferry Street

Consequently we know of no reason any new connections should be made prior or subsequent to the street improvement.

The City is therefore requested not to make any new connections.

Yours truly,
L. M. Hannaford

Real Estate & Tax Agent

Ordered referred to the Director of Public Works

CITY OFFICERS REPORTS

The following reports of City Officers was received and ordered filed.

Acting Auditor of Accounts for March 1925.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance to regulate the construction, repair, alteration and re-

moval of buildings within the City of Newark, New Jersey, adopted July 15, 1924.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That Section 304 of Article XVII of an ordinance entitled "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey, adopted July 15, 1924, be and the same is hereby amended by adding at the end thereof paragraph XXII, as follows:

"Section 304—Interior Stairs"

Paragraph XXII.

1. The Superintendent of buildings may permit the construction, extension or alteration of buildings, each having only one stairway, providing such stairway complies with all the requirements of this ordinance, and also providing that the buildings does not cover a ground area exceeding five thousand (5000) square feet.

2 This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gilien, Howe, Raymond, Mayor Breidenbach.

Commissioner Brennan moved that May 5th, 1925, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room,

second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes

Yeas: Commissioners Brennen, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Gillen: I move that in view of the ordinance fixing Daylight Saving Time for the City of Newark, that the meetings of the Commissioners be held at eleven o'clock, A. M., "Daylight Saving Time" unless otherwise fixed by statute.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennen, Gillen, Howe, Mayor Breidenbach.

Mayor Breidenbach: Any citizen wish to be heard?

Mrs. Anna Stackman, 58 Brookdale Avenue: I have a matter I would like to bring to the attention of the Commissioners.

Mr. Congleton: This is a private matter between Mr. Wolber and this lady, and is not a matter that comes before this Commission at all. It is not a proper

matter to be aired here at this meeting. This lady thinks she has a grievance. She has been to every Judge in this community and to a great many lawyers, and to the Attorney General, and Mr. Wolber, of his own will, asked the Ethics Committee of the Bar Association to investigate this and it has been done. There is nothing that affects Mr. Wolber's actions as City Attorney.

Mrs. Stackman: It is a State matter.

Mayor Breidenbach: Is this a matter pertaining to the City affairs?

Mrs. Stackman: There is no lawyer to help me.

Mr. Congleton: So far as the city's investigation is concerned, I took this matter up with the co-operation of Commissioner Brennen, and the Commissioner has had these matters investigated by Captain Brex, and the matter is entirely closed so far as my Department, or the City's part in the matter is concerned.

Mrs. Stackman: I am sure I don't ask too much if the City helps me. Judges and lawyers are Mr. Wolber's friends.

Commissioner Raymond: I move it be referred to the Corporation Counsel.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennen, Gillen, Howe, Raymond, Mayor Breidenbach.

Mayor Breidenbach: The matter is referred to the Corporation Counsel, Mrs. Stackman.

Commissioner Howe: I move the meeting adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennen, Gillen, Howe, Raymond, Mayor Breidenbach.

The Board of Commissioners of the City of Newark, N. J.

W. J. Egan
City Clerk.

Newark, N. J., May 5, 1925

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners, Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of April 28th were read and approved.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. Frederick Ross: Mr. Mayor and gentlemen of the Commission, I have a proposition that I would ask your honorable board to consider, in reference to a building proposition. A large theatrical company of the city is about to erect a theatre on Springfield Avenue, East Fairmount Avenue and Highland Street. Among the buildings on this property is a six family dwelling practically new, and in every detail modern. Directly across the street from this building is a lot upon which is situated a lot of tumble-down barns and stables. By removing these barns and this building, it would enable us to move this modern, up-to-date six family house across the street. I might mention that Highland Street is a narrow street, a twenty-five foot street. I doubt if there is more than a dozen vehicles pass through it a day.

I find the only infraction of the code is that the building is a three story building. If it were a two story building it would be permissible to move it. It seems to be a pity to tear down a modern,

up-to-date building when the neighborhood could be improved by moving this building across the way—not alone removing a menace to health, but at the same time increasing the taxables of the city. The only infraction is that the building is a three story building instead of a two. Inasmuch as the street is a very narrow street, practically of little use as a highway, all arrangements have been made to move the wires and everything, and it would just require the sanction of this Board to do this. I will assure you that the city will be held immune from any expense. I would respectfully ask this Board to give this matter your serious thought, and give me a speedy answer as the property must be moved by May 15th.

Commissioner Brennan: I might say, Mr. Mayor, I have had this matter under advisement with the Superintendent of Buildings. First I took it up with one of the assistants, or one of the plan examiners—I was unable to get in touch with the Superintendent. Two or three days ago I had a long talk relative to the proposition presented by Mr. Ross with the Superintendent of Buildings, and he informs me that under the Code it cannot be done, unless Mr. Ross is willing to take one story off it. If the two lower stories are left a permit could be given for moving it, but it cannot be given unless we want to amend the Code, and you know, Mr. Ross, how long it is going to take to do that.

Mr. Ross: Would it be permissible for us to move this building across the street and then remove the upper story?

Commissioner Brennan: I don't really know whether that can be done or not,

but I am telling you what his opinion was.

Mr. Ross: It seems to me in consideration of the fact that we are keeping the property in the city's ratables, that we should be permitted to move it.

Commissioner Brennen: A six-family frame house will not be permitted to be built in the City at the present time, and the argument by the Superintendent is that we could not give a permit to move a building where we are not allowed to give a permit to erect one.

Mr. Ross: It seems to me the infraction of the code is so slight, and the advantage attained would warrant passing by the code, which I believe, to a degree is allowed the Commissioners.

Commissioner Brennan: It is allowed by the Code to the Superintendent. His stand is that it is impossible for him to give a permit for the removal of a building on a site on which the same type of building is prohibited from being erected. If the upper story is taken off we see no objection to giving the permit.

Mr. Ross: Isn't the Commission empowered to waive certain restrictions of the Code?

Commissioner Brennen: Not the new one that they have. It can be waived, of course, by amending it. The Commission has the right to amend it. That would not give you time.

Commissioner Howe: How much time have you?

Mr. Ross: I could probably stretch it out to June 1st. It seems to be a pity

to take out of the tax budget twenty-five thousand dollars in ratables when we at the same time would be removing a menace to health. The barns and stables across the street are vermin-infested, and would be improved, and with a half million dollar theatre going up on the present site of this building the whole neighborhood would be improved.

Commissioner Brennan: The Superintendent admits it would be an improvement, but we cannot give a permit for moving on to a piece of real estate, a property that we cannot give a permit to erect.

Mr. Ross: I guess there is nothing we can do.

Mayor Breidenbach: Any other citizen wish to be heard?

No response.

Commissioner Gillen introduced the following ordinance, and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to authorize the improvement of Military Park in connection with the erection of the Van Horn Soldiers' and Sailors' Monument, and providing for the financing thereof.

The Board of Commissioners of the City of Newark, Do Ordain:

1. That the improvement of Military Park by the construction of a granite coping, bronze fence and bronze work

and concrete pool and the necessary plumbing work, all in connection with the erection of the Van Horn Soldiers' and Sailors' Monument, in accordance with the plans and specifications on file in the office of the Director of the Department of Parks and Public Property of the City of Newark, together with the removal of the Kearny Monument from its present location to new location, be and the same is hereby authorized.

2. That the total cost of said improvement shall not exceed the sum of Sixty Thousand Dollars (\$60,000.)

3. Pursuant to the provisions of—
SECTION 13 OF CHAPTER 252 OF
THE LAWS OF 1916, AND THE
ACTS AMENDATORY THEREOF
AND SUPPLEMENTAL THERETO
there shall be issued temporary improvements bonds of The City of Newark, to be known as "Park Improvement Bonds", in an aggregate principal amount not exceeding Sixty Thousand Dollars (\$60,000), bearing interest at a rate not exceeding six per centum per annum, payable semi-annually, for the purpose of temporarily financing the cost of the improvement aforesaid and all incidentals connected therewith in order to make the same suitable for said purpose. All other matters in respect of said temporary improvement bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and of—

CHAPTER 252 OF THE LAWS
OF 1916, AND THE ACTS AMEN-
DATORY THEREOF AND SUP-
PLEMENTAL THERETO, and the

Director of the Department of Revenue and Finance is hereby authorized to issue said temporary improvement bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor, and City Clerk are hereby authorized and directed to execute said bonds, or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of Sixty Thousand Dollars (\$60,000) to be raised by the issuance of said temporary improvement bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

5. This ordinance shall take effect immediately.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

Commissioner Raymond: Before the

City Clerk takes up the regular business I would like to say a word about this waiver. I presented to you, for your signatures, this morning, a resolution whereby Newark waives the provision of Chapter 71 of the Laws of 1916, requiring the holding of a hearing for the Borough of Glen Ridge, and the Town of Bloomfield. They want to come into the Wanaque Development and participate in the cost, and legally we should have to have a hearing, unless it be waived. Of course, Newark is anxious to have all the surrounding municipalities join in this great development, and to expedite matters I have asked you to sign this resolution which I think I had better not sign, because I am a member of the North Jersey District Water Supply Commission as well as this Commission. This becomes almost the final step to get in all the towns around us, and they will then begin to contribute to the expense of the development, and we will be perfectly safe to go on and complete it. We will have left about thirty million gallons of water a day as our share.

Copmissioner Brennan offered the following resolution:

WHEREAS, application has been made to North Jersey District Water Supply Commission by the Borough of Glen Ridge and the Town of Bloomfield, setting forth their desire to take water from the Wanaque water supply in the amounts of 750,000 and 4,000,000 gallons, respectively, per day, and said commission having fixed Thursday, May 21, 1925, at 10:30 in the forenoon, at the office of the Commission, 20 Clinton Street, Newark, New Jersey, as the time and place for a hearing on said applications, and notice of said hearing hav-

ing been given to the City of Newark.

THEREFORE, BE IT RESOLVED
By the Board of Commissioners of the City of Newark, that the City of Newark does hereby waive the provisions of Chapter 71 of the Laws of 1916, as amended, requiring the holding of said hearing, and does hereby authorize said North Jersey District Water Supply Commission to negotiate two contracts between the said Borough of Glen Ridge and said Town of Bloomfield, respectively, and said North Jersey District Water Supply Commission, and The City of Newark, for participation in said Wanaque water supply to the extent of 750,000 and 4,000,000 gallons per day, respectively, said contracts when negotiated to be subject to the approval of said The City of Newark.

Newark, N J, May 12th, 1925.

A regular meeting of the Board of Commissioners was held on the above date, in the Commissioners Chamber, City Hall, Newark, at 11 a. m.

Present: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

The minutes of meeting of May 5th
were read and approved.

Mayor Breidenbach: Any citizen
wish to be heard?

(No response).

The City Clerk presented An ordinance
to provide for the construction of a
sewer in Lister Avenue, from Brown
Street for a distance of about 1360 feet
easterly, and stated that today was the
time fixed for hearing on the same.

The Board then entered upon said
hearing.

Mayor Breidenbach: Any citizen wish
to be heard?

(No response).

No one appearing, Commissioner
Brennan moved that the hearing be
closed.

The roll being called, the motion was
declared adopted by the following
votes

Yeas Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

Commissioner Raymond moved that
following ordinance be taken up on sec-
ond reading:

An ordinance to provide for the con-
struction of a sewer in Lister Avenue
from Brown Street for a distance of
about 1360 feet easterly.

The roll being called, the motion was
declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
ler, Howe, Raymond, Mayor Breiden-
bach.

The clerk then read the ordinance by
sections:

Title declared open to amendment.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

The City Clerk presented An ordinance to provide for the opening of Bay View Avenue, 50 feet in width from its northerly terminus northerly about 185 feet to Chancellor Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. Alfred T. Beckwith, 786 Broad Street: We object, not to the opening of the avenue, but to the assessment, assessing Dr. Ward, on the north side of Chancellor Avenue.

Commissioner Raymond: I don't know whether it will affect him very much. We thought it was best to do it at this time.

Mr. Beckwith: He owns the land on the north side of Chancellor Avenue.

Mr. Klee, 315 Chancellor Avenue: I am on the north side of Chancellor Avenue and I don't see where I would receive any benefit. I am on the corner.

Commissioner Raymond: I don't see how it could benefit you. It is a small assessment and ought to affect the people along the line of it more than any one else. I don't see how this could come in very strongly on you. It is an improvement we had better make at this time.

Mr. Klee: If the improvement took place on the north side of Chancellor Avenue it would affect us, but this way I don't see how it affects us any because we haven't any benefit whatever.

Commissioner Raymond: The argument should be made to the Assessment Commission, and you will have an opportunity to go there. I don't see how they could say you were benefited very much.

Mr. J. C. Canniff: I own the property on the south of the proposed opening, and I am in favor of having it opened at this time.

Commissioner Raymond: I don't think it would affect property owners on the north side of the street.

Commissioner Raymond: I move, the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

Commissioner Raymond moved that the following ordinance be taken up on second reading:

An ordinance to provide for the opening of Bay View Avenue, 50 feet in width from its northerly terminus north-
erly about 185 feet to Chancellor Ave-
nue.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

The City Clerk presented "An ordinance to provide for the grading, curbing, flagging and paving of Pennsy Place from Garibaldi Avenue to Pershing Avenue with asphalt pavement (1½-in top—1½-inch binder) on a six (6) inch concrete foundation," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

The following named persons protested against the ordinance: Carmine LaSalle, 40 Garibaldi Avenue; Imelda

Lyons, 18 Pennsy Place; Albert Schreir, 29 Garibaldi Avenue; Mary Dorso, 30 Garibaldi Avenue.

Mrs. Lyons: We do not ask that the street be left as it is, but we are poor people and cannot stand these assessments.

Commissioner Raymond: I think it is better to let it wait then. We will have to put in another ordinance, though.

Mr. William J. Filipowicz: Some people in this neighborhood are willing to have it paved. They are not present, but they are in favor of it. These people are all satisfied, but they would like to have it a little cheaper.

Commissioner Raymond: You would not be able to lay a cheaper pavement. We can put in another resolution to grade the street and curb it. Would it improve the value of the property?

Mrs. Lyons: It will, but we cannot afford it.

Commissioner Raymond: Would you be satisfied with the grading and curbing?

Mr. Filipowicz: I would like to have it done right.

Mr. Congleton: If this petition contains all the names it is supposed to, we cannot proceed.

Mr. Filipowicz: I understood McClellan Street would be widened, and we are right next to it.

Commissioner Raymond: I move the public hearing be closed and that the ordinance be laid over to next Monday, in order to study whether or not we can lay a cheaper pavement or not.

Commissioner Brennan: I move that when the business of today is disposed of, that we recess until Monday, May 18th, 1925, at eleven o'clock Daylight Saving Time, or ten o'clock, Standard Time.

The roll being called on the motion of Commissioner Brennan was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Raymond, Mayor Breidenbach.

crete foundation,' and stated that today
was the time fixed for hearing on the
same.

The Board then entered upon said
hearing.

Mayor Breidenbach: Any citizen wish
to be heard?

Commissioner Raymond: The same
protest is made in connection with this
ordinance, as was made in connection
with the Pennsy Place ordinance. I
move that the public hearing be closed
and the ordinance laid over until next
Monday.

The roll being called, the motion was
declared adopted by the following votes:
bach.

Yeas: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-

ton Place to Bayview Avenue,” and
stated that today was the time fixed for
hearing on the same.

The Board then entered upon said
hearing.

Mayor Breidenbach: Any citizen wish
to be heard?

Mr. J. C. Caniff: There is a sewer
in a portion of Keer Avenue from Aldine
Street, east. I don't know whether the
Engineers have taken that into consider-
ation, but we built in a sewer, one hun-
dred and twenty-five feet from Aldine
Street, east, and the provision of this
ordinance is from Clinton Place to Al-
dine Street.

Commissioner Raymond: This is a
storm water sewer.

Mr. Caniff: I wanted to bring that
to the attention of the Commission. This
is the storm sewer? Does that extend
up to Bayview Avenue?

Mr. Rankin: Yes.

Mr. Caniff: Right up there is the
ridge, and the question is whether that
sewer is to be put through to Summit
Avenue.

Mr. Rankin: The water flows the
other way.

No one else appearing, Commissioner
Raymond moved that the hearing be
closed.

WHEREAS, Winthrop D. Mitchell, Surviving Executor of and Trustee under the last will and testament of Matthias M. Dodd, deceased, by instrument, in writing, dated May, 1925, dedicated to the public use forever as and for a part of Washington Street certain lands more particularly described in the aforesaid instrument in writing and being all of the lands and real estate or rights and interests therein required to be taken of said estate by The City of Newark under the provisions of a certain local improvement ordinance entitled: "An ordinance to provide for the opening and widening of Washington Street on the easterly side thereof from Bank Street to Warren Street by the addition thereto

or a strip of land 16½ feet in width measured from the corner line," passed by the Board of Commissioners on final reading July 8, 1924; and

WHEREAS, said dedication is made subject to the following conditions:

1. That the City of Newark shall pay to the said Winthrop D. Mitchell, Surviving Executor of and Trustee under the Last Will and Testament of Matthias M. Dodd, deceased, the sum of twenty-nine thousand dollars (\$29,000), as damages to the building upon said dedicated premises, and that said estate shall have the right and privilege of removing said building from said premises.

2. That any assesment or assessments to be imposed upon said estate, or its assigns, or upon the lands now owned by it in said City of Newark, for or in connection with or as a result of the widening of said Washington Street shall not exceed one dollar (\$1.00), or in the event that any such assesment or assessments shall exceed such amount, the excess thereof shall be borne by said City of Newark, which shall at all times indemnify and save harmless said estate, or its assigns, of and from any and all assessments, damages, costs or expenses of whatsoever kind in excess of said sum arising from or in connection with the widening of said street or highway or resulting therefrom; it being expressly understood and agreed, however, that nothing in said instrument contained is intended to or shall in anywise relate to or relieve said estate or its assigns, or any lands or premises at any time owned by it or them, of and from the

payment of any assessments for benefits which may be lawfully assessed against it or them or against any such lands or premises for or on account of the cost of the grading, paving, curbing, flagging or otherwise improving said street or highway after the same shall be opened and widened, or from the payment of any assessments for benefits which may be lawfully assessed against it or them or against such lands and premises for or on account of the cost of the widening of Washington Street at Market Street or from the payment of any assessments for benefits which may be lawfully assessed against it or them or against any such lands or premises for or on account of the cost of the change of grade of Washington Street at the Morris Canal.

3. That such dedication of said lands and premises expressly qualified as provided in the foregoing paragraph, shall be forthwith legally accepted by the said The City of Newark; and

WHEREAS, The City of Newark, acting by its Board of Commissioners, being the governing body of such municipality, deems it advisable to accept said dedication of the lands and premises described in said instrument in writing dated May, 1925, for the purposes aforesaid, upon the terms and conditions set forth therein;

THEREFORE, BE IT RESOLVED by the Board of Commissioners of The City of Newark that said strip of land more particularly described in said instrument in writing from said Winthrop D. Mitchell, Surviving Executor of and

Trustee under the Last Will and Testament of Matthias M. Dodd, deceased, to The City of Newark, dated May, 1925, be and the same is hereby accepted as and for a public street and highway forever, subject, however, to the terms and conditions stated therein, and that said strip of land constitute a part of said Washington Street, in the City of Newark, when such street is widened.

The Board of Commissioners of
The City of Newark, N. J.

W. J. Egan
City Clerk

Newark, N. J.

An adjourned meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Newark, at 11 A. M.

Present: Commissioners Brennan Gillen, Howe, Raymond, Mayor Breidenbach.

The minutes of meeting of May 12th were read and approved.

Mayor Breidenbach: Any citizen wish to be heard?

(No response).

The City Clerk presented an ordinance to provide for the grading, curbing, flagging and paving of Pennsy Place from Garibaldi Avenue to Pershing Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation", and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. William A. Filipowicz: We filed a petition that Garibaldi Avenue, Pershing Avenue and Devlin Avenue should be paved, and now, lately less than a week ago a petition was filed against it on account a few residents don't want to have the streets repaired, but the majority is in favor that the street should be paved, and if possible it should be cheaper, it shouldn't be so expensive

Mayor Breidenbach: You are in favor of the paving?

Mr. Filipowicz: Yes.

Mayor Breidenbach: Any other citizen in favor of the paving?

Mr. Philip Viero, 23 Garibaldi Avenue.

Mr. Policastro, 37 Garibaldi Avenue: The petition we signed last time, we did not sign against the paving. We signed, if possible, the street should be made cheaper, but if it is not possible we are satisfied the way you think best.

Mrs. Lyons, 18 Pennsy Place: We are opposed to the paving.

Mr. Albert Schreir, 29 Garibaldi Avenue: We brought up a petition last week opposing the paving. I live on Garibaldi Avenue.

Mr. Carmine LaSalle, 40 Garibaldi Avenue: I don't want it paved, I wouldn't want it paved very heavy—an inch and a half is enough.

Mr. Filipowicz: Mrs. Lyons says she represents Garibaldi Avenue. Mrs. Lyons has no property on Garibaldi Avenue whatever. She has property on Pennsy Place.

Commissioner Raymond: So far as Garibaldi Avenue goes, fifty-seven per cent of the owners want it paved. More than half want it paved. These protests are all mixed up.

Mr. Congleton: The names are all on one protest.

Commissioner Raymond: More than

half want that paved, and exactly half want Pennsy Place, but only thirty-one per cent want Pershing Avenue paved. In view of that we can let Pershing Avenue go.

Mrs. Lyons: I don't want Pennsy Place paved. I own one hundred and thirty-six feet front there.

Mr. William Smith: I appear for ernor Voohees, the Executor of the Eisemann Estate which owns the southerly portion of Pershing Avenue. We are opposed to the paving of Pershing Avenue.

Commissioner Raymond I move that we proceed to the consideration of the ordinance at this time. I move that the public hearing of the ordinance providing for the grading, curbing and flagging of Pennsy Place be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

Commissioner Raymond: Just exactly half of the people want that done. Shall we pave it or not?

Mrs. Lyons: I am the only one who lives there and can't do it.

Commissioner Raymond: I move that the ordaining clause of the ordinance to provide for the grading, curbing, flagging and paving of Pennsy Place be stricken out.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

The City Clerk presented "An ordinance to provide for the grading, curbing and paving of Devlin Avenue from McClellan Street to Pershing Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation", and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Breidenbach: Any citizen wish to be heard?

Mr. La Salle: I live between Garibaldi Avenue and Devlin Avenue, and I got 120 feet deep on Devlin Avenue, and 73 feet on Garibaldi Avenue.

Commissioner Raymond: Do you want it paved?

Mr. LaSalle: I want it paved but I don't want the high price.

Commissioner Raymond: The other wouldn't pay you. You would be wasting your money.

Mr. LaSalle: Can't you put an inch and a half of stone on?

Commissioner Raymond: No, it won't last. It must be done right or not at all.

Mayor Breidenbach Any one else-
where on Devlin Avenue?

(No response).

Commissioner Raymond: There is no
petition for it. Do you want it paved?

Mr. LaSalle: No. It costs too much
money.

Commissioner Raymond moved that:
the public hearing be closed.

The roll being called, the motion was
declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

nue from McClellan Street to Pennsy
Place with asphalt pavement (1½" top-
1½" binder) on a six (6) inch concrete
foundation", and stated that today was
the time fixed for hearing on the same.

The Board then entered upon said
hearing

Mayor Breidenbach Any citizen wish
to be heard?

(No response).

Commissioner Raymond: I move the
public hearing be closed.

The roll being called, the motion was
declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Raymond, Mayor Breiden-
bach.

May 19th and 26th

Newark, N. J., May 19, 1925

The organization meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark.

The Board was called to order at Twelve o'clock noon, Eastern Standard Time (One o'clock P. M. Daylight Saving Time), by William J. Egan, City Clerk.

The following Commissioners were present:

Commissioners Brennan, Gillen, Howe, Murray and Raymond.

Prayer was then offered by Rev. Charles L. Gomph of Grace Episcopal Church.

Thereupon each of the Commissioners-elect took his oath of office which was administered by Hon. Edwin C. Caffrey, Judge of the Court of Common Pleas.

The following certificates were then read and presented by each of the Commissioners:

Office of the City Clerk,

W. J. Egan,
City Clerk of Newark, N. J.

THIS IS TO CERTIFY, That Charles P. Gillen was elected at a Municipal Election, held in Newark, N. J., May 12th, 1925, to the office of Commissioner of Newark and has qualified for said office in the manner required by law.

IN TESTIMONY WHEREOF, I have hereunto set my hand and affixed the seal of the City of Newark, this 19th day of May, A. D., 1925.

W. J. Egan,
City Clerk of Newark, N. J.

City Clerk Egan then announced the first order of business would be the election of a temporary Chairman.

Commissioner Brennan I move, Mr. Clerk, that Mr. Charles P. Gillen be nominated as temporary Chairman.

Commissioner Howe: I second the motion.

City Clerk Egan: Any further nominations?

Commissioner Howe: I move that the nominations be closed.

The roll being called, the motion to close nominations was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Raymond, Murray.

Not voting: Commissioner Gillen.

The roll was then called on the nomination of Commissioner Gillen for temporary Chairman, and he was declared elected by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Raymond.

Not voting: Commissioner Gillen.

Commissioner Gillen: Gentlemen: I thank you for this temporary honor. It is the first time that I have had the distinction and honor of presiding over the City Commission since I relinquished the Chair of Mayor four years ago, and I am very happy to know this is not a permanent job. The first order of business will be the election of one Com-

missioner to preside at all meetings of the Board, who shall be designated the Mayor.

Commissioner Gillen offered the following resolution:

RESOLVED: By the Board of Commissioners of the City of Newark, That Commissioner Thomas L. Raymond be and he is hereby chosen to preside at all meetings of the Board of Commissioners of the City of Newark, and he is hereby designated the Mayor of the City of Newark.

Charles P. Gillen
William J. Brennan
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe.

Nay: Commissioner Murray.

Not Voting: Commissioner Raymond.

Mayor Raymond then assumed the Chair.

Commissioner Gillen: Mr. Mayor, allow me, for myself and for my colleagues, to congratulate you upon your selection as Mayor of the City of Newark. It is a very high and responsible position and honor, which you have held before, and which we know you will now hold with great credit to yourself, to the City of Newark, to the people of Newark, and with further honor. May I bespeak for you, in behalf of the people

of Newark, complete success and satisfactory service, for the term you will hold the office of Mayor.

Mayor Raymond: Commissioner Gillen, and fellow Commissioners; fellow citizens of Newark; I am sure this is a great honor that has been done me today, and while it is not the first time I have held this position, it is the first time I have held it under the Commission form of Government. I do not think this is the occasion, since it is late and there is much to be done, for me to make much of a speech, but I wish to say that notwithstanding much that has been said, it is a very great responsibility to assume the official leadership of the City, to represent the City of Newark on occasions when such representation is necessary, and to preserve in the office and for the office that dignity which goes with it. I shall do my best, during my term of office, to be fair and just as Chairman of this Board, and do my utmost to keep step with the progress of our great and beloved city. The City of Newark is at a turning point, and these Commissioners that you have put into office today will be the guardians and stewards of the new life that Newark will shortly live, and our responsibilities are great, our duties are many, and I know that we all feel that we want to perform them to your satisfaction and with justice and righteousness in the sight of God. I thank you.

The next order of business is the election of a City Clerk

Commissioner Brennan offered the following resolution:

RESOLVED: That William J.

Egan be and he is hereby appointed City Clerk of the City of Newark, for a term of four years; said appointment to take effect immediately, at the salary of Eight Thousand (\$8,000) Dollars; and,

BE IT FURTHER RESOLVED, That said William J. Egan shall forthwith file a bond, in the sum of Twenty-five Thousand Dollars (\$25,000) for the faithful performance of the duties of his said office.

MINUTES OF MEETINGS
OF THE
Board of Commissioners

JUNE, 1925

Newark, N. J., June 2, 1925

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of May 26th were read and approved.

Mayor Raymond: Is there any person here who desires to be heard by the Commission?

Mr. Marcus E. Huss: I am here on the proposition of re-zoning on 12th Street, on that block bounded by Fourth Avenue, 12th Street and Springdale Avenue. One-half of the block is industrial and the other half is residential. Some weeks ago we petitioned to have the other half of the block all made residential, but in discussing the matter we came to an understanding with the Crocker-Wheeler people that instead of being zoned for industrial we would make it for business, and we have all agreed to change it from the condition it is in, with the exception of seventy five feet from Fourth Avenue, which we want to remain residential, and the rest, up to one hundred feet from Springdale Avenue made business.

Mayor Raymond: That is the recommendation of the zoning board. I will ask the clerk to read the recommendation:

The clerk then read the letter as follows:

April 17, 1925.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

Your communication of March 10th enclosing a petition asking that the east side of North 12th Street between Fourth Avenue and Springdale Avenue be changed from an industrial to a residence district was taken up at the meeting of the Board of Adjustment held on March 19th, and received final action at the meeting of April 16th.

The Board of Adjustment respectfully recommends that the east side of North 12th Street beginning at a point 75 feet north of Fourth Avenue and running to a point 100 feet south of Springdale Avenue be changed from an industrial district to a business district.

The above recommendation meets with the approval of the petitions and also with the representatives of the Crocker-Wheeler Co., owners of the property involved.

Respectfully submitted,
R. B. Rankin,
Secretary, Board of Adjustment.

Commissioner Brennan: I move that the communication be referred to the Law Department for the purpose of preparing an ordinance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance to amend an ordinance entitled "An ordinance creating in the Department of Public Safety an Electrical Bureau, and providing for the control and regulation of the installation and inspection of electrical wires, apparatus and appliances in the City of Newark, and for the appointment of inspectors and defining the powers of said Board and the duties of said inspectors," adopted April 3, 1919", and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing

Mayor Raymond: Is there any citizen who desires to be heard?

(No response)

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

All as shown on a map prepared under the direction of this Board which map is hereto attached and made a part hereof, and a copy of which map is on file in the office of the Chief Engineer, Department of Public Affairs, known and designated as No. 1003G, dated March 25, 1925.

Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Section 2. That Plane Street shall be paved and repaved from Academy Street northerly to a point 51 feet south of the southerly curb line of Plum Street to the newly established grade, with napped, recliipped granite block pavement on a new 6 inch concrete base, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an

act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 25, 1925, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvements the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street with thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 3. That said improvements shall be undertaken as local improvements and the cost thereof shall be assessed against the property benefited by said improvements, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 4. That the sum of \$25,000.00 is hereby appropriated to pay the costs of said improvements, and for the pur-

pose of meeting said appropriation and temporarily financing said improvements, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$25,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 5. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

May 26, 1925.

Hon. Commissioners

of Newark, N. J.

Gentlemen:

There is a work unfinished in regard

to establishing a City Line with Belleville around the Morris Canal, and the open ditch.

The Honorable Belleville Tax Assessors said you refused to take about 44 more lots from my map, see between two red lines try to agree to finish up the job. Don't line troubles to future people.

Your servant,

Jerald Maioran,

184 Belmont Avenue,

Silver Lake, N. J.

Commissioner Brennan: I move that it be referred to the Director of the Department of Public Affairs.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray and Mayor Raymond.

May 21, 1925.

The Board of Commissioners
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day, a public hearing was held on the application of Mr Frederick W. Wilderotter, on behalf of the Sanford Heights Development Co., to amend the Building Zone Ordinance so

as to change the Sanford Avenue frontage of this tract from a residence to a business district.

As a result of this hearing the Board of Adjustment respectfully recommends that a part only of this frontage be so changed,—namely, both sides of Sanford Avenue from a point twenty-five feet north of Mount Vernon Place to a point twenty-five feet south of Mountain View Place.

Respectfully submitted,

R. Rankin,

Secretary Board of Adjustment.

Commissioner Gillen: Sanford Avenue is thoroughly residential, particularly in that district. This is Sanford Avenue near the Irvington line. I think it would be a dangerous thing to change it into business.

Mr. Congleton: This was the outcome of an agreement with the various property owners. They are taking one little section for stores.

Mayor Raymond: Suppose we lay the recommendation over for a couple of weeks to give us a chance to inspect the property. That will also give the people a chance to be heard.

Commissioner Gillen: I move it be laid over for two weeks for inspection by this Board.

Mayor Raymond: I don't think we ought to inject business properties into

residential sections. I think the better way is to fix two weeks from today for a hearing. At that time the commission will be glad to hear the views of the citizens on the matter.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray and Mayor Raymond.

The Board of Commissioners of The City of Newark, N. J.

W. J. Egan, City Clerk.

Newark, N. J., June 16, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of June 9th were read and approved.

Mayor Raymond: There was a hearing fixed for this morning on the action of the Board of Adjustment in the changing of Sandford Avenue from a residential to a business district. It was recommended that a part of this frontage be changed, about twenty-five feet north of Mount Vernon Place to twenty-five feet south of Mountain View Place.

The clerk then read the following communication:

May 21, 1925.

The Board of Commissioners,
of the City of Newark.

Honorable Sirs:

At a meeting of the Board of Adjustment held this day, a public hearing was held on the application of Mr. Frederick W. Wilderotter, on behalf of the Sandford Heights Development Company, to amend the Building Zone Ordinance so as to change the Sandford Avenue frontage of this tract from a residence to a business district.

As a result of this hearing the Board of Adjustment respectfully recommends that a part only of this frontage be so changed, namely, both sides of Sandford Avenue from a point twenty-five feet north of Mount Vernon Place to a point twenty-five feet south of Mountain View Place.

Respectfully submitted,

R. B. Rankin,

Secretary Board of Adjustment.

Mayor Raymond: Is there any citizen who desires to be heard?

Mr. Frederick Wilderotter, Essex Building, Newark, N. J.

Mr. Chairman and members of the Commission, I am President of the Sandford Heights Development Company, which is the owner of this property, and Mr. Slickhart is the Secretary. I don't know whether you want to hear us first or the objectors.

Mayor Raymond: You may proceed.

Mr. Wilderotter: This matter was argued out before the Board of Adjustment, and both sides were heard, and as I stated at that time, we are the owners of three hundred and twenty forty-foot lots to the east and west of Sandford Avenue, and we find it necessary to have stores on Sandford Avenue to take care of our people. The nearest store is at the corner of Stuyvesant and Clinton Avenues, perhaps about three-quarters of a mile, and we

find it essential to have stores there to take care of our people. We own all the lots and we have built one house on Sandford Avenue on the fifty feet of the land that the Board of Adjustment has granted us. In addition to the finding of the Board of Adjustment I was going to ask the Commissioners to change the ruling of the Board for this reason, that they have granted us business on fifty feet upon which there is now a dwelling, and they have granted us twenty-five feet on four corners. Now it is impossible for us to build a store on twenty-five feet, and I was going to ask the Commissioners to make the four corners on which they have granted us twenty-five feet, fifty feet, and to cut out the fifty feet upon which we have built a dwelling.

Commissioner Howe: Why is it impossible to build a store on twenty-five feet?

Mr. Wilderotter: We were going to build stores of the "English" type which would be rather broad, than high. We have a plan to build on fifty feet so as to make the stores look squatty, and fitting to the neighborhood. If we build a store on twenty-five feet it would not look as well as if we built on fifty feet.

Commissioner Murray: Would the fifty feet be two stores or one?

Mr. Wilderotter: It would probably be two. We wouldn't put any stores in there which would hurt our own tract immediately adjoining on the rear. We are building one-family houses and the property is restricted to one-family

houses, and we wouldn't put anything on there which would hurt our own property. We are on the avenue to the extent of fifteen hundred feet. We own east and west of the territory that has been granted us by the Board of Adjustment.

Mayor Raymond: You want the Board of Adjustment to go further?

Mr. Wilderotter: We are satisfied to the extent of what they have given us, but should like to have the fifty feet they have granted us—to adjust that and make two of our corners fifty feet.

Mayor Raymond: They start twenty-five feet from the corner?

Mr. Wilderotter: That was their idea. We asked for the whole of Sandford Avenue.

Mayor Raymond: Did any of the Commissioners look this property over?

Commissioner Brennan: I did.

Mr. Wilderotter: We asked for all of Sandford Avenue because we didn't know just where we would place our stores. There were several objectors there and in order to take care of the objectors the Board of Adjustment thought we had better bunch our stores.

Mayor Raymond: You would like to have this recommendation include the right to build upon the corners?

Mr. Wilderotter: Yes, and in order to do that, cut out the fifty feet they

have granted us on which we have built a one-family dwelling. I have a map here of the tract.

Mayor Raymond: Did you bring this matter up before the Adjustment Board?

Mr. Wilderotter: Yes, they said they would allow us twenty-five feet.

Commissioner Murray: You own the side lots running off Sandford Avenue?

Mr. Wilderotter: Yes, three hundred and twenty lots.

Commissioner Murray: If the matter of stores is a matter of convenience to the people in the neighborhood, why don't you put your stores on the side street?

Mr. Wilderotter: They agreed that Sandford Avenue being a County Road that would be the proper place for stores and they could have outside trade. They are entitled to it, I think. We ought to pick out a main thoroughfare for our stores.

Commissioner Howe: You have answered the question yourself. You say outside trade. Outside trade can buy on other streets.

Mr. Wilderotter: Dr. Craster asked me that question. He said, "Isn't it your purpose to make these stores for the convenience of our people, and the convenience of the outside trade?" I said, "Our purpose is that they be for the convenience of our people, but they also should be for the convenience of out-

side people who drive through there. The tradesman is entitled to all the trade he can get.

Commissioner Brennan: Is it fair to make Sandford Avenue a purely business street?

Mr. Wilderotter: Our idea is to build as many stores as we can.

Commissioner Brennan: I am opposed to turning any part of Sandford Avenue into business.

Commissioner Murray: So am I. If you cut into Sandford Avenue for business at any point you open the door to cut into the street anywhere. People have built beautiful homes there. If you break in on that street anywhere you break in everywhere. You ruin a street that the people have made a fine street.

Commissioner Howe: It means you are going to have a lot of automobiles parked along there buying vegetables.

Mr. Wilderotter: Here is a big development. Nobody has ever gone into it to develop this property. Mr. Slickhart and I developed this property. We are going to build three hundred and twenty homes. Are not we entitled to some consideration for stores to take care of our people?

Commissioner Brennan: Why not provide for some of those streets in the rear for business?

Mr. Wilderotter: The streets in the rear and the side streets are not fitted for business.

Commissioner Murray: Stuyvesant Avenue is about the crown of the hill?

Mr. Wilderotter: Yes.

Commissioner Murray: With dwelling houses entirely on Sandford Avenue you leave your side streets open to the view of people going by. It doesn't take people long to find where they can do business. It seems to me an unfair proposition for the people who have built there. Enough people have been chased out of Newark now.

Mr. Wilderotter: The point where we intend to build stores is four hundred feet from the nearest dwelling. We contemplate building one-family houses on Sandford Avenue. We have got to put some stores in to take care of our people.

Commissioner Brennan: You mean to say you are not going to put any buildings on a tract four hundred feet from the stores?

Mr. Wilderotter: That is to the nearest building at the present time.

Mayor Raymond: Any other person wish to be heard in favor of this proposition? No response.

Mayor Raymond: Anybody opposed to it?

Mr. Fred H. Roeber, Sandford Avenue: I am one of the petitioners that was on the petition we presented before the Zoning Board, and of course I can only repeat what I said there, that our objection is to the granting of a business district on Sandford Avenue, because Sandford Avenue has been a residence home street ever since it has been established. The majority of the homes are fifteen to twenty-five feet back from the street line, and the establishment of stores there would certainly spoil the beautiful residential feature of that avenue today. Of course, on the other hand you will admit that a development requires stores to accommodate the people that are buying the homes, and our intention is that if stores are to be built on this tract, which is a very large tract, of course they could be placed on Mountain View Place. There are no homes there today, and there is an opportunity to place stores there to accommodate the neighborhood, but there is another feature besides the residential feature which we also take into consideration. Sandford Avenue is a connecting link between Irvington, Elizabeth and the southern part of Newark. It is also the connecting link between the shore line and the mountain line. All the automobile traffic that goes to the shore from the Oranges and Montclair, and even from New York, use Sandford Avenue, and the same the opposite way, and with the enormous traffic on this avenue now, we feel the building of stores would be a detriment and we ask this Board, of course, to consider our plea and leave the street in the condition it is today, a beautiful residential street, and if stores should

be established for the neighborhood—I will agree that the Stuyvesant Avenue stores, Stuyvesant and Clinton are about a half mile from this territory—we of course today go to the Clinton and Florence Avenue Stores, or we buy on South Orange Avenue. The through traffic will not be a benefit to the stores on that avenue at any time, because when they go through they go to the mountains or they go to the shore, or they are going home from Newark. We all feel it is a residential street and we hope it will be kept that way.

Mayor Raymond: Anybody else?

Mr. Frederick W. Buob: Just a few rebuttals to the remarks of the applicants. He made statements that they came up as guardian angles to develop that section. He fails to state that the owner several years ago refused to sell any property. The issue is now that the buck is to be passed on us for high prices for certain corners on behalf of certain speculators. Ever since this has come there has been nothing but a continuous stream of speculators who think that Sandford Avenue is to be the mecca for stores, and they disregard the rights of the neighbors, stick in any kind of a shack, destroy the building line, and in other words the issue will be this, if you grant this one cut, opening the Chinese wall of residences which is there now, you are going to have an influx of individual applicants who will say, "Well, if you treated him that way, you have got to give it to me," and the sum and substance of it is that these fifteen and twenty thousand dollar homes that people take pride in, will lose all their value. Why I solicited the applicants on the

petition to the Board of Adjustment, and when I mentioned the fact that they wanted to apply for a change, one woman cried, after all their savings had gone into a home suddenly they were to be thrown back into the city from which they moved to avoid this. My petition is to consider the rights of others. If this thing is gone into, there will be one family after the other who can't stand the noise of business, and the result will be that instead of having contented Newarkers you are going to have disgruntled Newarkers.

Mayor Raymond: Any other citizen desire to speak?

Mrs. William Domelick, 79 Mountain View Place: We have been living in that section for the last eight years, and I have had lots of inconveniences going to the stores, and just now they have cut through three or four streets which would make it convenient to go to Stuyvesant Avenue. We don't see why they should want to put up stores on Sandford Avenue.

Commissioner Gillen: I move the hearing be closed and the recommendation of the Board of Adjustment be not concurred in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance:

"An Ordinance changing and establishing the width of the sidewalks of

Broad Street from Bridge Street to the Delaware, Lackawanna and Western Railroad, and from Grant Street to Clay Street on the easterly side; and from Lackawanna Avenue to Washington Street on the westerly side in the City of Newark and requiring the removal of obstructions, projections or encroachments thereon," and stated that today was the time fixed for hearing on the same

The Board then entered upon said hearing

Mayor Raymond: Any citizen wish to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading.

"An Ordinance changing and establishing the width of the sidewalks of Broad Street from Bridge Street to the Delaware, Lackawanna and Western Railroad, and from Grant Street to Clay Street on the easterly side; and from Lackawanna Avenue to Washington

Street on the westerly side in the City of Newark and requiring the removal of obstructions, projections or encroachments thereon."

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The clerk then read the ordinance by sections. Title declared open to amendment.

Under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Section 2. That High Street shall be paved and repaved from a point 10.70 feet north of the northerly curb line of Academy Street northerly 197.3 feet to the newly established grade with old granite block relaid on a new 6 inch concrete base, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated March 30, 1925, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making

of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 3. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 4. That the sum of \$12,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$12,000.00 under and by virtue of the provisions of an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the sup-

plements thereto and amendments thereof, which bonds or notes shall bear interest at a rate not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 5. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That King Street from Broad Street to New Jersey Railroad Avenue shall be graded, curbed, flagged, and paved with asphalt pavement (1½" top- 1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or replacing of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto

and amendments thereof, in accordance with the plans, specifications and profiles dated June 11, 1925, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the cost and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$7,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to

exceed \$7,000.00 under and by virtue of the provisions of an act entitled "An act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that July 7th, 1925, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

An ordinance to provide for the repav-
ing of West Kinney Street from Broad
Street to Washington Street with as-
phalt pavement 1½" top-1½" binder) on
a six (6) inch concrete foundation

The Board of Commissioners of the
City of Newark, Do Ordain:

Section 1. That West Kinney Street
from Broad Street to Washington

Street shall be repaved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incident to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected an account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated June 17th, 1925, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet frontage upon said street

for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$17,700.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$17,700.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission", approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

W. J. BRENNAN
JOHN F. MURRAY, Jr.

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J., June 30, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of meeting of June 23rd were read and approved.

Mayor Raymond: Does any citizen desire to come before the Commission?

Miss Irene R. O'Crowley, Essex Building, Newark: I have a petition on behalf of the owners of property on North Broad Street, which I would like to have read.

The City Clerk then read the petition protesting against the erection of garages on property located at 47 Broad Street.

Miss O'Crowley: Just at the present time this matter is in this situation: it has been brought before the Zoning Board three times and has been turned down. Mr. Eaton got out a writ of mandamus and took the case to the Supreme Court, and the Supreme Court referred it back to the Zoning Board. We went before the Zoning Board three weeks ago and the matter was postponed one week. Last Thursday we were there, and after considerable talk on both sides rehashing the same situation, it was left in this situation.

Mayor Raymond: What is this, an

application to change a location into a residential section?

Miss O'Crowley: This property begins on North Broad Street, right in the center of residences. There is one lady here whose property is within two feet of this run-way for these garages. Then it extends back two hundred feet, right in the very heart of residences. The people on Belleville Avenue have retreated to the rear of their homes for peace and quiet, and the people on North Broad Street all have retreated to the front of theirs. Mr. Eaton wants to build forty-eight garages. He has five by permission and then he has taken over property where he now controls nine, and the noise of those nine garages is almost unbearable, so that these property owners feel that the peace and quiet enjoyment of their land is being threatened. This man has kept it up since 1923. He has threatened these people. I can tell you of threats he has brought to bear on Mrs. Clark to get her to sign a consent. He says he knew he was destroying the street.

Mayor Raymond: What is the legal status of this, Mr. Congleton?

Mr. Congleton: The Board of Adjustment has up to the present time refused each application that has been made. Mr. Eaton carried the case to the Supreme Court and we were successful in sustaining the action of the Board on a technicality. Eaton took the case up on a writ of mandamus, and we insisted the proper writ was certiorari. It is back now before the Board of Adjustment.

Mayor Raymond: The Board has already intimated its intention to you.

Miss O'Crowley: We are now left in this situation: we are to get together with Mr. Eaton and see if we cannot come to some kind of an adjustment to buy this property from him.

Mayor Raymond: Who suggested that to you?

Miss O'Crowley: There was some discussion about putting one large garage there because someone thought thirty-two garages would be such a nuisance, and then they suggested that. That would raise their insurance rates if they put up the one center garage. These people have been put to this annoyance for three years, and they are brought down here at great trouble and expense, and they don't know where it is going to end.

Commissioner Gillen: I think this Board ought to go on record as requesting the Adjustment Board to refuse a permit for the erection of these garages.

Mayor Raymond: I thoroughly agree.

Commissioner Brennan: I second the motion.

Mayor Raymond: Can the motion be broader than that?

Mr. Congleton: I think not; the ordinance as it is prohibits the erection of garages there.

Commissioner Howe: That is as emphatic as we can make it.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen: I move the protest be filed and referred to the Board of Adjustment.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance providing for the construction of a pipe sewer in Clinton Avenue, between Elizabeth Avenue and Badger Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen wish to be heard?

Mr. J. C. McCurdy: I am here with a remonstrance against the proposition of constructing a sewer in Clinton Avenue from Elizabeth to Badger Avenue and the remonstrance is signed by every property owner whom I interviewed or was able to find. Some were out of town, but if the frontage is figured up, we have about eighty-five per cent. of the frontage on both sides of the street.

We have all the facilities we need there. The Avenue is well built up. There are very few vacant lots on the tract.

Mayor Raymond: Will you wait until we find out what the purpose of this ordinance is? Why do we need a sewer there, Mr. Costello?

Mr. Costello: The street is to be repaved and the sewer is inadequate.

Mayor Raymond: The present sewer is said to be inadequate, which is the reason for this ordinance.

Mr. McCurdy: The sewer is abundantly adequate. The situation is just as I have stated in our remonstrance. With your permission I will read it.

Mr. McCurdy then read the petition protesting against the construction of the sewer in Elizabeth Avenue.

Mr. McCurdy: We have the signatures for, I think, eighty-five per cent. of the frontage on both sides of the avenue in that district. I have not interviewed one property owner but what has signed this petition, and I would have every one except that some of them are out of the City, one man is overhauling a house he has just purchased, and I couldn't find him, but none of them—and this notice was not mailed until the 18th of this month—have refused to sign, and if I get time I can bring you the signatures of every inch of that frontage in which it will state we have all the sewers we require. There is no

trouble there whatever. I own 111 feet that runs down toward Badger Avenue, a four story building, and we have all the sewage facilities we need there.

Mayor Raymond: I think the best thing to do is to lay this over two weeks and if either you will come, or some of those who have reason for objecting will come down on Monday morning we will take the matter up with you.

Commissioner Brennan: I move that the hearing be closed and that the petition be referred to Mayor Raymond and the ordinance be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance providing for the vacation of Willet Street from the northerly side of Parkhurst Street northerly to Tompkins Point Road and for the vacation of Tompkins Point Road from the westerly side of Dawson Street northwesterly to the southerly side of Thomas Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does anyone desire to be heard?

The Clerk then read the ordinance as follows:

An ordinance granting permission to the General Electric Company to construct, operate and maintain a double track siding in Eighteenth Avenue as follows: Beginning at a point in the southerly line of Eighteenth Avenue distant 7 feet from the southwesterly corner of Eighteenth Avenue and Jeliff Avenue, thence running northerly on a curve with a radius of 410 feet to the northerly line of Eighteenth Avenue and the lands of the General Electric Company, for the easterly track of said siding; and beginning at a point in the southerly line of Eighteenth Avenue distant 21 feet from the southwesterly corner of Eighteenth Avenue and Jeliff Avenue; thence running northerly on a curve with a radius of 410 feet to the northerly line of Eighteenth Avenue and the lands of the General Electric Company, for the westerly track of said siding.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That permission be and the same is hereby granted to the General Electric Company to construct, operate and maintain a double track siding at grade in Eighteenth Avenue as follows: Beginning at a point in the southerly line of Eighteenth Avenue distant 7 feet from the southwesterly corner of Eighteenth Avenue and Jeliff Avenue; thence running northerly on a curve with a radius of 410 feet to the northerly line

of Eighteenth Avenue and the lands of the General Electric Company, for the easterly track of said siding; and beginning at a point in the southerly line of Eighteenth Avenue distant 21 feet from the southwesterly corner of Eighteenth Avenue and Jelliff Avenue; thence running northerly on a curve with a radius of 410 feet to the northerly line of Eighteenth Avenue and the lands of the General Electric Company, for the westerly track of said siding, for making connections for freight purposes.

Section 2. That such permission be and the same is, hereby given upon the condition and provisions that the said double track siding shall be removed within ninety (90) days after the receipt by the said General Electric Company or its successors, of notice from the City of Newark, ordering the discontinuance of said double track siding; and upon the further condition and provision that the said double track siding shall be changed in grade to correspond to any changes that may be made in the grade of Eighteenth Avenue, and upon the still further condition that the portion of the double track siding, within the limits of Eighteenth Avenue should be constructed with 9-inch Trilby rail and the area between the rails shall be paved with new granite block on a concrete foundation with asphalt and sand filled joints, and that a watchman with proper signals shall be stationed at the crossing whenever necessary to give warning of the passing of cars or locomotives.

Section 3. That the said General Electric Company shall indemnify and save harmless the said City of Newark, its officers, agents and servants from any

and all claim or claims whatsoever for damage to any person, firm or corporation arising from or in any way connected with the granting of said privilege or by reason of the location, grade, maintenance and existence of said double track siding at grade.

Section 4. That such permission be and the same is granted upon the further condition that the said General Electric Company shall file with the Clerk of the City of Newark his written acceptance of the provisions of this ordinance within thirty (30) days of the date on which it takes effect and shall pay on demand to the City of Newark the amount of the cost and expense to the City of all official publications of this ordinance.

Section 5. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance shall be and the same are hereby repealed.

An ordinance to provide for the grading and paving of North 14th Street crossing over the Delaware, Lackawanna & Western Railroad tracks, with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That the North 14th Street crossing over the Delaware, Lackawanna & Western Railroad tracks shall be graded and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever

needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act concerning Municipalities", approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 3, 1925, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purpose of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the costs thereof shall be assessed against the property benefited by said improvement in proportion to the benefits received, under and by virtue of

the provisions of the act above referred to.

Section 3. The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

An ordinance to provide for the repaving of Elizabeth Avenue from Bigelow Street to the West Newark Branch of the Pennsylvania Railroad with asphalt pavement (1½" top-1½" binder) on the old concrete foundation properly repaired and built up, on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Elizabeth Avenue from Bigelow Street to the West Newark Branch of the Pennsylvania Railroad shall be repaved with asphalt pavement (1½" top-1½" binder) on the old concrete foundation properly repaired and built up, on both sides of the street railway tracks with the exception of one foot on each side of said tracks with the necessary new curbing or resetting of the curb, together with all other appurtenances incidental to the repaving

of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled, "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated July 3, 1925, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of his ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement, and the cost thereof shall be assessed against the property benefited by

said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$47,400.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$47,400.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with this ordinance, be and the same are hereby repealed.

Broad Street Association, Inc.

Newark, N. J., July 7, 1925.

The Hon. Board of Commissioners of
the City of Newark, City Hall.

Gentlemen:

At a regular meeting of the Board of
Directors of the Broad Street Association, held on June 29th, the question of
traffic regulation was under consideration.

It was the opinion of the Board that
problems arising in connection with this
important subject could best be solved by
the city with the aid of expert advice.

After considerable discussion it was
resolved to suggest to your Honorable
Body the advisability of engaging a
competent engineer or engineers, who had
had experience in that particular line,
who should, in conjunction with the city
engineers, consider the entire traffic situation in the city and give expert advice
on its regulation and control.

Very truly yours,

Ogden H. Bowers,

Executive Manager.

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N J , July 14, 1925

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gil-
len, Howe, Murray, Mayor Raymond.

The minutes of meeting of July 7th were read and approved.

Mayor Raymond: Is there any person present who desires to be heard on any matter?

Mr. Edgar Bamberger: At present there is a zoning ordinance providing that we can't build over one hundred and fifty feet. I think some other people, and ourselves, contemplate buildings in the future, higher, and we wish to submit to you gentlemen our suggestion that that ordinance be changed from one hundred and fifty feet to two hundred and fifty feet in height.

Mayor Raymond: I think all of the Commissioners are in favor of that. We discussed it in conference this morning, and we all want to help along big buildings in the City. The ordinance is here. While you are here we might introduce it.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend Sections 7 and

8 of an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Section 7 of an ordinance entitled, "An ordinance to amend Sections 7 and 8 of an ordinance entitled: 'An ordinance regulating and restriction the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions'", adopted December 31, 1919, be and the same is hereby amended to read as follows:

"Section 7.—Height Districts.

"For the purpose of regulating and limiting the height and bulk of buildings hereafter erected, the City of Newark is hereby divided into five classes of districts: (a) thirty-foot districts, (b) fifty-foot districts, (c) eight-five-foot districts, (d) one hundred and twenty-five-

foot districts, and (e) two hundred-foot districts; as shown on the height district map, as revised to December 22nd, which accompanies this ordinance and is hereby declared to be part hereof. The height districts designated on said map are hereby established. The height district map designations which accompany said height district map are hereby declared to be part thereof. No building or part of a building shall be erected except in conformity with the regulations herein prescribed for the height district in which such building is located.

(a) In a thirty-foot district no building shall be erected to a height in excess of thirty feet.

(b) In a fifty-foot district no building shall be erected to a height in excess of fifty feet.

(c) In an eighty-five-foot district no building shall be erected to a height in excess of eighty-five feet.

(d) In a one hundred and twenty-five-foot district no building shall be erected to a height in excess of one hundred and twenty-five feet.

(e) In a two hundred-foot district no building shall be erected to a height in excess of two hundred feet nor in excess of twice the width of the widest street on which it fronts. For the purposes of this subdivision, however, no street shall be deemed to have a width of less than fifty feet. Any building or any part of a building fronting on a street within one hundred feet of its intersection with a wider street shall have its height governed on the narrower street by the

width of the wider street. A building situated on an interior lot running through from street to street shall, where the streets are of different widths, have its height governed by the width of the wider street for a distance of 100 feet back of such street if the distance between the two streets is less than 200 feet, and by the width of the narrower street for a distance of 100 feet back of such street if the distance between the two streets is more than 200 feet. A corner building at the intersection of two streets of different widths shall have its height governed on the narrower street by the width of the wider street for a distance of one hundred and fifty feet. Where, under the foregoing provisions, not more than fifty feet of a street frontage would otherwise be subjected to a height limit lower than that allowed immediately beyond both ends of such frontage, the height limit on such frontage shall be equal to the lesser of such greater height limits.

Section 2. That section 8 of said ordinance shall be amended so as to read as follows:

"Section 8.—Towers.

Nothing in this article shall prevent the erection of a tower to any height in a two hundred-foot height district, provided, (1) that the area of such tower above the height limit fixed for buildings by the preceding section shall not be in excess of twenty-five per cent. of the area of the lot, and (2) that an open space shall be left above the height limit fixed for buildings by the preceding section on each and every lot line which is

not also a street line, such open space being at least of the minimum dimensions prescribed for a side yard in an A area district for a building having a height equal to the maximum height of the tower above the curb level."

Section 3. This ordinance shall take effect immediately.

An ordinance to provide for the construction of a pipe sewer in Clinton Avenue between Elizabeth Avenue and Hillside Avenue.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That a pipe sewer shall be constructed in Clinton Avenue between Elizabeth Avenue and Hillside Avenue, the part from Elizabeth Avenue to Milford Avenue to be twenty-four (24) inch pipe, from Milford Avenue to Johnson Avenue eighteen (18) inch pipe and the balance twelve (12) inch pipe. This sewer to be constructed with house connections to the curb lines, together with all the appurtenances necessary to complete the same in accordance with the plans, specifications and profiles, dated July 7th, 1925, and now on file in the office of the Department of Public Affairs, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319), and the supplements thereto and amendments thereof.

Section 2. That said improvement shall be undertaken as a local improvement and the cost hereof shall be assessed against the property benefited by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$10,000.00 is hereby appropriated to pay the cost of said improvement and for the purpose of meeting said appropriation and temporarily financing said improvement, tem-

porary bonds or notes shall be issued from time to time in an amount not to exceed \$10,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission", approved March 22, 1916 (P. L. 1916-525), and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance be and the same are hereby repealed.

An ordinance granting permission to the Prudential Insurance Company of America to erect, construct and maintain a bridge over Bank Street, between Broad Street and Halsey Street, and a bridge over Halsey Street, between Bank Street and Academy Street, in the City of Newark.

WHEREAS, The Prudential Insurance Company of America is the owner of lands on both sides of Bank Street

between Broad Street and Halsey Street, and has erected thereon large office buildings, and is also the owner of lands on both sides of Halsey Street between Bank Street and Academy Street, and has erected thereon and has in course of construction thereon buildings, which, upon completion, will occupy the entire frontage on both sides of Halsey Street, between Bank Street and Academy Street; and,

WHEREAS, The said company desires to erect, construct and maintain a bridge over said Bank Street between its buildings and connecting the same and a bridge over Halsey Street between its buildings and connecting the same, such structures to be artistic and ornamental in construction and to conform substantially with the plans therefor prepared by said company and submitted to this Board, and has requested this Board to give its permission and authority to erect and maintain such structures over said Bank Street and said Halsey Street; and this Board being satisfied that public safety will be better served by granting such permission, and that the public highway will not be obstructed or injured by the construction of the aforesaid bridges, and that the character of the work is such that its construction will not be injurious to the public;

THEREFORE, THE BOARD OF COMMISSIONERS OF THE CITY OF NEWARK DO ORDAIN:

1. That permission be and the same is hereby given to the Prudential Insurance Company of America to erect, construct and maintain over Bank Street in said City of Newark a bridge substantial-

ly of the character and design shown upon the plans of the same presented to this Board by said company and filed in the office of the Superintendent of Buildings, of the Department of Public Safety; said bridge shall be located approximately 235 feet westerly from the westerly side of Broad Street and 139 feet easterly from the easterly line of Halsey Street. The center of the arch of the bridge across said Bank Street shall be approximately 28 feet in height above the surface of said street and the distance from the spring of the arch where said bridge connects with the buildings on both sides of Bank Street shall be approximately 22 feet in height above the surface of the said street. The roof of said bridge shall be approximately 49 feet in height above the surface of said street and the width of said bridge shall be approximately 16 feet.

2. That permission be and the same is hereby given to The Prudential Insurance Company of America to erect, construct and maintain over Halsey Street in the City of Newark a bridge substantially of the character and design shown upon the plans of the same presented to this Board by said company and filed in the office of the Superintendent of Buildings, of the Department of Public Safety. Said bridge shall be located approximately in the center of the block between Bank Street and Academy Street. surface of said street. The roof of said bridge shall be approximately 49 feet in height above the surface of said street and the width of said bridge shall be approximately 16 feet.

That said bridges so to be erected and constructed over said streets shall be ornamental and artistic in design and shall be constructed substantially in accordance with the plans furnished to this Board by said Company and filed as aforesaid.

4. That such permission be and the same is hereby given upon condition and provision that said The Prudential Insurance Company of America, its successors and assigns, shall forever maintain said bridges in good condition and save the City harmless from all loss which may be occasioned by defective construction or which may arise for want of repair, and shall indemnify and save harmless the said City of Newark, its officers, agents and servants, from any and all claims or claims whatsoever to any person, firm or corporation arising from or in any way connected with the granting of said permission.

5. That such permission be and the same is hereby given upon further condition that said The Prudential Insurance Company of America file with the City Clerk of the City of Newark its written acceptance of the provision of this ordinance within thirty days from the date on which it takes effect.

6. This ordinance shall take effect immediately.

Peter A. Cavicchia
Essex Building

Newark, N. J., July 14, 1925.

To the Honorable the Commissioners of
Newark, N. J.

Gentlemen:

I represent a man by the name of Fator who has applied to your Zoning

Board for permission to erect a number of individual garages on a piece of ground situated between Belleville Avenue and Broad Street, only the entrance of these garages is on Broad Street.

This matter has been before the Zoning Board at least half a dozen times in the past two years. We have gone to considerable trouble and expense in securing testimony to prove that it would not be injurious to health nor to a fire risk to the community. We have spent considerable money in getting up plans for the proposed garages. The Zoning Board is very familiar with the entire question.

At a meeting last month no decision was taken because half a dozen objectors who were present were given an opportunity to decide to purchase the land. Instead of their keeping the terms of the agreement made with the Zoning Board they came to protest to your honorable body, and I am told that your Board voted not to have the Zoning Commission grant the permit for this building.

I feel that my client has not been dealt fairly with by the persons who have protested and for your honorable body to take an ex-parte proceeding in a matter of this kind is establishing a rather dangerous precedent in that it makes your Zoning Board powerless to decide questions on their merit, particularly when they have spent so much time as they have in this case to get all the facts.

I respectfully urge that your Board leave this entire question to be settled by the Zoning Board; this will avoid establishing the precedent already mentioned

and the case can be decided on its merits by men who are familiar with the entire question. The piece of ground in question is nothing but a blind pocket; it could not be used for anything else, and expert testimony before the Commission shows that the erection of these garages would not injure the health of the neighborhood, nor would it increase the fire rates. We also have a petition before the Zoning Board signed by residents of the neighborhood who are desirous of having us build these individual garages, and they far out number those who protested the proposed building.

I trust that you will rescind the action that has heretofore been taken in this matter.

Very truly yours,

Peter A. Cavicchia.

Ordered referred to the Board of Adjustment.

Order Sons of Zion
44 East 23rd Street

New York, N. Y., July 9th, 1925.

Hon. W. J. Egan,

City Clerk, Newark, N. J.

Dear Sir:

By unanimous vote of the 16th Annual Convention of the Order Sons of Zion, held on June 20th, 21st and 22nd, in the City of Newark, State of New Jersey, I am directed to convey to you personally as well as to the city officials,

its sincerest thanks and appreciation at the kind hospitality extended to our delegates during their brief stay in Newark.

The Convention further directed me to express to you its heartiest appreciation for your kindly act in displaying the Jewish Flag on the City Hall during the days of our Convention. I am sure that these marks of friendliness displayed on the part of all the City Commissioners have been taken along by the delegates to their respective cities with a feeling of good wishes for your administration.

Respectfully yours,

Jacob Ish-Kishor,
Secretary.

Ordered filed.

Mayor Raymond: A motion to adjourn is in order.

Commissioner Brennan: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN,

City Clerk.

Newark, N J, July 21st, 1925

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The minutes of the meeting of July 14th, 1925, were read and approved.

The City Clerk presented an ordinance entitled "An ordinance to amend Sections 7 and 8 of an ordinance entitled 'An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for said purposes and providing penalties for the violation of its provisions,'" adopted December 31, 1919, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does anyone desire to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to amend Sections 7 and 8 of an ordinance entitled 'An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions,'" adopted December 31, 1919.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was

declared adopted by the following votes:

Yeas: Commissioner Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the title of "An ordinance to amend Sections 7 and 8 of an ordinance entitled 'An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions,'" adopted December 31, 1919, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The Clerk then read the title of the ordinance as follows:

An ordinance to amend Sections 7 and 8 of an ordinance entitled 'An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions,'" adopted December 31, 1919.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance granting permission to the Prudential Insurance Company of America to erect, construct and maintain a bridge over Bank Street, between Broad Street and Halsey Street, and a bridge over Halsey Street, between Bank Street and Academy Street, in the City of Newark, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond Does any person wish to be heard?

Mr. Louis Hood (Fidelity-Union Trust Company, Newark) : I am here opposing the passage of that ordinance, for the Strauss Estate, of which I am one of the trustees. The Strauss Estate owns land at the corner of Halsey Street and Academy Street, and it extends from Academy Street on the west side of the street, all the way to the canal, one hundred and twenty or one hundred and thirty feet. It also extends along Academy Street, I think, about one hundred feet. Now we, as trustees of the Strauss Estate, are opposing the granting of this right, because we think that it is detrimental to the property of the Strauss Estate. We think it is detrimental to the property of the Strauss Estate, because we think that it blocks the view, and blocking the view is detrimental. I don't think there is any question about that, because the Supreme Court and the Court of Errors and Appeals has said, in the Beecher case, that blocking the view is detrimental.

Mayor Raymond: It is a pretty nice blocking of the view.

Mr. Hood: Well, it may be to those who have high notions of art, and an exceedingly aesthetic desire, but the corner of Halsey Street and Academy Street is not exactly within the realm of art. It is a hard, concrete proposition. It means value. The people have the property there, and they, in the course of time will reap whatever benefit there will be in the increase of value. It is a piece of land, with regard to this par-

ticular one, that is just one block away from Broad Street. It is just two blocks away from Market Street. Those are the two important streets in Newark. We have property rights. Property rights are of value. The right of one property owner is as valuable as that of another, and one cannot be sacrificed for the benefit of another except as the law provides, and that is by compensation, and then for a public use. Now the taking of this property, as it will be taken by the passing of an ordinance of this character, seems to me to be destructive of all those things that we appreciate and that we pride ourselves about in a country governed such as ours. Now that is the reason why we offer our objection, blocking that grant. I desire to say in that connection that is indispensable in any legal question that arises. I am told your City Counsel advises you that you have the power to pass this ordinance. I don't propose to question his law here on this floor—there are other places that can be done if it gets to be necessary. But I do want to put up to you the concrete proposition as to whether it is right, in behalf of one property owner, to take the rights of one and to give them to another.

I want to disabuse the Commission of something that apparently seems to prevail. When I inquired about this thing I said I didn't have any knowledge of it until I read it in the newspaper. I called up the City Hall and got information that it was coming up again this morning, and also I got information that this thing was done with the approval of at least the immediate neighborhood. I want to disabuse the Commission of that. There has been no approval so far as I know, and I would know. There hasn't

even been an application for it, and that is all I have got to say.

Commissioner Gillen: There is an application on file, isn't there?

Mayor Raymond: What is your implication, that the neighborhood hasn't had an opportunity to prepare for this hearing? That the rest of the neighborhood hasn't had a chance to appear here? I don't think we want any such situation as that to arise. We want everybody to be heard. I think it would be a good thing, in view of the legal question raised, and in view of the fact there is objection—I think it would be a good thing to lay it over for a while, anyway.

Commissioner Gillen: I move it be laid over for two weeks.

Commissioner Howe: Why doesn't that apply to the hundreds of thousands of apartment houses that are erected, that block the view of small houses?

Mayor Raymond: The objection is that this obstructs the view down the middle of the street.

Commissioner Murray: Who wants to look down Halsey Street, anyway?

Mr. Hood: If you have property down there you might want to look up.

Mayor Raymond: Wouldn't it be better to lay this over, and if the neighbors either approve or disapprove, it would be helpful to know what the neighbors think. I can see where Judge Hood has reason. If the Strauss Estate should want to put up a store, its advertising

chances would be hurt a good deal by such a bridge.

Commissioner Gillen: I move that the further hearing on "An ordinance granting permission to the Prudential Insurance Company of America to erect, construct and maintain a bridge over Bank Street, between Broad Street and Halsey Street, and a bridge over Halsey Street, between Bank Street and Academy Street, in the City of Newark," be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The Clerk then read the ordinance as follows:

An ordinance providing for the vacation of Fourth Avenue from Mt. Prospect Avenue to Clifton Avenue.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That Fourth Avenue from Mt. Prospect Avenue to Clifton Avenue, as the same is laid out on the map of the Commissioners to lay out streets, avenues and squares and also as shown on a map on file in the office of the Chief Engineer, Division of Surveys, Department of Public Affairs, known and designated as No. 1325-V, shall be vacated as a public street or highway, under and by virtue of the provisions of Section 1,

subdivision (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

Section 2. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that August 11th, 1925, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading

The Clerk then read the ordinance as follows:

An ordinance to provide for the vacation of an unnamed road or street, 40 feet in width, parallel to and adjoining the land of the Lehigh Valley Railroad on the southeasterly side thereof and running northeasterly from the easterly side of Meeker Avenue about 1,510 feet to its terminus; Halstead Street from the easterly line of Meeker Avenue northeasterly about 1,530 feet to the centre of Bound Creek, excepting that part of Halstead Street lying within the limits of Noble Street, Victoria Street and Empire Street; Montague Street from the westerly line of Frelinghuysen Avenue to the easterly line of Meeker Avenue; Princeton Street from the westerly line of Frelinghuysen Avenue about 830 feet westerly to the southerly line of Empire Street; Queen Street from the westerly line of Frelinghuysen Avenue about 650 feet westerly to the southerly line of Empire Street.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That an unnamed street or road, 40 feet in width, parallel to and adjoining the land of the Lehigh Valley Railroad on the southeasterly side thereof and running northeasterly from the easterly side of Meeker Avenue about 1,510 feet to its terminus; Halstead Street from the easterly line of Meeker Avenue northeasterly about 1,530 feet to the centre of Bond Creek, excepting that part of Halstead Street lying within the limits of Noble Street, Victoria Street and Empire Street; Montague Street from the westerly line of

Frelinghuysen Avenue to the easterly line of Meeker Avenue; Princeton Street from the westerly line of Frelinghuysen Avenue about 830 feet westerly to the southerly line of Empire Street; Queen Street from the westerly line of Frelinghuysen Avenue about 650 feet westerly to the southerly line of Empire Street, shall be vacated as public streets or highways, as shown on a map on file in the office of the Chief Engineer, Division of Surveys, Department of Public Affairs, known and designated as No. 1224-V, under and by virtue of the provisions of Section 1, subdivision (b) of Article XXII, of an Act of the Legislature of the State of New Jersey, entitled "An Act Concerning Municipalities," approved March 27, 1917, and the acts amendatory thereof and supplementary thereto.

tion on first reading:

The Clerk then read the ordinance as
follows:

An ordinance to authorize further im-
provements in connection with the con-
struction and furnishing of the Conval-
escent Hospital and providing for the
financing thereof.

The Board of Commissioners of the
City of Newark do ordain:

Section 1. That the completion of the
following improvements in connection

with the lands and buildings, known as
Ivy Hill, to be used in conjunction with
the new Convalescent Hospital, in course
of construction, and the Alms House,
both of which are located on said Ivy
Hill tract of land, be and the same are
hereby authorized, to-wit: the enlarge-
ment of the power house so as to supply
light, heat and power to both institu-
tions and the construction of tunnels con-
necting the boiler and engine room of the
alms house with the Convalescent Hos-
pital; the filling in and grading of the
lands around the Convalescent Hospital
and the construction of roadways on said
lands; and the acquiring of the necessary
furnishings and fixtures for the Con-
valescent Hospital.

Section 2. That the total cost of com-
pletion of said improvements shall not
exceed the sum of One Hundred Thou-
sand Dollars (\$100,000.00).

Section 3. Pursuant to the provisions of

*Section 12 of Chapter 252 of the
Laws of 1916, and the acts
amendatory of and supplemental
thereto,*

there shall be issued temporary improve-
ment bonds of the City of Newark in an
aggregate principal amount not exceeding
one hundred thousand dollars (\$100,-
000.00) bearing interest at a rate not ex-
ceeding six per centum (6 per cent.) per
annum, payable semi-annually, for the
purpose of temporarily financing the cost
of the improvements aforesaid and all
incidentals connected therewith in order
to make same suitable for said purpose.
All other matters in respect of said tem-
porary improvement bonds shall be de-
termined by the Director of the Depart

ment of Revenue and Finance, subject to the provisions of this ordinance and of

*Chapter 252 of the Laws of 1916,
and the Acts amendatory there-
of and supplemental thereto,*

and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary improvement bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds, or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

Section 4. The sum of one hundred thousand dollars (\$100,000) to be raised by the issuance of said temporary improvement bonds is hereby appropriated for the purpose for which said bonds are hereby authorized to be issued.

Section 5. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Gillen moved that July 28th, 1925, at 10 A. M. Standard Time, 11 A. M. Daylight Saving Time, or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further

considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The following communication was received and read:

July 17, 1925.

Honorable Board of Commissioners,
City Hall, Newark, N. J.

Gentlemen:

On behalf of over eighty per cent. of the property owners in the neighborhood of Nos. 69-71 Mt. Pleasant Avenue, Newark, New Jersey, owned by Cyril Hamlin, I wish to appeal from a decision of the Building Zone Commission for the following reasons:

1. That over eighty per cent. of the property owners immediately affected have protested by petition and in person to the Board for the granting of said permit.

2. That Cyril Hamlin, the owner, presented to the Board at the meeting, on July 2nd, 1925, a document purported to contain statements of owners of properties in the immediate vicinity of the premises in question. The document was subscribed and sworn to by Cyril Hamlin, before a Notary Public. The state-

ments purported to have been made are false and untrue and the people alleged to have made the statements are willing to sign and swear or appear personally before your Board to refute said statements.

That upon the strength of said statement, presented by Mr. Hamlin, the Board voted to grant the permit.

3. That prior to the presentation of said statement by Mr. Hamlin, a petition of protest was presented and filed with the Board and signed by property holders as above stated.

4. That upon learning of such statement alleged to have been made by them, the property owners personally appeared before the Zoning Commission on July 16th, 1925, and explained to the Board that the statements presented were false and untrue, and also requested the Board to reopen the case and hear it again upon its merits.

5. That the Commission refused to reopen the case after hearing the arguments of counsel and the statements of the property owners.

The property holders feel that their rights are not protected, that statements presented to the Zoning Board were false that the property holders appeared personally to refute the alleged statements and notwithstanding that, the permit was granted.

Under the circumstances, I wish to appeal to your honorable body and ask for a hearing and have the property owners present and also have Mr. Ham-

lin present so that justice may be done and the rights of the property owners protected.

I am notifying the Secretary of the Zoning Board of this appeal to you, and am also notifying Mr. Hamlin that I will appear before you at your next meeting on Tuesday, July 21, 1925.

Very truly yours,

Charles C. Griffoniello,

Attorney of Protesting Property Owners.

Mr. Griffoniello: May I be heard on that question? I represent a number of property owners in the vicinity of 69-71 Mount Pleasant Avenue. There was an application made by Cyril Hamlin, the owner of this property, who does not reside there, to erect certain garages. There are at present six private garages there in addition. The matter originally came up for hearing before the Adjustment Board.

Mayor Raymond: We have no power of supervision over that Adjustment Board.

Mr. Griffoniello: I have a special proposition I would like to bring before this Board. What I want to present to this Board is the fact that they granted that permit on certain statements which were fraudulent. That is the only reason why I came before this Board. Originally the Adjustment Board would not grant the permit and then I understand the application was made again, and the time the application was made,

I think it was on July 2nd, 1925, the applicant presented a statement to the Board which I will read: "The following is a list of property owners affected and the opinions of those concerned: George M. Douglas, much in favor; Thomas Quinn, in favor of garages to be erected in line with houses; Mrs. Condit, in favor, as it would be a help to renting her apartment."

Mayor Raymond: What was the fraud?

Mr. Giffoniello: These statements that were made and presented to the Board were not true. The people who are alleged to have made these statements are here. They were here at the last meeting. The matter was presented to the Board and the Board refused to reopen on the ground it had already allowed the permit. Mr. Hamlin subscribed and swore to these statements. The people say they never made statements of that kind. This paper was presented to the Board and on the strength of that the permit was granted.

Mayor Raymond: The permit to build these garages?

Mr. Giffoniello: Yes.

Mayor Raymond: I am with you entirely on it. I wish I could upset it.

Commissioner Howe: I have talked with people who called here on the first occasion and the Board rejected it. Later on the Board rescinded its former action and the permit was granted. Later on the people told me it had been granted and I informed them they had

signed a statement to the effect that they had withdrawn their objection, which they denied. If that is the case I think the least we should do is to ask this Board if that is so.

Mayor Raymond: I am totally opposed to granting permits in this way. There are few enough living quarters in the heart of the City. I think a motion of that kind might be in order, Mr. Congleton, don't you?

Commissioner Murray: In addition to all that I understand this man has set an arbitrary figure on this property and it may be a case of a forced purpose to save the neighborhood, making his action entirely ulterior. I move this Commission communicate with the Board of Adjustment and request them that they at once, and before any step is taken by the grantee of this permit, reopen the case. They have no right to issue the permit on a fraudulent statement any more than we would have.

Mr. Van Duyne: This permit was granted on the representation by the applicant that the majority of the surrounding property owners were in favor of it. That was the reason.

Mayor Raymond: Your Board would probably be perfectly willing to hear this matter again and reject it. Granted on fraud, you would reject it.

Commissioner Brennan: I would like also to ask you, Mr. Mayor, or Mr. Van Duyne, if a permit has been granted for garages on Broad Street between Belleville Avenue and Broad Street?

Mr. Van Duyne: A permit has

Commissioner Brennan: Do you recall the number who appeared here two weeks ago, headed by Miss O'Crowley, the lawyer? I think it is a crying outrage that people shall be subjected to garages put into a position of that kind where families live all around.

Mr. Raymond: I think it is an outrage.

Mr. Van Duyne: The objectors came before the Commissioners before this case was decided. It was under consideration by the Board and we felt that the objectors were entirely out of order under the circumstances. That permit has been denied at least twice to my knowledge over a period of three or four years, and it was granted because a majority of the property owners abutting had withdrawn their objections, and there seemed to be absolutely no other possible use that could be made of this property, and if the surrounding property owners could have gotten access I believe there would have been a private garage for each one. I think every one of them would have used their back yards for private garage purposes.

Commissioner Brennan: There is a big difference between a private garage and a series of garages where automobiles are coming in and out at all hours of the day and night. I have been informed that the Board of Adjustment, or at least some of them, said that the reason they granted the permit was because those people had the effrontery to go over their heads. I would like to know what the Board of Adjustment is. If this Commission has not got the right

to hear citizens without having the Board of Adjustment feel that they have been belittled, as it were, I think it is pretty near time we found some other Board of Adjustment.

Mr. Van Duyne: It is a thankless job.

Commissioner Murray: This Commission was opposed to the granting of this permit.

Mr. Van Duyne: We were hearing both sides of this case.

Commissioner Murray: A series of individual garages where one fellow may go in at 11 o'clock and other get in later, make impossible living conditions for people with children. The children cannot get any sleep, and the condition just wrecks the neighborhood.

Mr. Van Duyne: It is a residential neighborhood.

Commissioner Murray: The mere fact that they came before this Commission should not have mitigated against them. If people have anything to say they should come here and say it, and there should not have been any feeling that anything was done by the Board was impelled by the fact that they came here. They may have wanted the moral support of this Commission.

Mr. Van Duyne: Very true, if both sides of the case are presented.

Commissioner Murray: The other side has a legal right to come in and the Commission has a right to hear his side. There should be a slight pre-judgment in

favor of the opponents of this sort of thing. People have gotten permits to erect four or five corner garages, meaning the elimination of the safety of the sidewalk. Your Board granted those things. This man has got some land in the back of a block, and he will make that neighborhood a wreck. That is how you drive people out of the City. It is hard enough now to keep a residential section in such condition that people won't go out to the suburbs. A big public garage wouldn't be as much nuisance as this. As soon as a man passes the garage door the noise stops. This nip and tuck system tends to destroy the peace and quiet of the neighborhood in the small hours of the morning and very late at night, and if ten people in a neighborhood object to a garage it should not be permitted to go there under those conditions.

Mayor Raymond: I don't see why one person should have his house ruined because nine others are willing to have theirs ruined. I think a neighborhood, if it is residential, should not be interfered with. I think if one person says, "I want to make my home here," he is entitled to have his home inviolate.

Commissioner Murray: We want to keep as many home-makers in Newark as possible.

Mr. Van Duyne: In perhaps ninety-five per cent. of the cases of applications for garages that come before the Adjustment Board, there is not one where we have not some objection. In any garage case, you see it is necessary for us to send notices to the whole neighborhood that a garage is to be built, and

we always have objectors. We might just as well say we will grant no garage permits whatever.

Mayor Raymond: You ought to say that, and the Commission ought to tell you to. That should be a fundamental rule, not to destroy neighborhoods where people live.

Mr. Van Duyne: It would make our work very much easier.

Mayor Raymond: I don't think we have any right to destroy homes. That is why these laws were passed giving the City the right to protect property owners in their homes. That is why we have jurisdiction here. That is why we created your Board. We created your Board with the intention of carrying out our position.

Commissioner Murray: I don't think there is a single instance where a thing of this sort has improved a neighborhood.

Mayor Raymond: If one person wanted it left as it was, and one hundred wanted it ruined, and the neighborhood had not changed, I wouldn't do it.

Mr. Giffoniello: There is just one man who is willing that these garages be built and he is on Oriental Street, not facing at all any part of these proposed garages. The others are all unanimous against it.

Mayor Raymond: If I wanted to live in the City without going to the outlying sections I would find a hard job. You can't live here in peace and comfort. There is no little quiet street in the City

that anybody can go into today. I think it is a serious matter. I think the Adjustment Board and this Commission ought to get together and look over the map of the City. The uproar around my home is terrible. I can feel a sympathetic brotherly feeling with these people. I think it is an outrage.

Commissioner Gillen: I move this matter be referred back to the Adjustment Board.

Mayor Raymond. I wish you would add to the motion that the Adjustment Board be invited to meet with the City Commissioners and have a conference in this matter. We ought to have a talk with them and find out where they are at and where we are at and what they intend to do. We can look over the map of the City and see if people can't be protected in their homes. Will you include that in your motion, Commissioner Gillen?

Commissioner Gillen: I will include most of it.

Mayor Raymond: It would be better if you put it all in.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: We will fix next Tuesday morning at 10 o'clock. I think that might bring more harmony in action.

A communication dated July 7th, 1925,

from the Passaic Valley Sewerage Commissioners, inquiring when payment on account of the contract for the Passaic Valley sewer will be made, was received and read and on motion was ordered referred to the Director of Revenue and Finance.

Mayor Raymond: Is there any other matter that any of the Commissioners wish to bring up?

(No response).

Commissioner Brennan: I move we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray, Mayor Raymond.

APPROVED:

THOMAS L. RAYMOND
W. J. BRENNAN
JOHN HOWWE
JNO. F. MURRAY, Jr.

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN,

City Clerk.

MINUTES OF MEETINGS OF THE Board of Commissioners

AUGUST, 1925

Newark, N. J., August 4, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gilen, Howe, Murray, Mayor Raymond.

The minutes of meeting of July 28th were read and approved.

Mayor Raymond: Does any person desire to be heard on any matter?

Mr. Louis Hood: I have already been heard in opposition to a certain ordinance. I am simply here to listen this morning.

Mayor Raymond: Are there any people here who desire to be heard on the matter of the proposed bridges to be erected by the Prudential?

Mr. Hurrell: The Prudential is represented.

Mayor Raymond: Any other citizens here besides?

(No response).

Mayor Raymond: I suggest we advance this ordinance now, so that these gentlemen can be heard.

The City Clerk presented an ordinance granting permission to the Prudential Insurance Company of America to erect, construct and maintain a bridge over Bank Street, between Broad Street and Halsey Street, and a bridge over Halsey Street, between Bank Street and Academy Street, in the City of Newark, and stated that today was the time fixed for the further hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Does any citizen desire to be heard? Judge Hood came here two weeks ago and suggested his clients' legal rights are being interfered.

with, their light and their view, I think he put it, and in view of the circumstances the Commission laid the matter over two weeks. I think for your enlightenment it might be well for Judge Hood to re-state his objection.

Judge Hood: I didn't want to use up the time of the Commission by re-stating my objection.

Mr. Hurrell: I was here last week and I heard the objection.

Mayor Raymond: Are there any other citizens represented in this matter. Any property owners in the neighborhood of this proposed street obstruction?

(No response).

Mr. Hurrell: Appearing for the petitioner, gentlemen of the Commission, I was present last week and heard what Judge Hood had to say against the proposed ordinance. I don't intend to read this, but preliminary to my remarks on the subject, as the ordinance states, this bridge must be twenty-eight feet above the center line of the street, and that it shall be of artistic design, "that such permission be and the same is hereby given upon condition and provision that the Prudential Insurance Company of America, its successors and assigns shall forever maintain and preserve in condition and save harmless the said City of Newark from any and all claims whatsoever, to any person, firm or corporation arising from or in any way connected with the granting of said permission."

With that preliminary you see that this ordinance, by its terms, protects the city

from any claim of any kind, and to remind the Commission, which, of course, it already knows, that the Prudential would bend its efforts, if the Commission see fit to grant this permit, towards protecting the City from any claims. I do not represent that we are appearing solely in the public interest in advocacy of this proposed ordinance. I admit frankly the Prudential is asking for this for its convenience. I call your attention to the fact that this great industry has outgrown the confines of its former office buildings, and by virtue of necessity it has to build upon this block, and that block and that block. It will be a great convenience to the transaction of business if these bridges are permitted, in order that the clerks and the employees of the various buildings may have free flow from one building to the other, as though those four buildings were one. It will assist the company in the transaction of its business. It will make it unnecessary for the clerks at noon-hour to go from one building to the other. It would obviate the necessity of the people having to go out in bad weather.

Mayor Raymond: What about a tunnel?

Mr. Hurrell: There is a tunnel from the north building to the main building now.

Mayor Raymond: I think the one point in my mind is that here is a property owner with a possibility of a development of a merchantile business, whose advertising opportunities, I take it from his argument, would be interfered with by a bridge obstructing the view up and down the street, and which to my mind would

be of considerable damage to the property. That is the subject in my mind. I think the Commissioners are very anxious to grant this. The Prudential is a valuable asset to the City. That is the phase of the matter that I think I should like to hear your views on.

Mr. Hurrell: Of course I wish to say that while I make the frank statement that I made previously to protect myself from any come-back, I do feel that these bridges will relieve traffic conditions. I feel there is not only a single interest here. With ten thousand crossings a day, over that street flowing through these bridges, it means that traffic conditions will be relieved considerably. We feel that the private and the public interest tie together, this is not an unusual request. One has to but consider the bridges from the Hudson Terminal Buildings in New York, and Wanamakers, etc. The point you have in mind—the question whether these gentlemen representing the Strauss Estate are going to be damaged—you don't want me to make a legal argument on that?

Mayor Raymond—No, Judge Hood says he will make that later.

Mr. Hurrell: Here we have two citizens, with their various rights. We have the Strauss Estate having come into a large increment in value by reason of the development of the Prudential. That is something that is coming to them. Then comes the question as to the bridge blocking his view. Our proposition will be, and we will be satisfied to defend in Court, as to whether a man has a right to a view through another block—we contend he hasn't.

Reference was made last week here to the old Beecher case, which some years ago the predecessor of this Commission granted the right to bridge Bank Street to the Prudential, and Mr. Beecher went into Court and on a writ of certiorari has the question decided adversely to the City and to the Company. In the old bridge that the old Council granted, the width of Bank Street was narrowed four feet—there were two-foot abutments on the street, and for that reason, and that reason only, the Court decided Mr. Beecher had a right, and when the matter was brought up under the writ for review, the Court found there was no authority in law for this Council to grant that authority. The situation today is different. There is a specific act in which the Legislature has delegated to this Commission the right to allow the building of bridges under proper regulations and there will be no—I am satisfied that there will be no writ of certiorari taken in this action to the courts to review the record, because the authority exists. Neither will there be any restraint by the Court of Chancery.

Mayor Raymond: I was more concerned with the matter of business fairness, regardless of the law. We are advised by our counsel that we may authorize it and we assume that we may.

Mr. Hurrell: As to a question of business fairness, with the bridge projected there is no substantial damage. There is no legal damage and no substantial damage to the Bernard Strauss Estate. Indeed, with the specific legislation on the subject whereby the Commission has the right to do it, and exercising it in that way, that does not defeat the rights of

the public. Where the public convenience will be served, and where the convenience of a large and, I hope, co-operative, taxpayer will be served, and where the legal right exists, then the equities of the case should be weighed, and what are the equities. The Prudential, with between fifty-nine hundred and six thousand people employed, whose convenience is also sought to be served, with a weekly payroll of one hundred and thirty thousand dollars, with a property of over four blocks, the very building up of which is bringing equity to the protestant here, the equities are fairly with the Prudential when they ask to do this, which will not harm the adjacent owners, and which will relieve traffic conditions. The same point urged by Judge Hood in this matter could be urged against anybody placing a hanging sign on the street. He is alleging a right in the light and air in some other fellow's block. He has a right to that light and air, except to the convenient passage of the public. The Prudential, standing in the relation it does to the City Government, is co-operating with the City in this development over on Washington Street. Suppose the geological condition of those streets had been such that we should have said to the City, "We want you to close up those streets and we will build up the whole of the four blocks." The Commission might have granted that permission.

I will say, treating the law of the matter, the Prudential is willing, yea, anxious, to defend this ordinance, if in the wisdom of the Commission it is granted.

Mayor Raymond: The Prudential

dedicated, without charge to the City, certain lands on Washington Street for the purpose of widening that street, from Bank Street to Academy Street, sixteen feet deep. It is only fair to put that in the record.

Commissioner Howe: The Washington Terminal Garage, further up the street, also dedicated sixteen feet.

Mayor Raymond: Have you anything to say in reply to this, Judge Hood?

Judge Hood: I don't know that I have anything to say to Mr. Hurrell. I am glad he has promised to me that there will be no certiorari. I suppose he undoubtedly has basis for making that promise. I merely desire to add one other word. My contention before this Commission, as the Mayor has very clearly stated, is not on the legal side, because I have stated that they can be tested elsewhere. I come before the Commission representing an estate which also is a taxpayer in this community, and I present to the Commission that no one tax-payer, should be preferred over an other taxpayer, that each pays taxes according to his capacity, and the mere fact that one is large and prosperous and the other is not quite so large and prosperous, does not entitle the prosperous one to any unusual favors above those favors that are ordinarily granted to those who own property on a street. I am very glad that Mr. Hurrell referred to the matter of hanging signs. There is a difference, a difference that was quite clearly stated in the opinions in the Beecher case, and that is that no privilege was to be ac-

corded to anyone that could not be accorded to all, without serious inconvenience to the traveling public. I don't think that the Beecher case stands upon the impediment in the street. That, of course, was an item in the case.

Mayor Raymond: How far away is your property?

Mr. Hood: Right at the next corner.

Mayor Raymond: How many feet would you be from the bridge?

Mr. Congleton: The middle of the block, is stated in the ordinance.

Mayor Raymond: How would you be injured?

Mr. Hood: Because of the view, and the business facility for advertising is interfered with. I am presenting this on the practical side of the matter, as to whether or not it is a very desirable thing to have these bridges.

Mayor Raymond: If we could get another Prudential Insurance Company to come here we would promise to give them two bridges, and you would favor it too. We are glad to get big business in Newark. You know that towns make all sorts of offers to get big business. We have big business affording living to thousands of people.

What is your property used for now?

Mr. Hood: Business, stores underneath, and offices, and a business college up above. That is all I have to say.

Commissioner Murray: Doesn't it seem reasonable to suppose that the quickest way to proceed is to proceed with the ordinance and let them take a certiorari?

Mayor Raymond: On the facts presented I should like to present my ordinance. That is so far as I am concerned. If Judge Hood should come in later with the necessity of another bridge on his properties, I think we accord that privilege to him. No rights being accorded here today that would not be accorded to him if it were necessary. We are very fortunate in having the largest insurance company in the world in Newark.

Commissioner Brennan: I feel it would be a wonderful asset on the side of safety to have bridges, whereby the thousands of employees, instead of coming down on the streets, would cross the bridges.

Commissioner Howe: I move the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The City Clerk presented an ordinance changing and establishing the width of the sidewalks of Washington Street from

Broad Street to Lincoln Park, and of the sidewalks of Lincoln Park from Spruce Street to Clinton Avenue, in the City of Newark, and requiring the removal of obstructions, projections or encroachments thereon," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any person desire to be heard?

Mr. Richard O. Pfeiffer, 479 Washington Street, representing Estate of Carl Hildner. I am an executor of the Estate of Mrs. Hildner, deceased. We received this communication and I wish to state that the property is about to be sold, and we were wondering whether we could have an extension of it, or whether this matter is so important that it had to be taken up right away. We have three or four people who are interested in the property, and wondered if we could not dispose of it without going to such expense and trouble.

Mayor Raymond: What phase of it do you wish to postpone?

Mr. Pfeiffer: There is an area way along almost the entire front and according to your letter they are to be eliminated, and it would mean quite a lot of building at the present time to get the entrances to the various buildings off the sidewalk.

Mayor Raymond: It is exceedingly important from the general public interest that it be done at once. It is all

upset and torn up and winter is approaching, and we are very anxious to finish it before frost.

Commissioner Murray: Any prospective buyer would have to have notice of the public request against that property.

Mr. Congleton: This is narrowing the sidewalk space to make more road space.

Commissioner Murray: Then it couldn't interfere with the purchase of the premises.

Mayor Raymond: We are simply asking for the sidewalk for the purpose of widening the street.

Judge Hood: May I say a word on this sidewalk widening? I want to call attention to one fact. By reason of the fact that you are narrowing the sidewalk from Central Avenue to Warren Street, and by reason of the fact that the widening of the street is going to be on the easterly side, the arrangement that you now have will create a jog at the corner of Washington and Warren Street. It may be that is what is desired, and it may be that is the best thing that can be done, but on the face of the thing it would not appear that would be the best thing. It seems to me something could be arranged that it would not be permanently a jog. It may be that the property owner on the westerly side might be very glad to move his building.

Mayor Raymond: We couldn't afford to purchase that land.

Judge Hood: I am not talking about it from that point of view.

Mr. Congleton: As to the corner you speak of, it is owned by the Board of Education. That sidewalk can be cut back at that point at any time, Judge Hood.

Mayor Raymond: Does any other person desire to be heard on this matter?

No one else appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Commissioner Brennan moved that the following ordinance be taken up on second reading.

An ordinance changing and establishing the width of the sidewalks of Washington Street from Broad Street to Lincoln Park, and of the sidewalks of Lincoln Park from Spruce Street to Clinton Avenue, in the City of Newark, and requiring the removal of obstructions, projections or encroachments thereon.

Commissioner Brennan introduced the following ordinance and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to provide for the paving and repaving of Washington Street from Broad Street to Spruce Street and Lincoln Park from Spruce Street to Clinton Avenue with asphalt pavement

(-½" top-1½" binder) on new 6-inch concrete base and on old concrete base properly repaired where necessary, on both sides of street railway tracks with the exception of one (1) foot on each side of said tracks.

The Board of Commissioners of The City of Newark Do Ordain:

Section 1. That Washington Street from Broad Street to Spruce Street and Lincoln Park from Spruce Street to Clinton Avenue shall be paved and repaved with asphalt pavement 1½" top-½" binder) on new 6" concrete base properly repaired where necessary, on both sides of the street railway tracks with the exception of one (1) foot on each side of said tracks, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving and repaving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or re-laying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917 (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated August 4, 1925, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street and after the mak-

ing of said improvement, the owners of any and all lands on the line of said improvement are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefitted. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$325,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$325,000 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P. L. 1916-525) and the supplements thereto and amendments thereof,

which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance, who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

Gentlemen:

We represent owners of vacant land on the westerly side of Roseville Avenue, between First and Second Avenues, Newark. Under the zoning ordinance that street is restricted to residences. The development of that section of the City makes Roseville Avenue, at that point, particularly adaptable for business, and we request that the zoning ordinance be amended to the effect that Roseville Avenue, between Bloomfield Avenue and Second Avenue, be available for business.

Yours truly,

Osborne, Cornish & Scheck.

Ordered referred to the Board of Adjustment.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: Before we proceed with any further business I have a matter I would like to bring to the Commissioners' attention. I have already brought it to your attention, but I should like to make a public announcement, that I am introducing today a resolution to approve a form of lease bearing date August 1st, 1925, between the City of Newark and Sears-Roebuck Company, a corporation, for lands at Port Newark. The City is leasing to Sears-Roebuck thirty-eight acres on a series of rentals of ten-year periods, averaging \$28,000. The total rents to be received by the City under this lease will amount to \$1,400,000. Figuring the cost of this land and the cost for the improvements to the City, this rental will yield a return of over sixteen per cent. to the City, which, I think, all together commends the business efficiency of the gentlemen of the Commission in making this lease.

This lease also provided that at its expiration the improvements to be made there shall become the property of the City of Newark. The Sears-Roebuck Company will build very large and im-

portant buildings there for the manufacture of portable houses and will employ at once about five hundred persons and when in full swing about eight hundred persons. The lease which we are called upon to approve the form of this morning has been approved by their officers at Chicago. Their approval was sent by the night air mail to New York and brought here this morning; that is the reason why we have delayed this meeting a little. They have asked that we approve the form of the lease and send it to them to execute it.

I have a recommendation here from Mr. Costello, Chief Engineer of the Division of Works. I have a recommendation from the real estate sales point of view from Dr. Kraemer, and I have a report regarding the legal form and substance of the lease, together with the approval of the wisdom of making it from the Corporation Counsel, Mr. Congleton, and I wish to make just this statement before closing my remarks, which I think will interest the public.

We have spent considerable money, as I have said, from time to time in public statements, advertising Port Newark. I have said that Port Newark is so thoroughly advertised that it is known in New Zealand and Australia and South Africa, Europe and the uttermost points of the earth. We have spent a lot of money on it, but these days if you want to sell something you have got to have it known. In these days it is very gratifying to know that the property came to the attention of the Sears-Roebuck people in Chicago through an advertisement in the Saturday Evening Post. It is also interesting to know that it also came

to the attention of the New York office of Sears-Roebuck through an advertisement in system. It is also interesting to know that when people from the Sears-Roebuck Company come here to talk over the matter, they were armed with the pamphlets we have issued from time to time. This advertising has been conducted under the management of Peter O'Toole, Jr., and I feel that as an advertising agent he has made good, and has justified the expenditures the City has made.

I am satisfied that the coming to Newark of this great concern, a one hundred million dollar concern with twenty-five million dollars of capital in the line in which they are going to be engaged in Newark, to supply eighteen neighboring states—I feel that is the beginning of the boom of Port Newark, and I think now we can look forward to a great business springing up on the part of the City, which I think amounts to about one-fifth of the entire city property which is unoccupied, much of which the City now owns, and I think we can look forward to the new day for Newark, which I have predicted from time to time, and I take this occasion to speak because this is the first real lease, which is the result of hard work and splendid energy on the part of my department which ought to be recognized, and therefore I am going to especially introduce this resolution approving the lease:

Mayor Raymond offered the following resolution:

RESOLVED, By the Board of Commissioners of the City of Newark, that a lease dated August 1, 1925, made be-

tween the City of Newark, of the first part, and Sears-Roebuck Co., a corporation, of the second part, for lands at Port Newark Terminal, upon terms and conditions in said lease specifically set forth, a copy of which lease is hereto attached, be and the same is hereby approved, and the Director of the Department of Public Affairs and the City Clerk are hereby authorized and instructed to execute such lease on behalf of the City, on the passage of this resolution.

The clerk then read the ordinance as follows:

An ordinance to amend Sections 7 and 8 of an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and

bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark, Do Ordain:

Section 1. That Section 7 of said ordinance be and the same is hereby amended to read as follows:

Section 7—Height Districts.

For the purpose of regulating and limiting the height and bulk of buildings hereafter erected, the City of Newark is hereby divided into five classes of districts: (a) thirty foot districts, (b) fifty foot districts, (c) eighty-five foot districts, (d) one hundred and twenty-five foot districts, and (e) two hundred foot districts; as shown on the height district map, as revised to December 22nd, which accompanies this ordinance and is hereby declared to be part hereof. The height district map designations which accompany said height district map are hereby declared to be part thereof. No building or part of a building shall be erected except in conformity with the regulations herein prescribed for the height district in which such building is located.

(a) In a thirty foot district no building shall be erected to a height in excess of thirty feet.

(b) In a fifty foot district no building shall be erected to a height in excess of fifty feet.

(c) In an eighty-five foot district no building shall be erected to a height in excess of eighty-five feet.

(d) In a one hundred and twenty-five foot district no building shall be erected to a height in excess of one hundred and twenty-five feet.

(e) In a two hundred foot district no building shall be erected to a height in excess of two hundred feet.

In two hundred foot districts the street wall of any building shall not be erected to a height in excess of two and one-half ($2\frac{1}{2}$) times the width of the widest street on which it fronts, unless the face of such walls is set back from the street building line one (1) foot for each additional five (5) feet that the street wall is carried above the limit of two and one-half ($2\frac{1}{2}$) times the width of the street. A building on or near the intersection of two streets of different widths shall have the height of its street wall governed on the narrower street, by the width of the wider street for a distance of one hundred and fifty (150) feet from such intersection. A street wall less than two hundred (200) feet high, may be carried above the height limit, for such wall, for an aggregate horizontal distance of not more than fifty (50) per cent of such wall, and to a total height of not more than two hundred (200) feet above the street curb.

Section 2. That Section 8 of said ordinance be and the same is hereby amended to read as follows:

Section 8—Towers.

Nothing in this article shall prevent

the erection of a tower to any height in a two hundred foot height district, provided: (1) that the area of such tower above the height limit fixed for buildings by the preceding section shall not be in excess of twenty-five (25) per cent of the area of the lot; and (2) that an open space shall be left above the height limit fixed for buildings by the preceding section on each and every lot line, such open space being at least of the minimum dimensions prescribed for a side yard in an "A" area district; the dimension being determined at each and every level by its height above the street curb.

Ordered filed.

Department of Public Works
City Hall

Newark, New Jersey, August 15, 1925.

Hon. William J. Egan,

City Clerk of The City of Newark.

Dear Sir:

By virtue of the authority of the statutes of the State of New Jersey, I, John F. Murray, Jr., Director of the Department of Public Works of the City of Newark, have appointed Frank R. LaFera, Overseer of the Poor of the City of Newark, for a term of five years, dating from August 15, 1925, at an annual salary of thirty-six hundred dollars (\$3,600).

You are hereby directed to place the name of the above appointee upon the city payroll.

Respectfully,

JNO. F. MURRAY, JR.,

Director of the Department of Public Works

Ordered filed.

City Commissioners,

City of Newark, New Jersey

Gentlemen:

I have been informed that the Prudential Insurance Company contemplate the erection of an arch over Halsey Street, connecting their buildings on the east and west.

As one of the owners of the property, located at 29-31 Academy Street, corner

of Halsey, I wish to protest against the granting of any permission for the erection of this arch.

It certainly would be a detriment to the property, in which I am interested, and the Commissioners can no doubt understand that it will be an obstruction of view from our building towards Market Street.

I therefore trust you will give this your careful consideration.

Very truly yours,

Harry Negbaur.

City Officers Reports

The following report of City Officers was received and ordered filed:

Auditor of Accounts for July, 1925.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereinafter erected, and reg-

ulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of The City of Newark, Do Ordain:

1. That an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries, and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violations of its provisions," adopted December 31, 1919, is hereby amended by extending the Business District, as shown on the Use District Map, so as to include the area hereinafter described:

Beginning at the intersection of Roseville Avenue and Second Avenue; thence westwardly along Second Avenue one hundred feet; thence northerly along a line one hundred feet west of and parallel to Roseville Avenue to a point distant one hundred feet south of Bloomfield Avenue; thence easterly along a line one hundred feet south of and parallel to Bloomfield Avenue to a point one hundred feet east of Roseville Avenue; thence southerly along a line one hundred feet east of and parallel to Roseville Avenue to the place of beginning; and that the Use District Map

which accompanies said ordinance, to which this ordinance is an amendment, be and the same is hereby changed so as to include within said Business District the area above described; provided, however, that any buildings hereafter erected within the area above described, shall be so constructed as to maintain the set-back line already established for houses now built in said area or in the course of construction.

2. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray, Mayor Raymond.

The following communications were received and read:

To the Honorable
Mayor and City Commissioners of
The City of Newark:

WHEREAS, the business interest of Newark have been rapidly progressing in a southerly direction on Broad Street and westerly therefrom; and

WHEREAS, Clinton Avenue is one of the City's main arteries leading to and from Broad Street; and

WHEREAS, the present restricted zone on lower Clinton Avenue known as Lincoln Park is a hindrance to the natural development of Clinton Avenue for business purposes, and has outgrown its usefulness as a distinctly residential section.

We, the undersigned, property owners on Clinton Avenue adjacent to Lincoln Park respectfully petition your Honorable Body that Lincoln Park be no longer restricted to residential buildings, and that buildings devoted to business purposes be permitted thereon.

Dr. Joseph Kusey, 82 Clinton Avenue;
Lonis V. Aronson, 86 Clinton Avenue,
and five others.

Ordered referred to the Board of Adjustment.

92 Goldsmith Avenue

Newark, N. J., August 20, 1925.

The Board of Commissioners of
The City of Newark,

City Hall, Newark, N. J.

Gentlemen:

Your notice regarding the laying of the sewer in King Street has been received and I thank you very much for calling my attention to this.

I am the owner of lots Nos. 145-7 Wright Street which are known to you as Nos. 8-10 King Street.

I am not in favor of laying such a sewer in King Street.

I therefore ask this Honorable Board not to spend our money for any purposes which are not absolutely necessary.

I regret that I cannot appear personally before you. Urgent business necessitate my presence in Florida at this time.

I would appreciate it if this letter were presented at the meeting of the Board of Commissioners on Monday, August 24, 1925, at 10 o'clock A. M.

Your very truly,

David Bender.

Ordered referred to Mayor Raymond.

Commissioners Howe offered the following resolution:

RESOLVED, by the Board of Commissioners of The City of Newark that a lease dated August 25, 1925, made between The City of Newark of the first part, and Sears, Roebuck Company, a corporation, of the second part, for lands at Port Newark Terminal, upon terms and conditions in said lease specifically

set forth, a copy of which lease is hereto attached, be and the same is hereby approved; and the Director of the Department of Public Affairs and the City Clerk are hereby authorized and instructed to execute such lease, on behalf of the City, on the passage of this resolution.

DEPARTMENT OF PARKS AND
PUBLIC PROPERTY

City Hall,
Newark, N. J.

August 31st, 1925

SUBJECT: SALE OF HAYES' ESTATE LANDS TO LAU & FAUFFERMAN.

The Board of Commissioners of
The City of Newark.

Addressed.

Gentlemen:—

In pursuance of a resolution of this Board, I advertised for sale Monday August 31, 1925, at my office, property in the City of East Orange, Essex County, New Jersey:

BEGINNING on the westerly line of Grove Street at the southeasterly corner of land of Charles A. Tuck, distant 132.-67 feet southwesterly from the southwesterly corner of Main and Grove Streets; thence (1) north 67° 15' west along the line of said Tuck's land to a strip of ground conveyed to the party of the first part by executors of Estate of Charles W. L. Roache thence (2) northeasterly along the line of said strip 7 feet, 8 inches, to the northeasterly corner thereof; thence (3) northwesterly along the northerly line of said strip north 67° 15, west 14 feet, 5 inches, to another corner thereof; thence (4) southwesterly along the westerly line of said strip 112 feet, more or less, to the southwesterly corner thereof; thence (5) southeasterly along the southerly line of said strip and the southerly line of the land described in the deed to Alice W. Hayes and Howard W. Hayes, recorded in Book X 33 of Deeds for Essex County, at pages 406 and 408, 110 feet, more or less to the westerly side of Grove Street; thence (6) northeasterly along the same 105 feet to the place of BEGINNING.

BEING the same premises conveyed to Alice W. Hayes and Howard W. Hayes, by deed above mentioned (excepting therefrom the portion thereof

conveyed by Alice W. Hayes and others by deed dated June 12, 1901, recorded in Book N 34 of Deeds for Essex County, pages 341 and 342).

BEING also the same premises conveyed to the party of the first part herein by the executors of Charles W. L. Roache, being strip of land in the rear of the premises described in X-33-406.

The highest bid received for the same was that received from Samuel Lau and Mack Kufferman, their bid being in the sum of \$17,000.00.

I accordingly struck off said property to said parties in accordance with their bid, such sum being the highest and best price which I could obtain for said land.

Yours very truly,
Charles P. Gillen,

Director of Parks and Public Property.
Ordered filed.

Commissioner Gillen offered the following resolution:

WHEREAS, by resolution adopted by this Board the Director of the Department of Parks and Public Property was authorized to sell, at public sale, for cash, to the highest bidder, all the right, title and interest of the City of Newark in and to the lands situate, lying and being in the City of East Orange, Essex County, New Jersey:

BEGINNING on the westerly line of Grove Street at the southeasterly corner of land of Charles A. Tuck, distant 132.67 feet southwesterly from the southwesterly corner of Main and Grove Streets; thence (1) north $67^{\circ} 15'$

west along the line of said Tuck's land to a strip of ground conveyed to the party of the first part by executors of Estate of Charles W. L. Roache thence (2) northeasterly along the line of said strip 7 feet, 8 inches, to the northeasterly corner thereof; thence (3) northwesterly along the northerly line of said strip north $67^{\circ} 15'$, west 14 feet, 5 inches, to another corner thereof; thence (4) southwesterly along the westerly line of said strip 112 feet, more or less, to the southwesterly corner thereof; thence (5) southeasterly along the southerly line of said strip and the southerly line of the land described in the deed to Alice W. Hayes and Howard W. Hayes, recorded in Book X 33 of Deeds for Essex County, at pages 406 and 408, 110 feet, more or less to the westerly side of Grove Street; thence (6) northeasterly along the same 105 feet to the place of BEGINNING.

BEING the same premises conveyed to Alice W. Hayes and Howard W. Hayes, by deed above mentioned (excepting therefrom the portion thereof conveyed by Alice W. Hayes and others by deed dated June 12, 1901, recorded in Book N 34 of Deeds for Essex County, pages 341 and 342).

BEING also the same premises conveyed to the party of the first part herein by the executors of Charles W. L. Roache, being strip of land in the rear of the premises described in X-33-406.

WHEREAS, in accordance with said resolution the Director of the Department of Parks and Public Property did expose at public sale the interest of said City in said lands and the highest and best bid received therefor was one re-

ceived from Samuel Lau and Mack Kufferman, in the sum of \$17,000.00. and did accept said bid:

THEREFORE BE IT RESOLVED,
By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Parks and Public Property in accepting the aforesaid bid, be and the same is hereby ratified and confirmed, and the Mayor and the City Clerk are hereby authorized and directed to execute a Bargain and Sale Deed with Covenant against Grantor's Acts to said purchaser of said lands for the interest therein of said The City of Newark.

Yeas: Commissioners Brennan, Gillen, Murray, Mayor Raymond.

APPROVED:

THOMAS L. RAYMOND
JNO. F. MURRAY, JR.
W. J. BRENNAN
CHARLES P. GILLEN,

The Board of Commissioners of
The City of Newark, N. J.

W. J. EGAN,

City Clerk.

NEWARK, N. J.
September 15, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Absent: Commissioner Brennan.

The minutes of meeting of September 8th were read and approved.

The City Clerk presented an ordinance to provide for the opening and widening of Passaic Avenue from its westerly terminus at Madison and Jersey Street easterly to a point about 27 feet east of the easterly line of Freeman Street; to change and establish the grade of the curb of Passaic Avenue from a point in the same apposite to a point in the existing southerly side line of Passaic Avenue, which last mentioned point is distant 370.37 feet easterly from the south-easterly corner of Madison Place and Passaic Avenue, easterly 517 feet to a point in the above mentioned curb of Passaic Avenue opposite to a point in the existing southerly side line of Passaic Avenue which last mentioned point is distant 54.97 feet westerly from the southwesterly corner of Van Buren Street and Passaic Avenue; to change and establish the grade of the curb of Jackson Street from a point in the same distant 113 feet northerly from the northerly curb line of Market Street northerly to Passaic Avenue," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Mayor Raymond: Any citizen wish to be heard on this ordinance?

The following communication was received and read:

LAWRENCE, SON & GERRISH, Inc.
FIDELITY WAREHOUSE CO.

New York, September 14, 1925.

Hon. Board of Commissioners,
City Hall, Newark, N. J.

Gentlemen:—

Reference is made to the widening of Passaic Avenue and the changing of grade, as per formal notice of hearing for Tuesday, September 15th, at 11 a. m.

On behalf of the Newark Wharf and Transportation Co. the owners of a block of property foot of Madison Street and shown on the map, of which company the writer is President, we would request a continuance of the hearing to some future date when it would be possible to have an opportunity of presenting personally our comments on the proposed scheme, after a most careful study of it.

The writer has only this afternoon been able to obtain, through the courtesy of your Engineer's office, the plan proposed and also the area which it is intended shall bear the expense of the proposed improvement.

After a very hasty consideration of the facts as ascertained today, we would con-

sider such contemplated improvement far removed from local and the cost thereof should be borne as would the cost of any through highway that is to be used as a Lincoln Highway.

The proposed assessable area seems to us a rather unusual one and rather weird unless there are reasons not yet disclosed to the writer which would justify.

We can see no value to our property whatever by the proposed improvement, because the Canal bed still remains between us and the proposed improved highway and inaccessible thereto except as at present. We admit that in appearance the proposed improvement would benefit but appearances do not produce income in that neighborhood or for the businesses using the property.

We are unable to get any estimate of the cost or of the amount of assessments to be levied against particularly our property, to enable us to consider the project from a broad view point.

We respectfully refer to the present very high tax rate now existent in the City of Newark, and respectfully suggest that further levies against property will work a hardship and distress which will place the burden entirely too heavily to be successful in handling real estate in Newark. We urge a liberal spirit in connection with this proposed improvement as not being in any sense local but planned entirely for the purpose of relieving traffic ninety per cent of which is entirely through and not stopping within the proposed area to be assessed.

We must further urge that our property is entitled to reversionary rights in the canal bed and unquestionably in the

tow path or present right of way and these interests must be most carefully considered.

Finally and as first stated we ask a continuance of the hearing for the purpose of obtaining information and familiarizing ourselves with the plan in all its details and the opportunity of appearing personally before you to present our conclusions.

We assure you we are not in any way trying to obstruct the advance and progress of the good City of Newark, and desire to lend our shoulder to the wheel and bear any reasonable burden, but let us have justice, and reasonableness to work together for common good.

Very truly yours,

NEWARK WHARF & TRANSPORTATION CO.

W. C. Crosby, President.

P. S.—Please advise the writer of a continuance of the hearing and date set, if our request herein is granted.

Ordered filed.

Mr. Frederick B. Richards: I represent the property located at Passaic Avenue, Waydell and Perry Streets. My address is 421 Ferry Street. This property has been assessed already for the opening of Passaic Avenue, as the improvement from Passaic Avenue and Ferry Street to Richard Street, and now I understand that this widening will be another assessment on the property, which I think will be rather unjust, to place two assessments on the same property for a continuation of Passaic Avenue; and furthermore, I

think that the property—the avenue is more of a state highway than it would be a city highway, and the assessment should be placed on the city at large, as the majority of automobiles that I have noticed, trucks and pleasure cars, are mostly from out of the State, and out of the city for that matter, and I would suggest that the assessment be placed on the city at large instead of the property owners.

Mayor Raymond: Are there other people who wish to be heard on this ordinance, because if there are, it might be well to put it over until two weeks from today, when these other people who have written can be heard, and have the whole matter heard at once.

Commissioner Gillen moved that the further hearing on this ordinance be laid over until September 29th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Gillen, Howe, Murray, Mayor Raymond.

Mayor Raymond: Any person wish to be heard on any other subject?

(No response).

Commissioner Brennan introduced the
following ordinance, and moved its
adoption on first reading.

The clerk then read the ordinance as
follows:

An ordinance to provide for the paving
of Bay Avenue from the foot of
South Street to Port Street and the
paving of Port Street from Bay Avenue
to Doremus Ave with asphalt pavement
(1½" top-1½" binder) on a six
(6) inch concrete foundation.

The Board of Commissioners of The
City of Newark, Do Ordain:

Section 1. That Bay Avenue from
the foot of South Street to Port Street
and Port Street from Bay Avenue to
Doremus Avenue shall be paved with
asphalt pavement (1½" top-1½" binder)
on a six (6) inch concrete foundation,
with the necessary new curbing or re-
setting of curb, together with all other
appurtenances incidental to the paving of

said street, including the laying of con-
crete sidewalks at street intersections
and elsewhere wherever needed, and the
laying or relaying of a sidewalk or
sidewalks, or such portion or portions
of sidewalks as may be disturbed or may
become necessary or expedient, or the
grade of which may be affected on
account of the laying of the pavement
or the setting or resetting of the curb,
under and by virtue of the provisions
of an act entitled "An Act Concerning
Municipalities," approved March 27,
1917, (P. L. 1917-319) and the supple-
ments thereto and amendments thereof,
in accordance with the plans, specifica-
tions and profiles dated September 21,
1925, and now on file in the office of
the Department of Public Affairs.

In order to avoid the necessity of ex-
cavating and tearing up the unimproved
portion of said street, after the making
of said improvement, the owners of any
and all lands on the line of said im-
provement, are hereby ordered and di-
rected to make the necessary connec-
tions with the sewer, gas and water
mains to the curb lines in said street
for each lot fronting upon said street
within thirty (30) days after the pas-
sage of this ordinance. Upon failure
of any such owner to make or cause
said connections to be made, the same
will be made by the Department of Pub-
lic Affairs, in which case the costs and
expenses of making said connections will
be assessed upon the lands benefited.
Each 25 feet of frontage upon said
street for the purposes of this improve-
ment shall be considered a lot.

Section 2. That said improvement
shall be undertaken as a local improve-

ment and the cost thereof shall be assessed against the property benefited by said improvement in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$181,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$181,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916 (P. L. 1916-525) and the supplements thereto and imendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Howe, Murray.

A communication was received from Board of Adjustment recommending that the north side of Lincoln Park from Broad Street to Clinton Avenue be changed from a residence to a business district, and on motion ordered referred to the Law Department to draw the proper ordinance.

A communication was received and read from Mr. J. H. Wood, President, Newark Express and Transportation Company, objecting to the widening of Passaic Avenue, and on motion was referred to Mayor Thomas L. Raymond.

A communication was received and read from Harrison R. Van Duyne, tendering his resignation as chairman and member of the Board of Adjustment, and on motion the resignation was accepted and the letter ordered filed.

A communication was received and read from Carl Bannwart, Superintendent of the Shade Tree Commission, relative to assessment record for the trees planted in the Spring of 1925, and on motion was ordered referred to the Comptroller.

Commissioner Howe: Does any citizen desire to be heard? If not, a motion to adjourn is in order.

Commissioner Brennan: I move to adjourn.

The roll being called, the motion was
declared adopted by the following votes:

The Board of Commissioners of the
City of Newark, New Jersey.

Yeas: Commissioners Brennan, Howe,
Murray.

W. J. EGAN,

City Clerk.

APPROVED:

W. J. BRENNAN,
JOHN HOWE,
JOHN F. MURRAY, Jr.,

Newark, N. J., Sept. 29, 1925

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: — Commissioners Brennan, Gillen, Howe, Murray.

Absent:—Mayor Raymond.

Commissioner Howe presiding.

The minutes of the meeting of September 22nd, 1925, were read and approved.

Commissioner Howe: Any citizen wish to be heard? I understand there are a number of gentlemen here in connection, or with reference to the Passaic Avenue case. I might say for your benefit, gentlemen, that it has been suggested by the Commissioners that that be laid over for two weeks, owing to the illness of Mayor Raymond.

Commissioner Gillen: I move the hearing in the matter of opening and widening of Passaic Avenue be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Mr. Charles Herminsky, 39 Shalk Street. I won't have somebody else put in the public road and I have to pay for it. If you fix my street, by my plant, I pay

for it. I pay for it myself and nobody else pay. I won't pay for somebody else street.

Commissioner Howe: Two weeks from today you will have an opportunity to take that matter up.

Mr. Herminsky: I won't stand for that.

Commissioner Brennan: I move that the ordinance to provide for the opening and widening of Passaic Avenue be laid over for two weeks.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The following petition was received and read:

To the Honorable

Mayor and Commissioners of
The City of Newark.

Re: Opening and paving of Passaic Avenue.

We, the undersigned, property owners in the vicinity of Passaic Avenue do hereby protest against the proposed assessment locally and believe that this assessment should be borne by the City at large as the improvement would not benefit us; approximately 95 per cent of the traffic on this avenue being through traffic going into all parts of the city.

Signed by seventeen property owners.

Commissioner Brennan: I move the petition be received and referred to Mayor Raymond.

The following communications were received and read:

The J. T. Castle Ice Cream Company
19 to 49 Loretta Avenue
Irvington N. J., Sept. 28, 1925.

To the Board of Commissioners,
City of Newark, N. J.

Gentlemen:

Attention Mr. Wm. J. Egan, City Clerk.

The undersigned earnestly petitions your honorable body to change the zoning rule covering the westerly side of Fabyan Place, from Loretta Avenue southerly, from a residential district to a light manufacturing district.

Your petitioner is the owner of two hundred and sixty-two (262) feet of the frontage running southerly on the westerly side of Fabyan Place and northwest along Loretta Avenue for a distance of something over six hundred feet to the tracks of the Lehigh Valley Railroad Company.

The only residences now affected by the requested change are those of em-

ployees of the various manufacturers now located on premises approximately adjacent to said Fabyan Place and Loretta Avenue, and there is no objection on the part of such residents or owners of property which is vacant and situated on the easterly side of Fabyan Place to the change requested.

Trusting that you will see your way clear to grant this request, we are

Yours respectfully,

The J. T. Castles Ice Cream Company,

J. T. Castles, Treasurer.

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: Does any citizen wish to be heard?

Commissioner Brennan: I have an ordinance to be introduced for information but I will hold it until later.

Mr. Alfred Saks, 105 Market Street: We men are the people directly affected by this new change on Market and Washington Street. We have received notice within the last week, from one of the representatives of the Law Department, to vacate on October 7th. Last Friday a notice was pasted on the outside of our building to vacate on that date, and we all appeal to you to give us a reasonable length of time to get out. It is an impossibility for retail stores to dispose of their holdings in so short a time. This matter has been pending for a long time. We have had no definite time set as to when we must vacate. We don't want to do anything that will interfere with the progress of the city, but we ask for some consideration in order to dispose of our merchandise. This is the start of the season for us and when we receive such a short notice, you can readily understand the situation.

Mr. Congleton: I am the one who had these notices served, demanding possession of the premises on October 7th.

Commissioner Howe: Gentlemen, please take your seats; Mr. Congleton will speak loud enough for you to hear.

Mr. Congleton: It is true that October 7th was not specifically fixed until recently. But all these gentlemen have known for a year, and have been told that the city was going to take possession of that property at the very first moment that it could, under the law. To my knowledge the gentlemen who have just addressed you was told in the neighborhood of four or five weeks ago that

October 1st was the very latest date upon which they could stay in the premises, and we have given them a week better than that. You must realize now that the City has invested in that land over a million dollars, and we would not be justified, in my opinion, in permitting one day to go by, longer than is absolutely necessary. Mayor Raymond has instructed his engineering force and the Law Department to speed this matter up just as rapidly as we could, and we have been held up by litigation of the land owners until this late date. These tenants have known what was going on—most of them have been represented before the Board of Assessment Commissioners by Counsel, or have been in attendance themselves. Every one of them who has a lease will be paid his damages out of the amount of money awarded by the City to the property owner. And so far as my instructions are concerned, I cannot withdraw that notice, nor agree to consent to the tenants staying in the premises one day longer than the law allows them. We can't permit that property to stand as it is and let the bad winter weather come on, and delay that proceeding any further.

Mr. Saks: Mr. Commissioner, in connection with the exact time specified to get out—last year one of your representatives informed one of us that we couldn't remain there until straw hat time, and of course that has come and gone, and this matter has gone along and there have been so many different dates set that we didn't know what time would be set. It has just put us in a predicament where we haven't known. We have had our leases of the property and have not been able to defi-

nitely dispose of these things. We only ask for a reasonable time.

Mr. Harris. (President of the Harris Shoe Company) 92 Market Street.

While I appreciate the remarks of Mr. Congleton, the fact still remains that no man is supposed to take the notice that is published in the paper. We are a corporation, and have our offices in New York, and we have never been notified at all of any time so far as the property would be taken. We have known for eight years that this matter was pending, but when and what we didn't know. We have to go out and buy merchandise six months in advance. We can't buy shoes from day to day. We have to do business direct from factories, and to give us seven days to move an entire stock like that is impossible. We have some shoes in our Newark Store that we can't dispose of in any other of our stores, shoes adapted to the clients of this locality. Seven months would be a reasonable notice. Everybody reads the newspapers, but we can't believe everything we see in the newspapers. Being in New York we don't know anything about it. The manager once in a while would say something was going to come up.

Mr. Congleton: Haven't you known for sometime that you were going to get out, and haven't you been negotiating for another store?

Mr. Harris: I have not.

Mr. Congleton: Haven't you been negotiating with Bergamo for another store?

Mr. Harris: No.

Mr. Congleton: One of the complaints from the tenants was that they thought this was unfair because we didn't bring this thing to an end.

Mr. Harris: I wouldn't consider any remarks until I was officially notified. We can't have two stores in Newark.

Commissioner Howe: Are you in the store, yourself?

Mr. Harris: No sir.

Commissioner Howe: But your men acquainted you with what was going on?

Mr. Harris: We didn't take the remarks of a man until we were officially notified.

Commissioner Howe: Other storekeepers have leased other places.

Mr. Harris: We can't afford to take \$15,000 lease holds.

Commissioner Murray: Are you under lease there now?

Mr. Harris: Yes, sir.

Commissioner Murray: Have you had any conference with your landlord about the damages you are going to be paid?

Mr. Harris: No, sir.

Mr. Congleton: What building is that?

Mr. Harris: The Eisner Building.

Mr. Congleton: All right.

Mr. Harris: Eisner said he was negotiating with the City.

Mr. Congleton: Have you been negotiating with Bergamo or some representative of your company?

Mr. Harris: No, sir, I am the only representative officially allowed to do it.

Commissioner Howe: Any other citizen wish to be heard?

Mr. Granet of Fischman & Granet, 88 Market Street: I have made every effort in the past two years to try to get a definite date. I came here in the summer before I ordered my fall merchandise. I asked them if there was anything new and they said no. We have taken the store a year ago. We were under the information that we would be out last September, and we have suffered a great loss in paying both rents, and now they have notified me I must get out by the 7th. I am not looking for a delay, I am trying to dispose of some of my merchandise. If I don't I will either go into bankruptcy or do something. I have made every effort to get a definite date. If they had closed me a year ago I would have made money. I think I have made every effort, as some of you gentlemen know, to try to get a day so that I can get out. I am only asking for a little time to dispose of some of my merchandise. Here we had the fall season in September and it was warm. We couldn't sell felt. I think you ought to consider it. I am not looking for a great length of time. You know you can't pick a hat up today in a hat manufacturer's and sell it. You have got to order it six months ahead. I came to this building time and time again looking for a definite time.

Mr. Congleton: Weren't you told at least a month ago that October 1st was the very latest date?

Mr. Granet: Nobody told me that. They told me I would be out last September, and I have taken another store on Market Street, and I am paying two rents. I can't do the same amount of business within one block, under the same name. The day I appeared before the Commission, when they took the building over, we explained it to them. We didn't care when they took it down, but give me a reasonable time so that I can get rid of my stuff. They caused the delay.

Commissioner Howe: You know it wasn't the City that caused the delay. It was your landlord.

Mr. Granet: Yes, but the landlord didn't release me six months ago, or a year ago.

Mr. Law: (L. K. Liggett Company, 107 Market St.): We have a drug store at 107 Market Street. Seven days would be an utterly impossible time to move that store. We have not a leasehold. It would be an utter impossibility to get out in seven days.

Commissioner Howe: Anybody else?

Mr. Bleiweiss, 97 Market Street: I have a gent's furnishing store. We have rented a new store but we cannot get the location completed until about the 15th of October, and until then I have to store my merchandise and it costs money, and my fixtures are worthless, and we are trying to get an extension of time. In order to have a lease at 90

Market Street my landlord demanded the rent. I have made the new lease, but I am caught with quite a big stock and I have covered, but I can't get into this new store until the 15th of the month.

Mr. Saks: May I feel certain we will get reimbursed for the losses we have suffered in this case, as you have said?

Mr. Congleton: I can only say to you, if you have a lease the landlord has got to settle with you for any damage that you suffer on the taking of your leasehold.

Hr. Louis Lesser: 92 Market Street.

Commissioner Howe: Your complaint is on the same line as the rest? Your case is no different than the rest?

Mr. Lesser: About on the same order.

Mr. Antonio Falsone, 90 Market Street, tailor. I am in the same condition as the gentleman here as I have never known for over a year, and I have a little stock on my hands now. This is my opening season now and I have been waiting for that for three months to do business, and now you give such short notice. I will appreciate it very much if you will give me some more time so that I will get a few cents out of it.

Commissioner Brennan: It is seemingly unfair to these business men to find themselves in the predicament they are; however, the matter is entirely in the Mayor's hands, and in the hands of his engineers. I don't know that we can take any action on it. I move that their appeal be submitted to his Honor, the Mayor, for consideration, to see what we can do in their behalf.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance as follows:

An ordinance providing for the Regulation and Control of Vehicular Traffic and the parking of Vehicles in certain streets of the City of Newark and providing penalties for the violation thereof."

The Board of Commissioners of the City of Newark do Ordain:

Section 1. The following streets in the City of Newark are hereby designated as through streets:

Broad Street—from Clay Street to Harvey Street.

High Street,
Park Avenue,
Summer Avenue
Sussex Avenue,
Thirteenth Avenue,
Lafayette Street,
Avon Avenue,
Lyons Avenue,
Chancellor Avenue,

Section 2. It shall be unlawful for the driver of any vehicle to enter or cross any of the streets designated as through streets unless he first brings his vehicle to a complete stop at a point not less than ten feet from the curb line of the

intersecting street and as near to the right hand curb as possible, provided that this section shall not apply to intersections where a traffic officer is on duty or a signal regulating traffic is in operation.

Section 3. The following streets in the City of Newark are hereby designated as one way streets, and traffic therein shall move only in the direction specified:

Cedar Street—east bound,

Halsey Street—south bound.

Academy Street from Broad to Plane Streets—west bound.

Franklin Street—west bound.

Green Street—east bound.

Mechanic Street—east bound.

Clinton Street—east bound.

North Canal Street—west bound.

South Canal Street—east bound.

Bank Street—east bound.

Orchard Street, from Camp Street to Walnut Street, north bound.

Beaver Street—south bound.

Section 4. It shall be unlawful to park any vehicle in any of the following streets in the City of Newark:

Market Street, from Plane to Fleming Avenue,

Beaver Street,

Clinton Street,

Fleming Avenue,

Springfield Avenue, east of Bergen Street,

South Orange Avenue, east of Bergen Street,

Central Avenue, east of High Street,

Orange Street from Broad Street west to City Line.

Ferry Street from Beginning to Wilson Avenue.

Section 5. It shall be unlawful to park any vehicle between the hours of Eight a. m. and Six p. m. on the west side of Broad Street between Bank Street and Branford Place, and on the east side of Broad Street between Mechanic Street and Clinton Street.

Section 6. For the purpose of this ordinance that section of the City bounded on the north by Orange Street, on the east by Ogden Street, Front and River Streets and New Jersey Railroad Avenue, on the south by East and West Kinney Streets, and on the west by High Street including both sides of the street bounding said zone, is hereby Established as a zone for the regulation of parking of vehicles.

Section 7. It shall be unlawful to park any vehicle in or upon any of the public streets within the zone above described for a longer period than one hour between the hours of eight a. m. and six thirty p. m., except as otherwise provided in this ordinance.

Section 8. For the purpose of interpreting this ordinance, parking a motor vehicle is defined as leaving a motor vehicle unattended by a licensed driver.

Section 9. It shall be unlawful to leave standing or permit to be left standing, in or upon any of the public streets where such vehicles are permitted to stand during the hours specified in this ordinance in any other position than parallel to the curb of any street and not more than 12 inches from the curb line.

Section 10. It shall be unlawful to park between any safety isle and the nearest curb.

Section 11. It shall be unlawful to make either a right hand or left hand turn at the intersection of Broad and Market Streets.

Section 12. All commercial vehicles shall be excluded from Broad Street between State Street and Chestnut Street and from Market Street between Plane Street and Alling Street, except as it may be necessary to carry supplies to or from residences or places of business on either side of said streets, or in case of buildings being erected fronting on said streets. In all cases, however, such vehicles must enter said streets from the street nearest to such residence or building in course of construction and shall leave the same at the nearest intersection street.

Section 13. The provisions of this ordinance shall not apply to vehicles standing for the purpose of loading or unloading goods, wares or merchandise during such period as may be necessary for such loading or unloading or the vehicles in attendance at funerals, weddings, at funerals, weddings, receptions, or celebrations, and doctors calling on patients.

Section 14. No person shall leave any vehicle standing on the street with the sign thereon "For Sale", or clean any

vehicle, or repair the same on the street, except in case of emergency.

Section 15. It shall be unlawful to place on any sidewalk or street any "No Parking" or other traffic signs, other than those furnished by the Division of Police of the Department of Public Safety.

Section 16. Any person or persons who shall violate any provisions of this ordinance, except sections 2 and 3, shall, on conviction thereof, forfeit and pay a fine of not more than five dollars (\$5) for the first offense; not less than five dollars (\$5) or more than ten dollars (\$10) for the second offense; and not less than ten dollars (\$10) or more than twenty five dollars (\$25) for each subsequent offense.

Section 17. Any person or persons who shall violate sections 2 and 3 of this ordinance, shall on conviction thereof forfeit and pay a fine of five dollars (\$5) for the first offense; not less than ten dollars (\$10) or more than twenty-five dollars (\$25) for the second offense; not less than twenty-five dollars (\$25) or more than fifty dollars (\$50) for each subsequent offense.

Section 18. If any article, section, paragraph, subdivision, clause or provision of this ordinance shall be adjudged invalid, such adjudication shall apply only to the article, section, paragraph, subdivision, clause or provision so adjudged and the rest of this ordinance shall remain valid and effective.

Section 19. All ordinances and parts of ordinances relating to the parking of vehicles and the regulation of traffic ex-

cepting an ordinance entitled "An Ordinance regulating the operation of cars, omnibuses, stages and other vehicles, commonly called jitneys," approved June 19, 1916; an ordinance entitled "An Ordinance regulating taxicabs, automobiles and other motor vehicles used for hire, and providing penalties for the violation thereof", adopted August 23, 1921, and an ordinance entitled "An Ordinance regulating the use of Streets in the City of Newark by pedestrians, and providing penalties for the violation thereof, adopted June 26th, 1923, be and the same are hereby repealed.

Section 20. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that October 13, 1925, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and

MINUTES OF MEETINGS
OF THE
Board of Commissioners

OCTOBER, 1925

NEWARK, N. J.

October 6, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Council Chamber, City Hall, Newark, at 11 A. M.

Commissioner Howe, presiding.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

The minutes of meeting of September 29th were read and approved.

Commissioner Howe: Does any citizen wish to be heard, or has any citizen anything to bring before the meeting?

(No response).

The City Clerk presented an ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the lo-

cation of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions", adopted December 31, 1919," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

(No response).

No one appearing, Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions", adopted December 31, 1919.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the ordinance by sections:

Title declared open to amendment.

Section 1 declared open to amendment.

Section 2 declared open to amendment.

Section 3 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the title of "An ordinance to amend an ordinance entitled "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions", adopted December 31, 1919, be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The clerk then read the title of the ordinance as follows:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions", adopted December 31, 1919.

The ordinance having been read three times was then declared to be upon its third and final passage.

The roll being called, the ordinance was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An Ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions", adopted

December 31, 1919, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Harrison R. Van Duyne: Mr. Commissioners, I represent Mr. Isaac F. Roe, who is the owner of property at 31-33 Lincoln Park, and also by request—and I have placed their names on the petition, Mr. C. W. Feigenspan and Mr. Mathias Plum, each of whom are property owners in this section. The petition requests that the zone be changed from residential to business between Halsey Street and Washington Street, and—

Mr. Congleton: This ordinance does that, doesn't it?

Mr. Van Duyne: This ordinance includes a little more than that. I would like to say—that the property owners whom I represent, are not averse to the change which includes more property than they are requesting, but their special request was for this one block, as it runs in front of the park, and I would like to say, that they represent one hundred and fifty-eight feet of the valuable frontage there and I would like to say that the restraint in this section against business development, is not a title restraint, but is due entirely to the regulations and restrictions of the zoning ordinance, and also that the zoning commission, which met five years ago and in their wisdom established these different zones looked

upon a very different Clinton Avenue there at the Broad Street intersection than they do today.

Today we have within a stone's throw of this locality, a perfectly normal development along a main artery of Newark, and there have already gone there such developments and industries as the Masonic Temple, and Mosque Theatre, the Elk's Building, with its great hotel facilities, the Industrial Building and the Knights of Columbus Building at Washington and Lincoln Park, the Colonial Hotel, and immediately adjacent to the property of Mr. Roe there is an order of the Catholic Church.

Commissioner Howe: This ordinance gives your people practically what they want. There is no opposition to it.

Mr. Van Duyne: There is no opposition?

Commissioner Howe: No.

Mr. Van Duyne: Then I won't take up any more of your time. I thought this might be presented if there was an objection.

There being no one else to be heard, Commissioner Gillen moved that the public hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Gillen moved that the following ordinance be taken up on second reading:

An ordinance to amend an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions", adopted December 31, 1919.

The Board of Commissioners of The City of Newark, Do Ordain:

Section 1. That Mountain View Place from Ellery Avenue easterly to the Newark-Irvington Line shall be graded, curbed and paved with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation, with the necessary new curbing or resetting of curb, together with all other appurtenances incidental to the paving of said street, including the laying of concrete sidewalks at street intersections and elsewhere wherever needed, and the laying or relaying of a sidewalk or sidewalks, or such portion or portions of sidewalks as may be disturbed or may become necessary or expedient, or the grade of which may be affected on account of the laying of the pavement or the setting or resetting of the curb, under and by virtue of the provisions of an act entitled "An Act Concerning Municipalities," approved March 27, 1917, (P. L. 1917-319) and the supplements thereto and amendments thereof, in accordance with the plans, specifications and profiles dated, October 5, 1925, and now on file in the office of the Department of Public Affairs.

In order to avoid the necessity of excavating and tearing up the improved portion of said street after the making of said improvement, the owners of any and all lands on the line of said improvement, are hereby ordered and directed to make the necessary connections with the sewer, gas and water mains to the curb lines in said street for each lot fronting upon said street

within thirty (30) days after the passage of this ordinance. Upon failure of any such owner to make or cause said connections to be made, the same will be made by the Department of Public Affairs, in which case the costs and expenses of making said connections will be assessed upon the lands benefited. Each 25 feet of frontage upon said street for the purposes of this improvement shall be considered a lot.

Section 2. That said improvement shall be undertaken as a local improvement and the cost thereof shall be assessed against the property benefitted by said improvement, in proportion to the benefits received, under and by virtue of the provisions of the act above referred to.

Section 3. That the sum of \$36,000.00 is hereby appropriated to pay the cost of said improvement, and for the purpose of meeting said appropriation and temporarily financing said improvement, temporary bonds or notes shall be issued from time to time in an amount not to exceed \$36,000.00 under and by virtue of the provisions of an act entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township, or any municipality governed by an improvement commission," approved March 22, 1916, (P.L. 1916-525) and the supplements thereto and amendments thereof, which bonds or notes shall bear interest at a rate of not to exceed six per centum per annum. All other matters in respect to such temporary bonds or notes shall be determined by the Director of the Department of Revenue and Finance who is

hereby authorized to execute and issue said bonds or notes.

Section 4. That this ordinance shall take effect immediately and all ordinances or parts of ordinances inconsistent with the provisions of this ordinance, be and the same are hereby repealed.

The roll being called, the motion was declared adopted by the following votes:

The Board of Commissioners of The City of Newark, N. J.

Commissioners Howe: Does any citizen desire to be heard?

W. J. Egan
City Clerk

Newark, N. J., October 13, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners, Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

The minutes of meeting of October 6th were read and approved.

The City Clerk presented "An ordinance to provide for the opening and widening of Passaic Avenue from its westerly terminus at Madison Place and Jersey Street easterly to a point about 27 feet east of the easterly line of Freeman Street; to change and establish the grade of the curb of Passaic Avenue from a point in the same opposite to a point in the existing southerly side line of Passaic Avenue, which last mentioned point is distant 370.37 feet easterly from the southeasterly corner of Madison Place and Passaic Avenue, easterly 517 feet to a point in the above mentioned curb of Passaic Avenue opposite to a point in the existing southerly side line of Passaic Avenue which last mentioned point is distant 54.97 feet westerly from the southwesterly corner of Van Buren Street and Passaic Avenue; to change and establish the grade of the curb of Jackson Street from a point in the same distant 113 feet northerly from the northerly curb line of Market Street northerly to Passaic Avenue, and stated

that today was the time fixed for hearing on the Same.

The Board then entered upon said hearing.

Commissioner Murray: Because of Director Raymond's particular interest in the Passaic Avenue matter, these people who are here today in that matter may prefer to appear when he is present.

Commissioner Howe: On the Question of the Passaic Avenue opening and widening, this is the date of the postponed hearing and I say for the benefit of those who came here today in reference to it that that will be postponed, owing to Director Raymond's illness, until October 27th. My reason for telling you at this time is that there is a hearing on the traffic ordinance which may take considerable time, and if any of you care to leave you can do so now.

Commissioner Murray moved that the public public hearing on the ordinance to provide for the opening and widening of Passaic Avenue be continued two weeks from today.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented "An ordinance providing for the regulation and controll of vehicler traffic and the parking of vehicles in certain streets of the City of Newark, and providing penalties for the violation thereof, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen wish to speak on this matter?

Mr. George S. Seymour, Jr. I appear for a client, The Twentieth Century Cab Company. We operate in Newark, about one hundred and twenty cabs, and according to your proposed ordinance I understand you are taking off Broad and Market Street, all the cab stands. It might appear selfish that we object to the ordinance in that one particular, but as a matter of fact, we are not as selfish as we look.

Corporation Counsel Congleton: The Taxicab ordinance is not repealed by this ordinance, and taxi stands are regulated by the Taxicab ordinance.

Mr. Seymour: My impression is that the taxi ordinance was repealed.

Mr. Congleton: There is a saving clause.

Mr. Seymour: Do I understand you that the ordinance proposed does not affect the cab stands?

Mr. Congleton: There is a saving clause, that it shall not repeal any of the provisions of the taxi-cab ordinance.

Mr. Seymour: That is all, then.

Commissioner Howe: Does any other citizen desire to speak?

Mr. Richard Hartshorne, Union Building: May I request the Commissioners

to hear just a few words on behalf of the Market Street Association? That Association is, of course, deeply interested in this proposed ordinance, particularly insofar as it affects Market Street. They have called a hasty meeting—I say hasty advisedly, because I don't think that those interested knew that this ordinance was up until about a week ago. At that meeting practically every one expressed opinions very freely, and I would say here and now that every person there approved of the general thought of the Commissioners in adopting—in proposing to adopt this parking ordinance; the general thought—because everybody agrees that indiscriminate parking is bad for all concerned. We think that this ordinance is, therefore, a step in the right direction, but we think that this step, insofar as Market Street at least, is concerned, has been taken with "Seven League Boots," in other words, that perchance the Commissioners have stepped a little too far. Why? Simply this: because there are two interests to be safeguarded in parking, first that of the City at large, which requires that the continuous flow of traffic shall not be impeded by parked vehicles—that is the primary purpose; second there are the interests of those abutting property owners on the street. They must have access to their own places of business. This, this Commission has recognized in one of the sections in the ordinance, by providing that goods may be loaded and unloaded and that vehicles may stop for that purpose, but of course there is very little use of loading and unloading goods if you can't get the people there to buy, them, and one of the very ordinary ways of getting people there now-a-days, when automobiles are so cheap, is to come there in your automobile, buy, and leave.

This is impossible under the proposed ordinance, and that is the whole point which the Market Street men insofar as they have had an opportunity to express an opinion, have felt. They fully sympathize with the desire to keep the street free and open for vehicular flow, but they say, "Can't we do it and yet let people come to shop in our stores in their cars, in some reasonable way?"

Now we are not experts—we haven't studied the traffic problem—and we know that you gentlemen who have been in charge of this traffic problem have given it serious thought, but apparently the result of that thought has not given any consideration to the abutting owners, to care for the ordinary method of a shopper. May it not well be that the experience of other cities may lead the way here? May it not well be that parking is but a phase of the entire question of flow of traffic in streets? Cannot the City take up the whole problem, with the advantage of the experience of other cities, and put such advantage in effect, into an ordinance at least giving further opportunity of consideration by those who are directly interested? Now we have only met hastily. It was the un-animus opinion, I think, of everyone present, that some consideration should be given, in a limited time for parking, for those who wanted to have legitimate access to the people along the street. We do not attempt to suggest even, exactly what those limits should be—exactly how those limits should be enforced. We do not say that it should be an hour, or a half-hour, or five hours. That is a matter for you to decide, but we do say that some plan should be worked out to permit people to come to the

stores in their own vehicles and we do say that when that limit is placed, that limit should be enforced.

Now, we understand, there is a one-hour limit on Market Street, but that limit is not enforced. It is a difficult thing to enforce, and I think that if the police officers would ask the co-operation of the merchants, you would find that the merchants would be of very great assistance in seeing that your ordinance would be enforced, when it came to giving a reasonable right to park on the street.

Commissioner Brennan: Mr. Mayor, I might say that the proposed ordinance has been under consideration and has been discussed in all its phases, by the various organizations comprising the business people of the center of the city, the Safty Council, the Broad Street Association, the Market Street Association, the Ironbound and Springfield Associations. It has been discussed, pro and con, since early last summer. It has been the unanimous opinion I believe, at least of those attending the meetings, that the time has arrived when parking, especially on our narrow streets has to be prohibited, so as to permit the flow of traffic to get in and out of the business district. I am not going to say that it is entirely perfect—some organizations, such as the Market Street Businessmen, or others, may be able to give us some suggestions that possibly may help to solve the problem that is confronting all of us, without penalizing too drastically, some of the business interest which we know are going to be affected. I am going to present the following as an amendment which has been worked out since the introduction of the ordinance,

to try and enforce more rigidly the provisions of the ordinance when adopted.

My desire in having the ordinance published and left on first reading, when introduced two weeks ago, has been exclusively for the purpose of giving those interested an opportunity of studying it and coming here and expressing their views, whether for or against, the proposed ordinance. I am pleased to note that the Market Street Association realizes the necessity of something being done, and I heartily accept the offer made to have the members of the police department get in touch with the merchants on Market Street, and other streets after the ordinance is adopted, and will welcome their co-operation. I am offering this amendment, Mr. Mayor, so that those who are interested in the ordinance, either for or against it may be in a position to discuss it with the other sections of the ordinance;

The City Clerk then read the amendment as follows:

"Section 18: In addition to the money penalties provided for in this ordinance, the Division of Police of the Department of Public Safety shall, in case of the violation of either Section 4, 5, 6, 9, 10, or 14 of this ordinance, take and remove or cause to be taken and removed any vehicle parked in violation of any of the provisions of any of said sections to such garage or place as may be selected by the Director of the Department of Public Safety as a garage or place for the impounding of vehicles parked in violation of any of the provisions of any of said sections, and said vehicle shall be there retained and impounded until the person or persons owning said vehicle shall pay

the cost of such taking or removal, together with a garage charge of One Dollar for each and every day said vehicle is retained and impounded.

Section 18 to be known as Section 19.

Section 19 to be known as Section 20.

Section 20 to be known as Section 21.

Commissioner Howe: Has any other citizen anything to say on this matter?

Mr. Abraham H. Rachlin, representing the Union Building Co., Clinton Street: I am representing the Union Building, Company of Clinton Street, and not representing any Association. In view of the fact that we have an ownership of approximately 300 feet, with an assessed valuation of millions of dollars, Clinton Street has never been discussed in any association meetings, but we have learned that Clinton Street is a bad place for parking automobiles. Clinton Street does not seek the traffic of Newark. The people of Newark cater to Clinton Street. We do not consider Clinton Street an arterial street in Newark. There is no necessity for limiting parking on that street, because we do not see where it will be of any benefit to the city at large. Since the east turn on Market Street has been eliminated we have had no less than a hundred trucks a morning tooting their horns through our street, because the only east turn is at Clinton Street. The result is that at Mulberry Street and Clinton Street, we have a condition that is absolutely terrible. It is bottled up at Mulberry Street, waiting for the traffic officer at Broad Street to blow his whistle and waiting for the officers on Bul-

berry Street, so that they can turn into Mulberry Street. Clinton Street serves the people only one way. It has offices, lawyers, insurance, doctors and so forth. The credit and claim departments of various insurance companies are there, and automobiles must come in there to bring the invalids and cripples who receive injuries at their work, to give them treatment. We expect them to come there by automobile. What I say is this; that a proper regulation of traffic on Clinton Street, by the absolute enforcement of the time limit that is now so absolutely abused, that is, the parking of cars for an indefinite time, but so far as we are concerned it is a vital proposition to us to eliminate parking on Clinton Street. We would lose our tenants, and in the wisdom of this Board I hope you give me consideration.

Mr. Charles C. Gray: I represent the Globe Indemnity Company. We own the building on Washington Place, from Washington Street to Halsey Street, running back half-way to Central Avenue, facing on Washington Park. We too, are in sympathy with the general idea of making traffic regulations, but we believe the object of this body is to please the people of Newark, and we think they started this because they felt they were going to please them, especially on Broad Street and Market Street, where the conditions undoubtedly are bad. In our territory there is no through traffic—very little, if any, and we feel that in pleasing the people on Broad Street and Market, you ought to make some effort to please some of the adjacent or nearby streets. Not that I am criticising the body, because it is too big a problem not to overlook some minor

streets. For that reason I ask especial consideration, for our street because it is not a main street because we are the only owner on that block, and many of our tenants are of the type where their clients and their customers come in automobiles and stay there necessarily for an hour or more, possibly two or three hours. We have the same condition as described by the previous gentleman, people coming there for treatments, and you can see how we are going to be punished, and we can't see how anybody else is going to be injured, because we have that broad street and perhaps three cars could pass while others were parked at the curb—we have the park privilege, but we had to pay for that privilege, and we feel we should be allowed some more reasonable time than an hour. Cars can park one way on Halsey Street without interfering with traffic at all. We never have any trouble.

Commissioner Howe: Under this ordinance you can park an hour at a time.

Mr. Gray: People like the general electric and Manufacturers' Finance Company—they have people who come in there and their business is of such large import that they can't transact it in an hour.

With the Commissioners' amendment that they remove that car after one hour, you can see it is going to interfere materially with the building, and I ask your consideration that we be allowed three hours.

Commissioners Howe: Any other citizen wish to speak?

Mr. John Mack, Manager of Miners' Theatre, 269 Washington Street: Gentlemen of the Commission and Mr. Mayor, I have the honor to speak for the Theatre Managers Association of Newark and Essex County. We feel that after perusing the ordinance casually, it affects theatres in the downtown section more than it does any other interest. This is due to the fact that the theatres cater to practically everybody in the County and if this ordinance were to go into effect it would affect us very materially, so I am going to collaborate with the Market Street Association, to ask the Commission to give us a reasonable time to look over the ordinance and give us time to make it more reasonable. I think the ordinance is drastic. If this amendment as offered by Director Brennan goes into effect there won't be garages enough in the downtown section in which to put the cars they confiscate. May I ask the gentlemen to give us a little time in order to go over the ordinance very carefully, and we would be glad to co-operate with anybody as to making it a little more reasonable. Thank you.

Mr. Frank W. Franzer, Manager Commercial Casualty Company, Clinton Street: I represent the Commercial Casualty Company and have been requested to voice the opinion of the various casualty companies on Clinton Street. We have all felt that the ordinance will be beneficial to the city in its traffic regulation, but of course, Clinton Street being used very little for through traffic in Newark, we should be permitted to have in our street at least the one-hour parking limit which has been in existence for some time. The only thing I can see is the enforcement of that one-hour rule. Most of our business is not done

by the people in Newark. Our business comes from various parts of the State, and the people coming in come by automobile, and if we are not given permission to have our street for parking purposes, it will jeopardise our business considerably. I would like very much if you would place that on record.

Commissioner Howe: Does any other person desire to speak on this traffic ordinance?

Mr. Adrian Riker, Lawyers Building, Newark: I am here in behalf of the Merchants and Manufacturers National Bank. As you know, or perhaps know, their place of business is on the southwest corner of Broad and Bank Streets. Conditions as they exist now are difficult and because of the fact that a number of patrons of the bank come there in their automobiles without chauffeurs, it seems to me that it is very necessary that some provision must be made by which they may leave their automobiles for a short period and transact their banking business and then go about their other business. The Fifth section of the ordinance prohibits parking on Broad Street between Bank and Branford Place. The result of that would be, if that is adopted, that the parking facilities as now meagre they are on Broad Street, would be abolished, and such parking provisions as exist on Bank Street would be over crowded, and without a doubt the business of the bank, and the convenience of the customers would be seriously interfered with by this provision.

Mr. Samuel M. Baker, Baker Printing Company, Market Street: I believe if you would just enforce the parking or-

dinance as it now exists for some time to come, we will have no trouble. Clinton Street parking is limited to one hour. I have got the number of a car that was there at eight o'clock this morning and was there when I left to come here. If you would only enforce the present ordinance and give every one a chance to get in our place and every other place, I don't think you would have much trouble. I have met many merchants on Market Street and they state that it would ruin their business to prohibit parking. I think a one-hour provision will solve all the trouble.

Mr. Richard Hartshorne: May I ask whether under your parliamentary procedure, the introduction of the amendment would not carry the final hearing forward?

Commissioners Howe: There was no intention to pass the ordinance today. We wanted to get your opinion. It won't go through today.

Commissioner Brennan: I might say in relation to Clinton Street, which has been discussed by at least two of the speakers, that the Fire Department has for years, or the Chief of the Fire Department has for years, protested against parking on Clinton Street as being a menace to the Fire Department's activities in the event of a fire there. The one-hour parking rule or ordinance now in effect, we endeavor to enforce to the best of our ability. The great trouble is there are so many people doing business on that particular street who leave their cars, run into the office, come out in a half hour and go around for a half hour and then come back again in the

same place, that it is practically an all-day parking proposition for a great many.

Mr. Rachlin: In answer to your question, isn't it a fact that it applies to every street in the city that is narrow. Clinton Street, as it exists, has parking on the right-hand side of the street. Your fire plugs are on the right hand side of the street. Surely, in that case, the parking should be on the opposite side of the street. Clinton Street at night is a mecca for every car that goes to any theatre in the vicinity of the four corners. If you eliminate parking on Clinton Street because of the fire hazard you are doing it in a way that would not be fair because you have better constructed buildings on Clinton Street—they are fireproof, whereas you take other streets—not that I want to call your attention to the other fellow's trouble, but let us take for example Halsey Street, Mechanic Street or any other streets like that where the hazard is very much greater than on our street. I appreciate your intentions to facilitate the movement of traffic in the city, but so far as Clinton Street is concerned you must bear in mind that it is not an arterial street.

Commissioner Brennan: Yes, but the Postmaster has time and again appealed to us to permit a more easy flow of post-office wagons moving from the Post Office to the Pennsylvania Railroad. I understand they are using Commerce Street more since it has been repaved.

Mr. Rachlin: If the Postoffice wagon goes through Clinton Street, if he had a clear way to Mulberry Street he would

remain there for a period of time until the whistle blows at Market Street and Mulberry. I think you have got a condition where you have got to open it wide.

Mr. Franzer: May I call your attention to the fact that only recently we widened at a considerable expense, Commerce Street. Why isn't it possible for the postoffice wagons to go through Commerce Street?

Commissioner Brennan: They are using it, of late, since it has been paved.

Mr. Rachlin: Why not center on Commerce Street and put it through as a wide street. Give them a real street through Commerce Street.

Commissioner Brennan: It has been proceeding just as fast as we can possibly do it.

Mr. Gray: If you leave Washington Place open for three hours, it is not so much as that you help, but you help the Y. W. C. A. where the women hold their meetings, and adjoining that we have the museum, and we hope that will be of sufficient interest to keep us more than an hour. If people come from outlying places they have to have an opportunity to park. Right down on the next corner is the library. People going there need more than an hour. I think a three hour rule would be better.

Commissioner Howe: Does any other citizen wish to be heard?

(No response.)

Commissioner Brennan: I move that

the hearing on the ordinance be continued to October 27th. In the meantime I shall be pleased to confer with any of the interests affected.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan presented the following amendments and moved their adoption:

Section 18 In addition to the money penalties provided for in this ordinance, the Division of Police of the Department of Public Safety shall, in case of the violation of either Sections 4, 5, 6, 9, 10, or 14 of this ordinance, take and remove or cause to be taken and removed any vehicle parked in violation of any of the provisions of any of said sections to such garage or place as may be selected by the Director of the Department of Public Safety as a garage or place for the impounding of vehicles parked in violation of any of the provisions of any of said sections, and said vehicle shall be there retained and impounded until the person or persons owning said vehicle shall pay the cost of such taking and removal, together with a garage charge of One Dollar for each and every day said vehicle is retained and impounded.

Section 18 to be known as Section 19.

Section 19 to be known as Section 20.

Section 20 to be known as Section 21.

The roll being called, the amendments

were declared adopted by the following votes:

Section 18 declared open to amendment.

Section 19 declared open to amendment.

Section 20 declared open to amendment.

Section 21 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Brennan moved that the ordinance be adopted on first reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented An ordinance to provide for the paving of Bay Avenue from the foot of South Street to Port Street and the paving of Port Street from Bay Avenue to Doremus Avenue with asphalt pavement (1½" top-1⅓" binder) on a six (6) inch concrete foundation, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Does any citizen wish to be heard?

Mr. Martin Wiyzberg, representing the New York Bay Railroad Company, Port Newark: Mr Mayor and Commissioners, it is not the policy of our corporation to protest against the improvement of any street in the vicinity of any property owned by the company, but in this particular case we would like to call the attention of the Commissioners to the peculiar conditions that exist. Our Company has, I believe, several agreements with the City which would change the street lay out in the vicinity of Bay Avenue. In fact a bridge across the proposed Avenue I has been partly constructed and we don't think in view of the changes that are to be made that an improvement of a permanent character of the kind that is now proposed should be made, whereby our company which owns practically all the land on both sides of Bay Avenue, for a considerable distance, would be assessed very heavily, and then again be assessed for the new street. We would like an opportunity to have our Engineer confer with the Engineer for the City.

Mr. Congleton: Those contracts we have—we were told by the legal department of your company, who have had the matter up with us, it was agreed to postpone the execution of those agreements until the State Highway Commission determined where the new road was going to go. In the meantime the street has got to be kept in shape for the traffic that is going down there. We realize the question about assessing your property, and there is a serious question whether

it can be assessed. In the meantime we have got to keep this street in shape.

Mr. Witzberg: For the purpose of a railroad yard—the yard has not been built yet, so that the property is now assessed as third class property, and might be considered assessable for that reason. If that assessment is paid we will be compelled to pay an assessment for the improvement of Avenue I.

Mr. Congleton: I believe that is all covered. We will do a certain part and you will do a certain part, as to the bridge and the road.

Mr. Witzberg: We pay twice for an artery through whereas as a matter of fact when the railroad is built, we won't benefit at all.

Mr. Congleton: The completion of those contracts has been postponed, but in the meantime we can't let that street get in such shape that business can't get to Port Newark and away again. Your matter would come before the Board of Assessments after the improvement is completed.

Mr. Witzberg: Has the Board of Assessment the power of throwing any part of the cost on the City?

Mr. Congleton: Surely, and I have never known of any street that has been paved where they haven't put a large part of it on the city.

Mr. Witzberg: It would be quite heavy down there.

Mr. Congleton: In the meantime, while you are waiting to build a freight

yard, we cant let the rest of our business be hampered.

Mr. Witzberg: I drove down there Sunday. It isnt so bad.

No one else appearing, Commissioner Murray moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the following ordinance be taken up on second reading:

An ordinance to provide for the paving of Bay Avenue from the foot of South Street to Port Street and the paving of Port Street from Bay Avenue to Doremus Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation.

The roll being called, the motion was declared adopted by the following votes:

Section 2 declared open to amendment.

Section 3 declared open to amendment.

Section 4 declared open to amendment.

The ordinance was declared open to amendment in all its parts.

Commissioner Murray moved that the ordinance be adopted on second reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that said ordinance be taken up on third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that said ordinance be ordered to a third reading.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the ordinance be taken up on third reading and final passage.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Murray moved that the title of "An ordinance to provide for the

paving of Bay Avenue from the foot of South Street to Port Street and the paving of Port Street from Bay Avenue to Doremus Avenue with asphalt pavement (1½" top-1½" binder) on a six (6) inch concrete foundation", be taken for its third reading.

The roll being called, the motion was declared adopted by the following votes:

NOW, THEREFORE,

The Board of Commissioners of the City of Newark Do Ordain, of follows:

Section 1. Pursuant to the Act of the Legislature of the State of New Jersey entitled "An Act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, and the act entitled "An Act permitting board of commissioners or other governing bodies of any municipality in the state to be relieved of the establish-

ment, maintenance, control and management of public playgrounds and recreation places in said municipalities, and authorizing boards of education of any school district in this state to establish, playgrounds and recreation places," approved April 17, 1919, the sum of \$1,000,000. is hereby appropriated to the Board of Education of The City of Newark, in the County of Essex, for the purposes set forth in the Schedule contained in the preamble of this ordinance.

Section 2. It is hereby determined that the average of the different periods assigned by Section 76 of the said act approved October 19, 1903, as amended, to the several purposes for which the said bonds are to be issued, taking into consideration the amount of bonds to be issued on account of the several purposes, is a period of thirty-three years, beginning November 1, 1925.

Section 3. For the purpose of raising the amount hereby appropriated, there shall be issued bonds of The City of Newark to be known and designated as "School Bonds", in the aggregate principal amount of \$1,000,000. pursuant to Section 75 of the said act approved October 19, 1903, as amended. The proceeds of said bonds shall be used for the several purposes described in the preamble of this ordinance, in the respective amounts therein stated. The said bonds shall be one hundred in number, numbered from 1 to 100, inclusive, and of the denomination of \$10,000. each. They shall be dated November 1, 1925, shall bear interest from their date at the rate of four per centum (4 per centum) per annum, payable semi-annually on May 1st and November 1st in each year until maturity, and shall mature in annual in-

stallments or series, payable on November 1st in each year, as follows, viz.: \$30,000. of bonds in each of the years 1927 to 1954, inclusive, and \$40,000. of bonds in each of the years 1955 to 1958, inclusive.

Section 4. The said bonds shall be registered bonds. They shall be signed by the Mayor and countersigned by the Director of the Department of Revenue and Finance of the City of Newark, and the corporate seal of the said City shall be affixed thereto or impressed thereon, and attested by the City Clerk. The said bonds shall be issued in such form as the Board of Commissioners may by resolution adopt. The principal and interest of said bonds shall be payable in gold coin of the United State of America of the standard of weight and finess existing on November 1, 1925, at the National State Bank of the City of Newark.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the ordinance be laid over for consideration on second reading until October 20th, 1925.

The roll being called the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioners Brennan introduced the following ordinance, and moved its adoption on first reading.

The clerk then read the ordinance of follwos:

An ordinance authorizing the issuance of \$300,000. Hospital Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Hospital Bonds" and to be dated November 1, 1925, are hereby authorized to be issued in the aggregate principal amount of \$300,000. for the purpose hereinafter stated, for which purpose it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the construction of a building to be used as a Convalescent Home for the Newark City Hospital, the said building to be of fireproof or non-fireproof construction, of the classes described in Clauses (b) and (c) of Subdivision (I) of Subsection (2) of Section 4 of the said Act. All temporary indebtedness now outstanding, lawfully incurred by The City of Newark for the said purposes, pursuant to Section 13 of the act aforesaid, shall be paid out of the proceeds of the sale of said bonds. The money hereby authorized to be raised is in addition to the sum of \$500,000 heretofore authorized to be raised for the same purpose.

Section 3. The following matters are hereby determined and declared pursuant to the requirements of said Chapter 252 of the laws of 1916, as amended:

(a) No part of the cost of said improvement has been or is to be specially assessed against property specially benefited.

(b) The probable period of usefulness of the improvement for which said bonds are to be issued, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended (said improvement being either not yet completed or completed within one year prior to the date of the bonds hereby authorized) is thirty years, beginning upon the date of said bonds.

(c) The average assessed valuation of the taxable real property including improvements) of The City of Newark, computed upon the next preceding three valuations thereof in the manner provided in section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$504,635.004.00.

b) The net debt of said City, computed in the manner provided in said Section 12, is \$25,553,174.31.

(c) The statement required by said Section 12, (said net debt, etc.) has been made and filed with the City Clerk as required by said act.

Section 4. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the ordinance be laid over for consideration on second reading until October 20th.

The roll being called, the motion was declared adopted by the following votes:

The Port of New York Authority
11 Broadway
New York, October 9, 1925.

City Commission,
City of Newark,
Newark, N. J.

Gentlemen:

I have the honor to advise you that at a meeting of the Port of New York Authority held on October 8, the following was adopted:

"RESOLVED, that the Port of New York Authority hereby records its hearty appreciation of the courtesy and hospitality of the City Commission of Newark, manifested in the entertainment of the delegates to the recent convention of the American Association of Port Authorities, thereby adding greatly to the pleasure and interest of all who attended the convention."

Yours very truly,

William Leary, Secretary.

Ordered filed.
The Central Railroad of New Jersey
Office of the Real Estate and Tax Agent

New York City, October 7, 1925.

The Board of Commissioners,

City Hall, Newark, N. J.

Gentlemen:

Attention City Clerk

Referring to a notice published under date of September 23, 1925, concerning an ordinance to provide for the paving of Bay Avenue from the foot of South Street to Port Street, and the paving of Port Street from Bay Avenue to Doremus Avenue:

I wish to advise that this Company's property fronting on Port Street is entirely occupied with tracks and used for railroad purposes and, therefore, no connections with the sewer, water or gas are needed.

Will you, therefore, take the necessary steps to eliminate the installation of any

such connections into this Company's property along the line of the above improvement?

Please advise, and oblige

Yours truly,

L. W. Newcomb,

Real Estate and Tax Agent.

Ordered referred to Mayor Raymond.

147 Passaic Avenue

Newark, N. J., October 10, 1925.

The Board of Commissioners of

The City of Newark,

City Hall, Newark, N. J.

Gentlemen:

The undersigned represent the estate of Michael M. Brennan, whose real estate is situated on Passaic Avenue from Somme Street to Fillmore Street.

According to notice sent property owners, it is your intention to consider the opening and widening of Passaic Avenue as a public street or highway, a local improvement, and to assess property owners according to benefits received.

While we are in no way opposed to public improvements, we consider this proposition an imposition, because by making this avenue a through thoroughfare you deprive us of the privacy we now enjoy, and create a noisy condition which is bound to exist from tremendous traffic.

You must admit that this improvement is to be of great benefit to every section of the city, and as it is imperative that something be done to relieve congestion on Market Street, and Passaic Avenue is the only available roadway open to accomplish this end, we cannot see why the burden of expense should fall on those who have property in this section.

When you realize what little concern Passaic Avenue has been to the city in the past, and now can be of such value, we hope you may see your way clear to finance the enterprise, and not ask us to shoulder an indebtedness which should rightly be a general assessment.

Very truly yours,

Margaret L. Brennan,

Helen L. Brennan

Ordered referred to Mayor Raymond.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading:

The clerk then read the ordinance as follows:

An ordinance to amend an ordinance entitled "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey, adopted July 15, 1924.

The Board of Commissioners of the City of Newark Do Ordain:

1. That Section 446 of Article XXVI of an ordinance entitled: "An ordinance to regulate the construction, repair, alteration and removal of buildings within the City of Newark, New Jersey, adopted July 15, 1924, be and the same is hereby repealed.

2. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

NOW, THEREFORE,

The Board of Commissioners of the City of Newark, Do Ordain, as follows:

Section 1. Pursuant to the Act of the Legislature of the State of New Jersey entitled "An Act to establish a thorough and efficient system of free public schools, and to provide for the maintenance, support and management thereof," approved October 19, 1903, and the acts amendatory thereof and supplemental thereto, and the act entitled "An Act permitting boards of commissioners or other governing bodies of any municipality in this state to be relieved of the establishment, maintenance, control and management of public playgrounds and recreation places in said municipalities, and authorizing boards of education of any school district in this state to establish, maintain, control and manage public playgrounds and recreation places," approved April 17, 1919, the sum of \$1,000,000 is hereby appropriated to the Board of Education of The City of Newark, in the County of Essex, for the purposes set forth in the schedule contained in the preamble of this ordinance.

Section 2. It is hereby determined that the average of the different periods assigned by Section 76 of the said act approved October 19, 1903, as amended, to the several purposes for which the said bonds are to be issued, taking into consideration the amount of bonds to be issued on account of the several purposes, is a period of thirty-three years, beginning November 1, 1925.

Section 3. For the purpose of raising the amount hereby appropriated, there

shall be issued bonds of The City of Newark, to be known and designated as "School Bonds," in the aggregate principal amount of \$1,000,000, pursuant to Section 76 of the said act approved October 19, 1903, as amended. The proceeds of said bonds shall be used for the several purposes described in the preamble of this ordinance, in the respective amounts therein stated. The said bonds shall be one hundred in number, numbered from 1 to 100, inclusive, and of the denomination of \$10,000 each. They shall be dated November 1, 1925, shall bear interest from their date at the rate of four per centum (4%) per annum, payable semi-annually on May 1st and November 1st in each year until maturity, and shall mature in annual installments or series, payable on November 1st in each year, as follows, viz: \$30,000 of bonds in each of the years 1927 to 1954, inclusive, and \$40,000 of bonds in each of the years 1955 to 1958, inclusive.

Section 4. The said bonds shall be registered bonds. They shall be signed by the Mayor and countersigned by the Director of the Department of Revenue and Finance of The City of Newark, and the corporate seal of said city shall be affixed thereto or impressed thereon and attested by the City Clerk. The said bonds shall be issued in such form as the Board of Commissioners may by resolution adopt. The principal and interest of said bonds shall be payable in gold coin of the United States of America of the standard of weight and fineness existing on November 1, 1925, at The National State Bank of The City of Newark.

Department of Public Safety
Division of Buildings

Newark, N. J., October 20, 1925.
The Board of Commissioners of

The City of Newark.

Honorable Sirs:

At the regular meeting of the Board of Adjustment held October 15, 1925, the application of Joseph T. Castles to amend the Building Zone Ordinance on the westerly side of Fabyan Place, and which was referred by your Honorable Body for recommendation, was considered.

The Board of Adjustment respectfully recommends that this petition be granted, and that the Building Zone Ordinance be amended so as to change the westerly side of Fabyan Place between Loretto Street and Selvage Street, for a depth of 100 feet, from a residence district to an industrial district.

Respectfully submitted,

Board of Adjustment,
R. B. Rankin, Secretary.

Commissioner Howe: Does any citizen wish to be heard?

Mr. John G. Sencko, 215 Fabyan Place: The residents of Fabyan Place are against building a factory there, as we now have a factory there which annoys us, and if we have another factory put there it will be worse for us. Now we have to have our windows closed. We can't get any decent air at all. If we have another factory it is going to make it miserable for us. I know it isn't healthy to have a factory there

and furthermore it is going to ruin that section entirely. So far we are trying to uphold that section. I think it would be a good thing to go to work and postpone this.

Commissioner Brennan: There is a petition there, isn't there?

The following petition was received and read:

Newark, October 2, 1925.

To the Honorable Board of
Commissioners of the City of
Newark, N. J.

Gentlemen:

We, the undersigned, property owners on Fabyan Place, between Nye and Lyons Avenue, are opposed to a change from residential to industrial of that section of said street known as Nos. 191 to 211, application to change which has been made to the Board of Adjustment of the City of Newark, and we do hereby very respectfully petition your Honorable Board to refuse any application for a change as stated above.

Signed by twenty-five property owners.

Commissioner Brennan: I move that the communication from the Board of Adjustment be laid on the table, and an inspection of the property be made by the Commission in conjunction with the Board of Adjustment before final action is taken.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe.

Commissioner Howe: The Commissioners are going to inspect that section and you will be given an opportunity at some later day to appear here. I understand from people who are interested that they are to erect a bakery somewhat similar to the Ward Baking Company, at a cost of about half a million dollars. I have personally seen the Ward Bakery and that is a credit to the neighborhood. It is a beautiful building. The Commissioners will go and inspect the property.

The following communications were received and read:

Addressed,
Gentlemen:

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The following communication was received and read:

DEPARTMENT OF PARKS AND PUBLIC PROPERTY

City Hall,
Newark, New Jersey.

October 26, 1925.

Subject: Re Sale of Lands to Seton Hall College.

The Board of Commissioners of
The City of Newark,

In pursuance of a resolution of this Board, I advertised for sale on Monday, October 26, 1925, the property situated partly in the Township of Maplewood and partly in the Village of South Orange Essex County, New Jersey, more particularly described as follows:

BEGINNING in the southwesterly line of lands of Seton Hall College at a point therein distant 254.24 feet, more or less, from the easterly line of Wilden Place, measured on a course of S. 44° 55' east and from a point in said Ely line of Wilden Place 20.83 feet Sly from the SWly line of Wilden Place, produced, measured along the tangent to the curve in Wilden Place, said beginning point being at a corner of lands of the City of Newark; thence north 55° east along the division line between lands of the City of Newark and Seton Hall College 172.50 feet to a corner; thence still

along the division line between lands of the City of Newark and Seton Hall College south 47° 40' east 340.83 feet to a corner of lands of the City of Newark and Seton Hall College; thence south 55° west 189.10 feet to a point exactly in range of the extreme Sly line of Seton Hall College; and thence north 44° 55' west 337.59 feet to the point and place of BEGINNING.

The highest bid received for said land was that of Seton Hall College, in the sum of \$1900.

I accordingly struck off said property to said bidder, in accordance with its bid, which sum being the highest and best price which I could obtain for said lands.

Very truly yours,

Charles P. Gillen,

Director of the Department of Parks and Public Property.

Ordered filed.

Commissioner Gillen offered the following resolution:

WHEREAS, by resolution adopted by this Board, the Director of the Department of Parks and Public Property was authorized to sell at public sale, for cash, to the highest bidder, certain lands situate partly in the Township of Maplewood and partly in the Village of South Orange, Essex County, New Jersey, more particularly described as follows:

BEGINNING in the southwesterly line of lands of Seton Hall College at a

point distant 254.24 feet, more or less, from the easterly line of Wilden Place, measured on a course of S. 44° 55' east and from a point in said Ely line of Wilden Place, 20.83 feet from the SWly line of Wilden Place, produced, measured along the tangent to the curve in Wilden Place, said beginning point being at a corner of lands of the City of Newark; thence north 55° east along the division line between lands of the City of Newark and Seton Hall College 172.50 feet to a corner; thence still along the division line between lands of the City of Newark and Seton Hall College south 47° 40' east 340.83 feet to a corner of lands of the City of Newark and Seton Hall College; thence south 55° west 189.10 feet to a point exactly in range of the extreme southerly line of Seton Hall College; and thence north 44° 55' west 337.59 feet to the point and place of BEGINNING.
and,

WHEREAS, in accordance with said resolution the Director of the Department of Parks and Public Property did expose, at public sale, said lands, and did receive therefor a bid of \$1900 from Seton Hall College, and did accept said bid; the same being highest and best bid received;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the action of the Director of the Department of Parks and Public Property in accepting the aforesaid bid be and the same is hereby ratified and confirmed; and the Mayor and the City Clerk are hereby authorized and directed to execute a deed of Bargain and Sale, with covenant against

grantor's acts to said purchaser for the interest therein of said The City of Newark.

Newark, N. J., October 22, 1925.

The Board of Commissioners of
The City of Newark, N. J.

Gentlemen:

The petition of the subscribers respectfully show that they are the owners of 325 feet fronting on North 10th Street, between Abington and First Avenue.

We hereby petition your Honorable Body to change this block from Class C to business.

Respectfully yours,

William Cuunningham as to 125'

Arnold Mancusi-Ungaro as to 200'

Ordered referred to the Board of Adjustment.

Commissioner Murray: We have on this memorandum here an understanding that the City Commission, with the Board of Adjustment shall inspect the westerly side of Fabyan Place between Loretta and Selvage Streets. I suggest that some definite time be set to make this inspection, because the upper side of that street is adjacent to what is really almost a heavy industrial district, and if the application is going to be turned down, I understand there are some very important transactions hanging in the balance now. Some large baking concern is to build if the conditions are proper. I don't know who they are but if that is another industry for Newark I think we had better help them, if we can.

Commissioner Howe: Would tomorrow afternoon be convenient?

Commissioner Murray: Yes, if that is agreeable to the other Commissioners.

Commissioner Brennan: You have to get the Board of Adjustment together, too. You had better notify the property owners to meet us there.

Mr Congleton: You can send someone up there today to notify one of the property owners. They will pass the word around.

Commissioner Howe: The City Clerk says he will notify the people. We will meet on the ground. It is understood and agreed we will meet there at four o'clock tomorrow afternoon.

Commissioner Howe: Is there any further business to come before the Commission?

(No response).

Commissioner Brennan: I move that the next meeting of the Board of Commissioners be held on Monday, November 2nd, 1925, instead of Tuesday, November 3rd 1925.

MINUTES OF MEETINGS
OF THE
Board of Commissioners

NOVEMBER, 1925

Newark, N. J., November 2nd, 1925.

A regular meeting of the Board of Commissioners was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gillen, Howe, Murray.

Absent Mayor Raymond.

The minutes of meeting of October 27th were read and approved.

Commissioner Howe: Any citizen wish to be heard?

(No response).

Commissioner Howe introduced the following ordinance, and moved its adoption on first reading:

An ordinance authorizing the issuance of \$1,000,000 Port Newark Improvement Bonds of the City of Newark.

The Board of Commissioners of the City of Newark, Do Ordain as follows:

Section 1. Pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, negotiable bonds of The City of Newark, to be known as "Port Newark Improvement Bonds," and to be dated December 15, 1925, are hereby authorized to be issued in the aggregate principal amount of \$1,000,000 for the purposes hereinafter stated, for which purposes it is necessary to raise said sum of money.

Section 2. The money to be raised by the issuance of said bonds shall be applied to the purpose of paying for the following described improvements to be made by The City of Newark, pursuant to authority conferred by Section 13 of Article XXVIII of Chapter 152 of the Laws of 1917, and Subdivision (J) of Section 1 of Article XX of said statute and other statutes of the State of New Jersey, viz:

(a) The making and construction of a channel or channels in navigable waters upon which front the lands heretofore acquired by The City of Newark pursuant to Chapter 272 of the Laws of 1907, and other statutes, for the purpose of constructing and establishing docks and shipping facilities (which lands and the improvements thereon are commonly known as "Port Newark Terminal");

(b) The filling in of said lands;

(c) The construction of bulkheads and docks on said lands and in the water adjacent thereto; and

(d) The acquisition of additional lands for wharves, piers, docks, slips and basins, and for the purpose of connecting docks with highways and railroads within the City and with other public docks of the City.

Section 3. In the event that there is any outstanding temporary indebtedness incurred for the cost of said improvement, the money herein authorized to be applied to the cost of such improvement shall be applied to the payment of such indebtedness.

Section 4. The following matters are hereby determined and declared, pursuant to the requirements of said Chapter 252 of the Laws of 1916, as amended:

(a) The improvements for which bonds are hereby authorized to be issued were not completed prior to December 15, 1924, and said improvements are of the class described in Subdivision (U) of Subsection (2) of Section 4 of said

Chapter 252 of the Laws of 1916, as amended,

(b) The probable period of usefulness of said improvements, computed in the manner prescribed by Section 4 of said Chapter 252 of the Laws of 1916, as amended, is forty years, ending December 15, 1965,

(c) No part of the cost of the improvements for which bonds are hereby authorized to be issued has been or is to be specially assessed against property specially benefited thereby.

(d) The average assessed valuation of the taxable real property (including improvements) of said City of Newark, computed upon the next preceding three valuations thereof, in the manner provided in Section 12 of said Chapter 252 of the Laws of 1916, as amended, is \$504,635,004.00.

(e) The net debt of said City, computed in the manner provided in said Section 12, as amended, is \$26,324,737.45.

(f) The statements required by said Section 12 (showing said net debt, etc.), have been made and filed with the City Clerk as therein required.

Section 5. This ordinance shall take effect in the manner provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe moved that November 10th, 1925, at 11 A. M., or as

soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The following communications were received and read:

To the Mayor and Honorable Members of the City Commission,

City Hall, Newark, N. J.
Gentlemen:

We, the undersigned, do hereby petition your Honorable Body to change the zone on Clinton Avenue, from Shanley Avenue to South 12th Street on the north side and from Van Ness Place to a line parallel with South 12th Street on the south side, from residence to business zone.

Respectfully submitted,

Clinton Hill Holding Company,

Albert Hollander, Pres.
Nathaniel Elin, Secy.

Ordered referred to the Board of Adjustment.

Department of Public Safety
Division of Buildings

Newark, N. J., October 20, 1925.

The Board of Commissioners of
The City of Newark.

Honorable Sirs:

At the regular meeting of the Board of Adjustment held October 15, 1925, the application of Joseph T. Castles to amend the Building Zone Ordinance on the westerly side of Fabyan Place, and which was referred by your Honorable Body for recommendation, was considered.

The Board of Adjustment respectfully recommends that this petition be granted, and that the Building Zone Ordinance be amended so as to change the westerly side of Fabyan Place between Loretto Street and Selvage Street, for a depth of 100 feet, from a residence to an industrial district.

Respectfully submitted,

Board of Adjustment

R. B. Rankin, Secretary.

Commissioner Murray: While we are at this, Mr. Mayor, a week ago there was a resolution of recommendation from the Adjustment Board that the zone on Fabyan Place, at or near Renner Avenue, be changed from residential to industrial, and the matter was laid over, so that the commissioners might go and personally inspect the premises, which has been done and if it be proper at this

time, I would move that we concur in the recommendation of the Adjustment Board, to so change the zone from business to industrial, and that the same be referred to the Law Department to draft the proper ordinance of amendment to the City Ordinance in that respect.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brenman, Gillen, Murray.

Commissioner Howe: I vote no on that.

The following petition was received and read:

Newark, N. J., October 20, 1925.

To the Honorable Board of
Commissioners of the City of

Gentlemen:

We, the undersigned, property owners on Fabyan Place, between Nye and Lyons Avenues, are opposed to a change from residential to industrial of that section of said street known as Nos. 191 to 211, application to change which has been made to the Board of Adjustment of the City of Newark, and we do hereby very respectfully petition your Honorable Board to refuse any application for a change as stated above.

Signed by twenty-five property owners.

Commissioner Murray: I move that the petition protesting against this change be ordered filed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

UNITED STATES OF AMERICA
STATE OF NEW JERSEY
THE CITY OF NEWARK

\$1,000. ————— Bond \$1,000.

The City of Newark, a municipal corporation in the County of Essex and State of New Jersey, for value received hereby promises to pay to the bearer, or, if this bond be registered, to the registered holder hereof, the sum of

ONE THOUSAND DOLLARS
(\$1,000)

on the 15th day of December, 19 , with interest thereon from the date hereof at the rate of four and one-quarter per centum ($4\frac{1}{4}\%$) per annum, payable semi-annually on June 15th and December 15th in each year, upon the presentation and surrender of the annexed coupons therefor as they severally become due, or, if this bond be converted into a fully registered bond, to the registered holder hereof. Both principal and interest of this bond are payable in gold coin of the United States of America of the present standard of weight and fineness at The National State Bank of The City of Newark.

This bond may be registered as to principal by the holder in his name on the books of the Comptroller of said City, and such registration noted hereon, after which no valid transfer hereof shall be made except on said books until after registered transfer to bearer. Such registration shall not affect the negotiability of the coupons, which shall continue to be transferable by delivery. At the request of the holder of this bond, it will be converted into a fully regis-

tered bond and the coupons hereto annexed detached and cancelled, and thereafter both principal and interest will be payable only to the registered holder hereof.

This bond is one of an issue of bonds of like tenor, except as to maturity, issued under and pursuant to Chapter 252 of the Laws of 1916 of New Jersey, and the acts amendatory thereof and supplemental thereto, and an ordinance duly adopted by the Board of Commissioners of The City of Newark on November 10, 1925.

It is hereby certified and recited that all conditions, acts and things required by the Constitution or statutes of the State of New Jersey, to exist, be performed or happen precedent to or in the issuance of this bond, exist, have been performed and have happened, and that this bond, together with all other indebtedness of said City, is within every debt and other limit prescribed by the Constitution or statutes of said State, and the faith and credit of said City are hereby pledged irrevocably to the punctual payment of the principal and interest of this bond in accordance with its terms.

IN WITNESS WHEREOF, The City of Newark has caused this bond to be signed by its Mayor and countersigned by its Director of the Department of Revenue and Finance, and its corporate seal to be hereto affixed and attested by its City Clerk, and the annexed coupons to bear the fac-simile signature of said Director, and this bond to be dated December 15, 1925.

Section 9. The bonds shall be sold at public sale upon sealed proposals, at 11:00 o'clock A. M., on December 2, 1925, at the office of the Director of the Department of Revenue and Finance of the City of Newark, in the City Hall, after notice of such sale published in the manner required by law. The Director of the Department of Revenue and Finance is hereby authorized and directed to cause such notice to be published and to receive such proposals, and the power of the Board of Commissioners to award the bonds and reject bids therefor is hereby delegated to him.

Section 10. The notice of sale of the bonds shall be in substantially the following form:

NOTICE OF SALE

THE CITY OF NEWARK, NEW JERSEY

\$3,600,000 4¼% BONDS

Sealed proposals will be received by the undersigned at his office in the City Hall, Newark, New Jersey, until December 2, 1925, at 11:00 o'clock A. M., when they will be publicly opened, for the purchase, at not less than par and accrued interest, of bonds of The

City of Newark of the following authorized issues, viz.:

1. \$1,750,000 Water Bonds, maturing \$43,000 of bonds on December 15th in each of the years 1926 to 1935, inclusive, and \$44,000 of bonds on December 15th in each of the years 1936 to 1965, inclusive.

2. \$1,000,000 Port Newark Improvement Bonds, maturing \$20,000 of bonds on December 15th in each of the years 1926 to 1945, inclusive, and \$30,000 of bonds on December 15th in each of the years 1946 to 1965, inclusive.

3. \$325,000 Municipal Dock Bonds, maturing, \$8,000 of bonds on December 15th in each of the years 1926 to 1963, inclusive, \$10,000 of bonds on December 15, 1964, and \$11,000 of bonds on December 15, 1965.

4. \$275,000 Public Improvement Bonds, maturing, \$6,000 of bonds on December 15th in each of the years 1926 to 1930, inclusive, and \$7,000 of bonds on December 15th in each of the years 1931 to 1965, inclusive.

5. \$150,000 Street Cleaning Apparatus Bonds, maturing \$30,000 of bonds

on December 15th in each of the years 1926 to 1930, inclusive.

6. \$100,000 Traffic Signal System Bonds, maturing, \$6,000 of bonds on December 15th in each of the years 1926 to 1935, inclusive, and \$8,000 of bonds on December 15th in each of the years 1936 to 1940, inclusive.

All of the bonds will be of the denomination of \$1,000, will be dated December 15, 1925, will bear interest from their date at the rate of four and one-quarter per centum ($4\frac{1}{4}\%$) per annum, payable semi-annually on June 15th and December 15th, and will be coupon bonds, registerable at the option of the holder as to principal only, or as to both principal and interest. Principal and interest will be payable in gold coin of the United States of the present standard of weight and fineness at The National State Bank of The City of Newark.

The several amounts necessary to be raised by the sale of said six bond issues exclusive of the amount of any interest accrued on the bonds), respectively, are the maximum authorized amounts of said issues, respectively, as stated above; and no more bonds of any issue will be sold than will produce the amount necessary to be raised by the sale of such issue (exclusive of accrued interest) and an additional sum of less than \$1,000 for such issue. If less than the maximum authorized amount of any issue is sold, the unsold bonds of that issue will be those last maturing. The bonds of each issue will, unless all bids therefor are rejected, be sold to the bidder or bidders complying with the terms of sale and offering to pay not less than the

amount necessary to be raised by the sale of such issue (exclusive of accrued interest) and to take therefor the least amount of bonds of such issue, commencing with the first maturity, and if two or more bidders offer to take the same amount of bonds of the same issue, then the bonds of that issue will be sold to the highest bidder or bidders offering to pay therefor the highest additional price (such additional price being less than \$1,000). In addition to the price bid, the purchaser must pay accrued interest from the date of the bonds to the date of delivery. The right is reserved to reject any or all bids.

Any bidder may condition his bid on the award to him of two or more of said issues, but in that case, if there is a more favorable bidder for any one of the issues for which he bids, his bid will be rejected.

Proposals should be addressed to the Director of the Department of Revenue and Finance, City Hall, Newark, New Jersey, and enclosed in a sealed envelope marked on the outside "Proposal for Bonds," and must be accompanied by a certified check for two per centum (2%) of the face amount of the bonds bid for, drawn upon an incorporated bank or trust company to the order of the "Director of the Department of Revenue and Finance of The City of Newark," to secure the City against any loss resulting from a failure of the bidder to comply with the terms of his bid. Checks of unsuccessful bidders will be returned upon the award of the bonds.

The successful bidder or bidders will be furnished with the opinion of Messrs.

Reed, Dougherty & Hoyt, of New York, that the bonds are valid and binding obligations of The City of Newark. The bonds will be prepared under the supervision of the United States Mortgage and Trust Company, which will certify to the genuineness of the signatures of the officials and the seal impressed on the bonds.

By order of the Board of Commissioners of The City of Newark.

Dated, November 10, 1925.

John Howe,

Director of the Department of Revenue and Finance of the City of Newark.

Section 11. The Director of the Department of Revenue and Finance is hereby authorized to cause said bonds to be prepared and to obtain the opinion of Messrs. Reed, Dougherty & Hoyt, Attorneys, of New York City, as to the validity of the bonds, to be furnished to the purchaser or purchasers thereof, and the Mayor, Director of the Department of Revenue and Finance and the City Clerk are hereby authorized to execute said bonds, and the Director of the Department of Revenue and Finance is hereby authorized to deliver said bonds to the purchaser or purchasers thereof upon the receipt of the purchase price.

Section 12. In the blank space before the word "Bond" in the heading of the bond form set forth in Section 8 of this resolution, and also in the blank space before the word "Bond" in the coupon form set forth in said Section, there shall be inserted the word "Water" for

Commissioner Brennan offered the following resolution:

Whereas, In the death of George P. Leary, Deputy Director of the Department of Public Safety in the City of Newark, which occurred on Saturday, November 7th, the City Government has suffered the loss of an able administrator and a diligent, faithful public servant, and

Whereas, The Labor Movement in America likewise suffered the loss of a leader, who by his forceful presence and conscientious effort as an international officer, has accomplished much toward the general improvement of the standards of the living and the conditions of employment of the working people of America

Therefore, Be It Resolved, That the Board of Commissioners of the City of Newark, on behalf of the people of Newark, record this expression of deep loss, which the City of Newark and the Country at large has suffered, through the death of Mr. Leary, and that we

express to his bereaved family our deepest sympathy.

Be It Further Resolved, That a copy of these resolutions, suitably engrossed, be presented to the members of his family.

William J. Brennan
Charles P. Gillen
Jno. F. Murray, Jr.
John Howe

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: Does any citizen desire to be heard?

Mr. Charles M. Opitz, 160 Oakland Terrace:

I represent the Upper Vailsburg Improvement Association. We had a special meeting of the association last night in regard to the dumping of ashes and rubbish in our community up there. It was the unanimous opinion of those present that this be discontinued. It is a nuisance and a detriment to our properties up there. That is the dump up above Ivy Street. It started a week ago today and I have been in daily communication with your Engineers, and have not been able to get any assurance that it will stop, so we are appearing today and appealing directly to you to have it stopped.

Commissioner Brennan: I move that the matter be referred to the Mayor.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Howe: Does any other citizen wish to be heard?

Mr. William J. Alexander, 165 Oakland Terrace: I would like to supplement that with a petition of one hundred and forty-two signers, objecting to that dump. One of the signers owns fifty-three acres right adjacent to the dump, and the rest are property owners in that vicinity.

Commissioner Murray: I move that the petition be referred to Mayor Raymond.

The roll being called, the motion was adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

A communication presented by Mr. Wm. J. Alexander, 165 Oakland Terrace, protesting against using a parcel of land west of Ivy Street as a dump was received, read and on motion ordered referred to Mayor Raymond.

Commissioner Howe: If there is not further business a motion is in order to adjourn.

Commissioner Brennan: I move that we adjourn.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

WHEREAS, The City of Newark, as successor of The Mayor and Common

Council of the City of Newark, has a certain interest in lands in the City of Newark, Essex County, New Jersey, by virtue of a final decree in the Court of Chancery of New Jersey, entered on November 3, 1917, in a cause therein pending wherein Frederick F. Guild, and others, executors, etc., were complainants, and The Mayor and City Council of The City of Newark, and others, were defendants, and also under certain deeds made to said The Mayor and Common Council of the City of Newark by parties defendant in said suit; which said lands are described as follows:

BEGINNING at the corner of land of Josiah Crane on the northerly side of Market Street; thence along same north 29° east 100 feet; thence south 63° east 15 feet, 4 inches; thence south 29° west 100 feet to aforesaid street; thence along same north 63° west 15 feet, 4 inches to BEGINNING.

Being the same premises described in a deed to Howard W. Hayes by James Cadmus and wife, dated April 28, 1898, and recorded in Book P. 31 of Deeds for Essex County, on pages 127-128; the intention being to include by the above description all of the property now belonging to the Estate of Alice W. Hayes, known and designated as No. 31 Market Street, and,

WHEREAS, said lands are not suitable or convenient or needed for public use by said city;

THEREFORE, BE IT RESOLVED
By the Board of Commissioners of the City of Newark that by virtue of the authority of—

Article 18, Chapter 152 of the Laws of 1917, of the State of New Jersey, said interest of The City of Newark in said lands be sold, at public sale, for cash, to the highest bidder after public advertisement given in a newspaper circulating in the municipality, at least once a week, for two weeks prior to such sale; and,

BE IT FURTHER RESOLVED: That the Director of the Department of Parks and Public Property be and he is hereby authorized and directed to offer said interest of said City in said lands for sale, to the highest bidder, for cash, and to report said sale and the terms thereof to this Board for confirmation.

The following communications were received and read:

Essex County Mosquito Extermination Commission

Newark, N. J., November 10, 1925.

To the Honorable
Board of Commissioners,
City of Newark,

City Hall, Newark, N. J.

Gentlemen:

At a meeting of the Essex County Mosquito Extermination Commission, held November 2nd, the Consulting Engineer made a report on the Morris Canal, dealing with the work necessary to control the mosquito nuisance existing there. The Secretary was directed to send you a copy of the same.

The Mosquito Commission is desirous of having the drainage of the bed of the canal perfected before the coming of another mosquito breeding season, and requests your co-operation to this end.

Will you please arrange for an early conference between your engineer, the

consulting engineer for the State and
our Consulting Engineer in this matter.

Very truly yours,

Essex County Mosquito Extermination
Commission.

William Lee, Secretary.

Ordered referred to Mayor Raymond.

October 30, 1925.

Honorable Thomas L. Raymond,
Mayor of Newark, N. J.

Dear Sir:

WHEREAS, steel constructed building owned by us on the southeast corner of Pennsylvania Avenue (now vacated by the City) and Queen Street is 3.87 feet over the street line, we petition the Honorable Mayor and City Commissioners of Newark to exchange the 3.87 feet on the south side of Queen Street as mentioned above for 3.87 feet on the north side which is our property. This street ends at the Pennsylvania Railroad yards and serves no purpose.

Your compliance with our desires will
be greatly appreciated.

Respectfully submitted,

Edgar T. Ward's Sons Co.

W. S. Ganong, Manager.

Ordered referred to Mayor Raymond.
Commissioner Howe: Does any citizen
desire to be heard?

Mr. John L. O'Toole (representing the
Public Service Railway Company): I
desire to file formal applications in anticipation of the Union Station Development, for a track connection on Washington Street from West Kinney Street to Lincoln Park or Clinton Avenue, and on Washington Street from Central Avenue to Broad Street, at Bridge Street.
To the Honorable

Board of Commissioners of
The City of Newark, New Jersey.

Public Service Railway Company, a corporation of the State of New Jersey, duly authorized to construct and operate street railways in the City of Newark and elsewhere in said State, hereby petitions your Honorable Body, the Board of Commissioners of the City of Newark, for permission to locate, construct, operate and maintain the following extension of its street railway system in the City of Newark, being a double track extension from existing tracks in Washington Street south of Central Avenue in said City over Washington Street to and connecting with existing tracks in Broad Street north of Bridge Street and in Bridge Street east of Broad Street, and does petition the Board of Commissioners of the City of Newark for the location of said railway on the highway or highways of said City according to the following description of the tracks as shown on map hereto attached and numbered 20568-L and made a part of this application. The said description and map have been filed in the office of the Secretary of State of the State of New Jersey, which said description is as follows:

(A) Is the easterly track of said extension the center line of which begins at a point in the center line of the easterly track in Washington Street distant fifty-five feet and seven tenths of a foot (55.7') southwardly from the point of intersection of said center line produced, with the center line of Central Avenue extending thence as follows: (1) north twenty-five degrees forty-nine minutes east (N. $25^{\circ} 49'$ E.) a distance of one thousand one hundred and twenty-four feet (1124') to a point of curve; thence northwardly curving toward the left with a radius of one hundred and two feet and thirty-five hundredths of a foot (102.35'), a distance of sixty-two feet and eighty-eight hundredths of a foot (62.88) to a point in the center line of the easterly track in Broad Street north of Bridge Street and there connecting therewith.

(B) Is the westerly track of said extension, the center line of which begins at a point in the center line of the westerly track in Washington Street distant fifty-eight feet and four hundredths of a foot (58.04') southwardly from the point of intersection of said center line produced with the center line of Central Avenue, extending thence as follows: (1) north twenty-five degrees forty-nine minutes east (N. $25^{\circ} 49'$ E.) a distance of one thousand one hundred and three feet and five tenths of a foot (1103.5') to a point of curve; thence (2) northwardly curving toward the left with a radius of two hundred and two feet and thirty-five hundredths of a foot (202.35') to a point of compound curve; thence (3) still curving toward the left with a radius of one hundred and two feet and thirty-

five hundredths of a foot (102.35') a distance of twenty-seven feet and fifteen hundredths of a foot (27.15') to a point of compound curve; thence (4) still curving toward the left with a radius of two hundred and two feet and thirty-five hundredths of a foot (202.35') a distance of thirty-five feet and thirty-two hundredths of a foot (35.32') to a point in the center line of the westerly track in Broad Street north of Bridge Street and there connecting therewith.

(C) Is a connecting track between the track above described as "A" and the southerly track in Bridge Street east of Broad Street, the center line of which begins at a point in the center line of the track above described as "A" distant one hundred and ninety-eight feet (198') southwardly from the point of termination of the first course thereof extending thence as follows: (1) northwardly curving toward the right with a radius of one hundred and two feet and thirty-five hundredths of a foot (102.35') a distance of eleven feet and ninety-one hundredths of a foot (11.91') to a point of compound curve; thence (2) still curving toward the right with a radius of fifty-two feet and thirty-five hundredths of a foot (52.35') a distance of twenty-two feet and ninety-six hundredths of a foot (22.96') to a point of compound curve; thence (3) still curving toward the right with a radius of one hundred and two feet and thirty-five hundredths of a foot (102.35') a distance of eleven feet and ninety-one hundredths of a foot (11.91') to a point of tangent; thence (4) north sixty-four degrees, seventeen minutes east (N. $64^{\circ} 17'$ E.) a distance of nineteen feet (19') to a point of curve; thence (5) east-

wardly curving toward the right with a radius of four hundred and two feet and thirty-five hundredths of a foot (402.35') a distance of ninety-one feet and twenty-nine hundredths of a foot (91.29') to a point of tangent; thence (6) north seventy-seven degrees seventeen minutes east (N. 77° 17' E.) a distance of ninety-eight feet (98') to a point in the center line of the southerly track in Bridge Street east of Broad Street and there connecting therewith.

(D) Is a connecting track between the track above described as "B" and the northerly track in Bridge Street east of Broad Street, the center line of which begins at a point in the center line of the track above described as "B" distant one hundred and forty-seven feet (147') southwardly from the point of termination of the first course thereof extending thence as follows: (1) northwardly curving toward the right with a radius of one hundred and two feet and thirty-five hundredths of a foot (102.35') a distance of eleven feet and ninety-one one-hundredths of a foot (11.91') to a point of compound curve; thence (2) still curving toward the right with a radius of fifty-two feet and thirty-five hundredths of a foot (52.35') a distance of thirty-six feet and twenty-four hundredths of a foot (36.24') to a point of compound curve; thence (3) still curving toward the right with a radius of one hundred and two feet and thirty-five hundredths of a foot (102.35') a distance of eleven feet and ninety-one one-hundredths of a foot (11.91') to a point of tangent; thence (4) north seventy-eight degrees forty-nine minutes east (N. 78° 49' E.) a distance of one hundred and eighty-four feet (184') to

a point in the center line of the northerly track in Bridge Street east of Broad Street and there connecting therewith.

Permission is further requested by said company to erect and maintain twenty-six (26) poles indicated by the yellow dots on map numbered 20568-L, above referred to, which map also shows the location of the tracks above described as (A), (B), (C) and (D).

The rails composing the above described tracks are to be laid on each side of and equally distant from the center lines above described and are to be of a gauge of four feet, eight and one-half inches (4'8½").

The period for which said permission is requested is for a period of fifty (50) years from the date of the passage of the ordinance granting permission therefor.

The said Company desires to use the surface of said highways for constructing the tracks above described. Said tracks, when constructed, are for the purpose of an electric surface street railway to be operated by electricity supplied to electric motors on the cars from overhead wires by what is known as the overhead trolley system.

The streets on the surface of which said tracks are to be constructed are Washington Street, Broad Street and Bridge Street.

Board of Commissioners of The City of Newark, N. J.

Public Service Railway Company, a corporation of the State of New Jersey, duly authorized to construct and operate street railways in the City of Newark and elsewhere in said State, hereby petitions your Honorable Body, the Board of Commissioners of the City of Newark, for permission to locate, construct, operate and maintain the following extension of its street railway system in the City of Newark, being a double track extension from existing tracks in Clinton Avenue in said City over Washington Street to connect with existing tracks in Washington Street north of West Kinney Street and does petition the Board of Commissioners of the City of Newark for the location of said railway on the highway or highways of said City according to the following description of the tracks as shown on map hereto attached numbered 20561-K and made

a part of this application. The said description and map have been filed in the office of the Secretary of State of the State of New Jersey, which said description is as follows:

(A) Is the easterly track of said extension the center line of which begins at a point in the center line of the southerly track in Clinton Avenue distant forty-three feet and eighteen hundredths of a foot (43.18') westwardly from the point of intersection of said center line with the center line of Washington Street produced, extending thence as follows: (1) northwardly curving toward the left on a spiral for a distance of one hundred and seven feet and forty-seven hundredths of a foot (107.47') to a point of tangent in Washington Street; thence (2) north eighteen degrees, five minutes east (N. 18° 05' E.) a distance of nine hundred and thirty-six feet and seventy-two hundredths of a foot (936.72') to a point of curve; thence (3) northwardly curving toward the right with a radius of one thousand feet (1000') a distance of eighty-five feet and eighty-one one-hundredths of a foot (85.81') to a point of tangent; thence (4) north twenty-three degrees east (N. 23° E.) a distance of one hundred and sixty-one feet and thirty-two hundredths of a foot (161.32') to a point of curve; thence (5) northwardly curving toward the right with a radius of one thousand feet (1000') a distance of fifteen feet and forty-two hundredths of a foot (15.42') to a point of tangent; thence (6) north twenty-three degrees, fifty-three minutes east (N. 23° 53' E.) a distance of two hundred and seventy feet (270') to a point in the center line of

the easterly track in Washington Street north of West Kinney Street and there connecting therewith.

(B) Is the westerly track of said extension, the center line of which begins at a point in the center line of the northerly track in Clinton Avenue distant eighty-two feet and fifty-six hundredths of a foot (82.56') westwardly from the point of intersection of said center line with the center line of Washington Street produced, extending thence as follows: (1) northwardly curving toward the left with a radius of three hundred and two feet and thirty-five hundredths of a foot (302.35') a distance of thirty-one feet and sixty-six hundredths of a foot (31.66') to a point of compound curve; thence (2) still curving toward the left on a spiral a distance of one hundred and five feet and seventy-eight hundredths of a foot (105.78') to a point of tangent in Washington Street; thence (3) north eighteen degrees five minutes east (N. 18° 05' E.) a distance of nine hundred and twenty-seven feet and seventy-nine hundredths of a foot (927.79') to a point of curve; thence (4) northwardly curving toward the right with a radius of one thousand feet (1000') a distance of eighty-five feet and eighty-one hundredths of a foot (85.81') to a point of tangent; thence (5) north twenty-three degrees (N. 23° E.) a distance of one hundred and sixty-one feet and eighty-one one hundredths of a foot (161.81') to a point of curve; thence (6) northwardly curving toward the right with a radius of one thousand feet (1000') a distance of fifteen feet and forty-two hundredths of a foot (15.42') to a point of tangent; thence (7) north twenty-three degrees

fifty-three minutes east (N. 23° 53' E.) a distance of two hundred and seventy feet (270') to a point in the center line of the westerly track in Washington Street north of West Kinney Street and there connecting therewith.

Permission is further requested by said company to erect and maintain thirty-one (31) poles indicated by the yellow dots on map numbered 20561-K, above referred to, which map also shows the locations of the tracks above described as (A) and (B).

MINUTES OF MEETINGS
OF THE
Board of Commissioners

DECEMBER, 1925

Newark, N. J., December 1, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gil-
len, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

The minutes of the meetings of No-
vember 17th and 24th were read and ap-
proved.

Commissioner Howe: Does any citizen
wish to be heard?

Mrs. Franklin Briggs, 560 Mt. Pros-
pect Avenue: I am here with Mrs. Dief-
fenbach, 570 Mt. Prospect Avenue, Mrs.
George Baker, 555 Mt. Prospect Ave-
nue, and Miss Helen Thomas, 544 Mt.
Prospect Avenue. We want to make
a very violent protest about this apart-
ment house they are trying to build
across the street from us. We don't

know where the man comes from.
Nobody wants the apartment. There
is not one person in blocks and blocks
that is not bitterly opposed to it. We
want to see if there is anything we
can do. He will ruin the neighbor-
hood, and there are apartments down
the street that are half empty.

Commissioner Howe: Is it in the
restricted zone?

Mrs. Briggs: Our side of the
street is all restricted. It will just
ruin all our property. We all have
handsome houses across the street.
Everybody thought it was restricted
property.

Mr. Congleton: The restriction
runs along Mt. Prospect Avenue one
hundred feet deep, and you know
there is quite a ravine there? Their
plans call for this apartment to set one
hundred feet back from Mt. Prospect
Avenue, so that it is practically out-
side the zoning ordinance.

Mrs. Briggs: A man could buy a
piece of property for \$15,000 and offer
to sell it for \$30,000.

Commissioner Howe: There is one thing I would like to make clear, and I think I am speaking for all the City Commissioners. There is an impression about that the City Commissioners and the Law Department has abandoned zoning. There is nothing further from the truth. We intend to fight just as hard to protect the zoning laws as we ever have. I hope that expresses the opinion, not only of myself, but every member of this commission. We have discussed it. We have taken the matter up and discussed it with the Corporation Counsel and his associates, and we are all resolved to continue to protect the homes against what I consider a lot of vultures who are ruining property in nice sections and then trying to hold up people for an exorbitant profit. There aren't any of them but who are willing to sell the property at an exorbitant profit and then move away and find other fields. It is the intention of this Commission to continue in the future, as they have in the past, to protect the homes in Newark.

Mrs. Baker: That is one of the few sections that is restricted. If that is given up no people will stay there.

Commissioner Howe: We realize that.

Mrs. Briggs: These apartments just bring a lot of people who come and go. The streets are full of automobiles, and the place is all changed.

Commissioner Gillen: It hurts private residences. What can be done in this particular case?

Mr. Congleton: I don't think the

Building Superintendent has issued a permit and don't think he intends to, even on these present plans, because he is going back one hundred feet from the street. We have discussed the question that taking the height of his building from the curb it exceeds the height limit and we will at least make him go through the courts.

Commissioner Gillen: Then to bring the matter to a head, I move that it be the sense of this Board that no permit be granted.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The following petition was then read by the Clerk:

Newark, N. J., November 2, 1925.

The undersigned, property owners, hereby protest against the erection of an apartment house on the lands known as No. 569 Mt. Prospect Avenue, Newark, New Jersey, in accordance with the plans and specifications filed by Henry Rachlin with the Building Department of the City of Newark.

Both sides of Mt. Prospect Avenue, between Berkeley Avenue and Elwood Avenue, are occupied by costly one-family dwellings, except that about in front of Berkeley Avenue there are two apartment houses which have been built for over ten years.

The erection of this proposed apartment will greatly depreciate not only the

property on Mt. Prospect Avenue, but on nearby streets between Mt. Prospect Avenue and Branch Brook Park.

The builder of the proposed apartment house intends to place the same 100 feet from the easterly line of Mt. Prospect Avenue, thereby getting within Zoning District C-50, where tenement houses are permitted of not more than fifty feet in height. The front part of No. 569 Mt. Prospect Avenue is located in Zoning District E-35, where only private dwellings are permitted of not more than 35 feet in height. The building of the apartment violates the spirit, if not the letter, of the Zoning Law.

All property on the westerly side of Mt. Prospect Avenue between Berkeley Avenue and Elwood Avenue is restricted to a private dwelling for one family with appropriate stable or garage. It is an injustice that the owners of the property on the east side of Mt. Prospect Avenue may be permitted to erect apartment houses while the owners of property on the west side cannot do so.

The undersigned most emphatically protests against the building of said apartment, believing that it will depreciate property all through the surrounding neighborhood and opening the doors for the building of more apartments and making a general change in the residential character of the neighborhood as a place for residences.

Signed by 182 Property Owners.

Ordered filed.

Mrs. Briggs: We are very much obliged to you and we are willing to do everything we can to help you.

Commissioner Murray: The City won't issue the permit unless the courts compel them to.

Miss Thomas: We are only speaking for the general neighborhood because we have the time to come here. We represent the men who own the property there.

Commissioner Howe: On several occasions we have been overruled. You might explain that to the ladies here, Mr. Congleton, and that is for the benefit of the other persons here.

Mr. Congleton: We have taken numerous cases up on appeal, and we have gone through the Court of Errors and Appeals, and have had several decisions against us with respect to stores in residence districts, and the courts have made it very clear that if it is merely a matter of a store, and we can't show any other facts to show that it is a fire menace or injurious to health, we can't succeed. We are fighting all the other ones until we get a clear decision from the highest court of the State, although the Newark Evening News seems to feel we have abandoned the subject of zoning entirely. It is only with stores that we have lost. We had three apartment house cases decided against us yesterday. All questions we can go to court on we intend to follow up.

Mrs. Briggs: We are very much obliged to you.

Commissioner Howe: Does any other citizen desire to be heard?

Mr. Louis Auerbacher, Jr., 360 Roseville Avenue: An organization is here today, before you, Commissioners, known as the Roseville Canal Tube Extension Committee, representing the business men and property owners of that section of the City of Newark known as the Roseville Section. It has come to our knowledge that the City of Newark is planning, in conjunction with the Pennsylvania Railroad Company, to augment the transit facilities of the City of Newark and that in those plans it is contemplated to extend the tubes to the south side of Newark. We also understand that the Park Place Tube Station is to be done away with. We have found no where in the reports that have come to our knowledge anything to indicate provision to be made for the Roseville Section of the City of Newark, and it is our request this morning to be here to urge upon the Commissioners of this City to make provision in the plans contemplated, for an extension of the tubes along the canal bed up to the Roseville Section of the City. We believe that there is an ideal condition there, with the abandoned canal to be used for just such transit facilities as are needed in the Roseville Section of Newark. We believe that if the proposed plan is adopted, permitting the tubes to go to the south end of Newark, that it will seriously affect not only the convenience of the people, but the value of property in the Roseville Section of Newark.

Mr. Congleton: Do you understand that there are not to be stops at Market Street?

Mr. Auerbacher: We understand that there are stops at Market Street, but the Park Place station will be done away with, and the Roseville people will have to go all the way down to Market Street to get transit facilities to New York. We are appearing with another request, and that is that the Morris Canal bed should not be used for anything else but rapid transit facilities. There has been some talk that perhaps trolleys would run in the canal bed and we are here to protest against any such use of the canal bed. We want a rapid transit line, as the only proper facility in the form of transportation for the Roseville Section. We believe that it would be a proper plan for this commission to consider to have the canal built with retaining walls and a boulevard over it for automobile traffic, and the tubes to run under the boulevard, to have a subway line running up to the Roseville Section of Newark. There are a number of citizens, residents of Roseville and business men up there who are here this morning with me, in urging these two requests, which I will summarize as follows:

1. That the proposed plan of the Union Station—that is, our request—must have a provision for extension of the tubes to Roseville, and,
2. We will insist, as our right, that the canal bed be used only for rapid transit facilities, and not for trolley lines or any other mode of transportation.

Commissioner Howe: Does any other citizen desire to be heard?

Mr. Frank W. Long: Members of this honorable Commission, I don't know that

I can say very much more than Mr. Auerbacher has just said, except to corroborate what he said, and to voice my sentiment and also the sentiment of a large number of the property owners and business men of the Roseville Section. This matter, of course, is in its infancy, as I understand it, but all things must have an infancy, or at least start in their infancy, and we feel that by taking this matter up with this body at this time that it is the proper mode and proper procedure to follow.

I don't think that there are any people in Roseville who object to our plan or scheme. We have no definite scheme—no ways or means by which we desire this matter worked out. That is a matter of detail which we leave to this body, or a body appointed to take care of that particular end, but you all know that the Roseville Section has grown so rapidly that the question of transportation has really come to a point where everyone is interested, and where we feel that up to the present time the needs of the people have not been taken care of properly. We believe this old canal bed is to be disposed of in some fashion. I have always believed that the canal bed in the municipality in which it lies should be owned by the City, and I still maintain that; nevertheless, that is a matter of personal opinion.

Mr. Congleton: The City Commission has thought so, too, and has made application to the State for it, Mr. Long.

Mr. Long: I am glad to know that. This rapid transit scheme will not only take care of the Roseville section, but will go further. It will go into Bloomfield, go through Bloomfield and up to

the Montclair Section, and probably all the way through to Paterson, so that you see it would make a nice connecting link between Paterson, and eventually through that section to Newark, and eventually through Broad Street to Elizabeth, so that Newark, in that fashion, would occupy a very handsome position. So that while we, as I said, are not here for the purpose of telling you just how this should be worked out, we are here this morning asking you to give consideration to our suggestions, and to call upon us, if you desire so to do, to give you any assistance which you may want us to give you. With those few remarks I ask you to take it under advisement, and consider the extension of the old canal as a rapid transit facility, and extending over the top of this tube, the boulevard.

Commissioner Howe: Does any other citizen wish to be heard on the Roseville matter?

Mr. Wilfred E. Ballard, 172 Roseville Avenue: I don't know that I can add very much. I am quite a large property holder up there and I know we are very much in need of additional transportation facilities, and I don't know of any better purpose to which that canal bed could be put than to utilize it as a rapid transit line, with the boulevard overhead, as suggested, and with those few remarks I think I might leave the matter with you.

Commissioner Howe: That has been the unanimous opinion of the City Commission.

Mr. Ballard: Nothing could please us any better.

Commissioner Gillen: I lived in Roseville until recently, and know the conditions up there very well. Mr. Congleton still resides there. There has been a great deal of complaint about transportation in the Roseville Section, and the transportation on Orange Street, particularly, has been very poor.

Mr. Ballard: It is even worse on Roseville Avenue.

Commissioner Gillen: I think that matter should be looked into at once. The matter should be referred to Mr. Crawford to find out why this service has been so inferior recently. So far as the canal bed is concerned, it has always been my thought, and I have been studying and discussing that matter for years. I was a member of the old Board of Trade committee that took that matter up years ago. We all thought it would be an ideal route for a high-speed transit line. I would object now, and forever object to the Public Service using it to run trolley cars into it from intersecting streets. That will never give relief to the rapidly growing City of Newark. There is nothing that we need more at the present time than improved transit facilities. The only way we can get them is by going underground. The canal bed runs through the heart of the City. To my mind it is an ideal route for a high speed underground railroad, and this suggestion that is made by the representatives of the Roseville Section—and I am glad to see so many of them here representing the property owners and business interests of that vicinity—a very important section of Newark—this suggests on of extending the tubes is a splendid one, and I don't know but what

it will meet with the approval of the railroad people. It would not mean such an enormous expense. We wouldn't have to buy much property, outside of the deal we would have to make with the State. We don't have to buy buildings. Of course there will be some engineering problems in connection with it, but there is the bed of the canal, and it is depressed, and all that is required is to dig out a little bit, put the retaining walls in and put a street overhead. It would cost countless millions of dollars if you had to do as they do in New York. I think the suggestion is a splendid one, and this Commission should, in all seriousness, take up with the railroad people, the Pennsylvania Railroad people, this very important question, and we ought to get an early answer on it, and when we have a conference on it—I would suggest a conference be held on it, and suggest we invite these gentlemen who represent Roseville. The City has already made application to the State for the privilege of acquisition in some way of the bed of the Morris Canal. As to how far these negotiations have gone I don't know.

Mr. Congleton: They have gone to the point where the State will not go any further until they have had an appraisal of the property made, and in appraising they are putting the value on the property that they give to the abutting property, and that is something like the price they have asked for it, which will run into millions. We don't propose to pay any such price. We have an appeal from them to the Board of Public Utility Commissioners, and the act has some very peculiar language in it. In fixing the price they must take into consideration the use to which it is to be put. The Legislature evidently had in mind that

the City was going to use it for highway purposes, and we were to be given some consideration in that respect. They are having the property appraised and when they have their figures they will go on with their negotiations.

Commissioner Gillen: There is no doubt but that the City will acquire the bed of the canal, and there is then, only the question of the use to which it is to be put, and I think this is a splendid suggestion. I move that the City Commission communicate with the railroad people for the purpose of holding a conference on this matter.

Commissioner Brennan: Shouldn't that be referred to the Director of the Department of Public Affairs?

Commissioner Gillen: I suppose he would follow the same course if it were referred to him.

Commissioner Howe: What is your suggestion, Director Brennan?

Commissioner Brennan: I feel the matter should be referred to the Mayor and his department to take up with the interested parties the request made by the Roseville citizens, and be in a position to report the result of the negotiations or conference, if any.

Commissioner Murray: There is no question whatever but what it would be a matter for consideration as a part of the Pennsylvania development and change, and I don't think we would be wise to take it out of the department where it now is.

Commissioner Gillen: I hadn't the slightest idea of ignoring the Mayor's department whatever, but I thought it would expedite matters by having a conference because I feel certain that is what Mayor Raymond would do if he himself were here. However, I will withdraw my first motion, and move that the matter be referred to Mayor Raymond, and that he get in touch with the railroad people and arrange a conference with them, and that the Roseville people be invited to the conference.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Mr. Congleton: I would like to say for the benefit of the Commissioners and any others interested in the canal proposition, that I have had people who have reversionary rights in the bed of the canal call upon me and express their willingness to convey those rights to the city without any compensation, which shows we still have public minded citizens in the City, and if we could get enough of those persons to hold it for the benefit of the City it would help very materially in our negotiations with the State, when we can point out to them that they have not a fee to convey to us.

Mr. Ballard: Isn't that with the understanding that the bed is to be used for transit facilities?

Mr. Congleton: That is the request we made to the State. The act gave municipalities the first right to purchase

from the State. In order to do that we had to signify our intention, and state for what purpose we desired to acquire it. This Board specified the use to which it desired to put it, the principal one being transportation, and, of course, we put lots of other things with it, so that we might be permitted to run conduits and storm water sewers and other things of that kind. We think our resolution is broad enough to cover almost any municipal purpose.

The City Clerk presented an ordinance providing for the opening and widening of Passaic Avenue from its westerly terminus at Madison Place and Jersey Street easterly to a point about 27 feet east of the easterly line of Freeman Street, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Gillen moved that the ordinance be laid over until February 9th.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance providing for the regulation and control of vehicular traffic and the parking of vehicles in certain streets of the City of Newark and providing penalties for the violation thereof," and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

An ordinance granting permission to the United N. J. Railroad and Canal Company to construct, operate and maintain a single track siding at grade in New Jersey Railroad Avenue, east of the Pennsylvania Railroad from the southerly side of Hunter Street southerly about 280 feet to the terminus of said street.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That permission be and the same is hereby granted to the United New Jersey Railroad and Canal Company to construct, operate and maintain a single track siding at grade in New Jersey Railroad Avenue, east of the Pennsylvania Railroad from the southerly side of Hunter Street, southerly about 280 feet to the terminus of said street, for making connections for freight purposes.

Section 2. That such permission be and the same is hereby given upon the condition and provisions that the said single track siding shall be removed within ninety (90) days after the receipt by the said United New Jersey Railroad and Canal Company or its successor, of notice from the City of Newark, ordering the discontinuance of said single track siding; and upon further condition and provision that the said single track siding shall be changed in grade to correspond to any changes that may be made in the grade of New Jersey Railroad Avenue and upon the further condition that any changes made in the pavement, curbs, basins and sidewalks by reason of the installation or removal of said single track siding or grade, shall be done at the expense of the said United New Jersey Railroad and Canal Company to the satisfaction of the Director of Public Affairs.

Section 3. That the said the United New Jersey Railroad and Canal Company shall indemnify and save harmless the said City of Newark, its officers, agents and servants from any and all claim or claims whatsoever for damage to any person, firm or corporation arising from the granting of said privilege by reason of the location, grade, maintenance and existence of said single track siding at garde.

Section 4. That such permission be and the same is granted upon the further condition that the said the United New Jersey Railroad and Canal Company shall file with the City Clerk of the City of Newark its written acceptance of the provisions of this ordinance within thirty (30) days of the date on which it takes ef-

fect and shall pay on demand to the City of Newark the amount of the cost and expense to the City of all official publications of this ordinance

The roll being called, the resolution was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

WHEREAS, The City of Newark on June 24, 1925, issued its short time obligations known as Temporary Loan Bonds in the aggregate amount of twenty-five thousand dollars (\$25,000.00) for money borrowed in anticipation of the receipt of money expended for Sidewalks, House Sewer Connections and Shade Trees, said Temporary Loan Bond being numbered 775 and dated June 24, 1925, and payable December 24, 1925;

AND, WHEREAS, The improvement for which said twenty-five thousand dollars (\$25,000.00) was issued was for Sidewalks, House Sewer Connections and Shade Trees now in the course of construction or have been completed within six years and are improvements for which the City is authorized by Chapter 252 of the Laws of 1916, to issue bonds, and the City is without funds to pay said twenty-five thousand dollars (\$25,000.00) of Temporary Loan Bonds;

THEREFORE, BE IT RESOLVED, That in pursuance of the provisions of an Act of the Legislature of the State of New Jersey, entitled "An Act to authorize and regulate the issuance of bonds and other obligations and the incurring of indebtedness by county, city, borough, village, town, township or any municipality governed by an improvement commission," approved March 22, 1916, and amendments thereto, there shall be issued Temporary Loan Bonds in the

amount of twenty-five thousand dollars (\$25,000.00) for the purpose of temporarily financing the improvement aforesaid and renewing said twenty-five thousand dollars (\$25,000.00) of Temporary Loan Bonds issued therefor;

Department of Public Safety

Division of Buildings

Newark, N. J., November 19, 1925.

The Board of Commissioners of the City of Newark.

Honorable Sirs:

The Board of Adjustment respectfully recommends that the petition requesting an amendment to the Building Zone ordinance so as to change the west side of North Tenth Street between Abington Avenue and First Avenue from residence to business, and which was referred to this Board by your honorable body, be granted.

The block in question is opposite the westerly wall of the new stadium, and, in

the opinion of the Board of Adjustment,
is unsuited for residential purposes.

Respectfully submitted,

The Board of Adjustment.

R. B. Rankin, Secretary.

Commissioner Gillen: I move the mat-
ter be referred to the law department to
draw the proper ordinance.

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN,
City Clerk.

Newark, N. J., December 8, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date, in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gil-
len, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

Commissioner Howe: Does any citi-
zen desire to be heard?

Mr. Jacob Fox, 790 Broad Street:
Gentlemen, I didn't intend to be here—
I happened to be in the building and
noticed the Commission in session. I
want to call your attention to this—
twice, in ten days, go down to your den-
tist, park your car about an hour and
come outside and find that (indicating
summons for parking).

Commissioner Howe: That is a mat-
ter for the police station.

Mr. Fox: It is under a City Com-
mission ordinance, and it seems to me it
is mighty unreasonable. Just an hour.

Commissioner Brennan: Are you sure
it was just an hour?

Mr. Fox: An hour and five minutes.
Is the five minutes a test of the reas-
onableness of the time?

Commissioner Brennan: An hour is
the limit.

Commissioner Murray: Where was
this?

Mr. Fox: On the way to his office a
man stops at his dentist's and is given a
summons, twice in ten days.

Commissioner Brennan: There was
a gentleman here the day before yester-
day who got three in one day.

Mr. Fox: It isn't the two dollars
each time, but it is not reasonable.

Commissioner Howe: Does any other
citizen desire to be heard?

(No response.)

Commissioner Brennan introduced the
following ordinance, and moved its adop-
tion on first reading.

The Clerk then read the ordinance as
follows:

An ordinance to amend an ordinance
entitled: "An ordinance regulating and
restricting the location of trades and in-
dustries and the location of buildings de-
signed for specified uses, and regulating
and limiting the height and bulk of build-
ings hereafter erected, and regulating
and determining the area of yards, courts
and other open spaces surrounding build-
ings, and establishing the boundaries of
districts for the said purposes and pro-
viding penalties for the violation of its
provisions," adopted December 31, 1919.

The Board of Commissioners of the
City of Newark do ordain:

Section 1. That an ordinance entitled
"An ordinance regulating and restricting

the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended by extending the Business District so as to include the areas described as follows:

1. Bounded on the east by North Tenth Street; on the north by a line 100 feet south and parallel to Abington Avenue; on the west by a line 100 feet west of and parallel to North Tenth Street, and on the south by First Avenue.

2. Beginning at the intersection of Clinton Avenue and Shanley Avenue; thence northerly 100 feet along Shanley Avenue; thence westerly along a line 100 feet north of and parallel to Clinton Avenue, to South Twelfth Street; thence southerly along South Twelfth Street and its projection to a point 100 feet south of Clinton Avenue; thence easterly along a line 100 feet south of and parallel to Clinton Avenue, to Van Ness Place; thence northerly along Van Ness Place to Clinton Avenue; thence westerly along Clinton Avenue to the place of beginning.

and that the Use District Map which accompanies the ordinance to which this ordinance is an amendment be and the same is hereby changed so as to include within the Business District the area above described.

Section 2. All ordinance and parts of ordinances inconsistent herewith be and the same are hereby repealed.

Section 3. This ordinance shall take effect immediately.

WHEREAS, A contract was awarded September 22, 1925, to Jannarone Contracting Company for the paving of Marsh Street from Terminal Street to about 1,900 feet easterly with reinforced concrete pavement, which contract contemplated the paving of said street without delays and before unsatisfactory weather conditions would make it necessary the use of under drains to carry away the surface water which collected in the excavation;

AND, WHEREAS, Delays were encountered which held up the progress of the work and exceptional rainy weather made it impossible for the contractor to proceed at certain points with the excavation of the roadway and grading without installing open tile underdrains to remove said surface water;

AND, WHEREAS, The contractor, Jannarone Contracting Company, has agreed to furnish the labor and material necessary to install six-inch tile underdrains at certain locations where, in the judgment of the engineer such underdrains are necessary in order to make possible the continuing of the excavating and grading, at \$1.25 per lineal foot, which price is reasonable and fair to the City.

THEREFORE, BE IT RESOLVED, That Jannarone Contracting Company is hereby authorized to furnish and install six-inch drains at such locations as are determined by the engineer as necessary,

at \$1.25 per lineal foot, the quantity of such tile pipe drains required being approximately 2,000 lineal feet.

The following communication was received and read:

The Newark Museum Association
No. 5 Washington Street

Newark, N. J., December 1, 1925.

To the Board of Commissioners:

Last May Mr. Louis Bamberger presented the trustees of the Museum the completed Museum building as a trust for the people of Newark. This modern fireproof structure contains eleven large galleries, and a central court. In the basement are three study rooms, a lecture room and a room for special temporary exhibitions. The building provides an area of about 65,000 square feet in which to carry on and develop the work of the museum.

A careful estimate of the amount needed for the coming year to care for the building and the plot on which it stands, to provide heat and light, to pay the staff and janitor force and to cover the usual items of upkeep, has been made. To maintain the present collections properly and to conduct the educa-

tional work of the Museum in its new home will entail expenditures of \$100,000, in excess of all income from other sources.

Therefor the trustees of the Museum ask that the City grant the Museum the sum of \$100,000 for the year 1926.

J. C. Dana, Secretary.

Commissioner Gillen: I move that the matter be referred to the Director of Revenue and Finance.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

District Court of the United States, for the District of New Jersey.

To: Passaic Valley Sewerage Commissioners, the City of Newark, the City of Paterson, the City of Passaic, the Town of Belleville in the County of Essex, legal successor to the Township of Belleville in the County of Essex; the Borough of Rutherford, the Borough of East Rutherford, the Mayor and Council of the Borough of East Newark, the Town of Harrison, the Town of Nutley in the County of Essex, the Township of Lyndhurst, formerly the Township of Union; the Borough of Wallington, the Mayor and Council of the Borough of North Arlington, the Town of Kearny, the City of Garfield, legal successor of the Borough of Garfield; the City of Clifton, legal successor of the Township of Acquackanonk in the County of Passaic, bodies politic and corporate of the State of New Jersey, and each of you.

You and each of you are hereby notified that depositions to be used upon the hearing upon the return of the rule to show cause granted in the above stated matter, why a mandamus shall not issue out of the above court as provided in said rule, and why the above named Holbrook, Cabot & Rollins Corporation

should not have such other and further relief, as in the premises may be just and proper, will be taken pursuant to said rule, before Charles E. Lynch, special master and examiner, in the grand jury room in the County Court House at Paterson, New Jersey, on Tuesday, the twenty-second day of December, nineteen hundred and twenty-five, at 10 o'clock in the forenoon.

Dated December 14, 1925.

John W. Griggs,

Attorney for Holbrook, Cabot & Rollins Corporation above named.

City Clerk: The City Clerk has been served with papers in the case of the United States vs. the Passaic Valley Sewerage Commission.

Mr. Congleton: I have also been served. This is the case where the contractors, Holbrook, Cabot & Rollins, got judgment against the Passaic Valley Sewerage Commission for \$800,000. The Passaic Valley Sewerage Commission has no money with which to pay it. The contractor has taken proceedings in the Federal Court in which is asking for a mandamus compelling the various municipalities in the Passaic Valley Sewer to contribute their percentage, based on the percentage of capacity they took, to satisfy this judgment. It is returnable before the Federal Court on the 29th of December, and we have the matter in hand.

Commissioner Gillen: I move that the papers be referred to the Law Department.

The following reports of city officers were received and ordered filed.

Auditor of Accounts for November, 1925.

Overseer of the Poor for August, September, October, November, 1925.

Commissioner Gillen offered the following resolution:

RESOLVED, that the sum of fourteen thousand three hundred twenty-four dollars and five cents (\$14,324.05) be and the same is hereby appropriated to the City Treasurer, being the semi-monthly payrolls of the Department of Parks and Public Property from December 1, 1925, to December 15, 1925.

The Board of Commissioners of the City of Newark, N. J.

W. J. EGAN,

City Clerk.

December 22, 1925.

A regular meeting of the Board of Commissioners of the City of Newark, N. J., was held on the above date in the Commissioners' Chamber, City Hall, Newark, at 11 A. M.

Present: Commissioners Brennan, Gilen, Howe, Murray.

Absent: Mayor Raymond.

Commissioner Howe presiding.

The minutes of meeting of December 15th were read and approved.

Commissioner Howe: Does any citizen wish to be heard?

Mr. Thomas R. Fitzsimmons, Riker & Riker, Lawyer's Building, Newark: Gentlemen:, I represent the J. E. Mergott Company, which has a factory on Jeliff Avenue, right near No. 359. An application was made to the Board of Adjustment to permit the erection of a chicken market on premises known as No. 359 Jeliff Avenue, Newark. Last Thursday I represented this owner and several others, and presented a petition to the Board of Adjustment, showing that we had as signers the owners of that property in that neighborhood, representing taxable ratables of \$750,000 worth of property who were opposed to this application. I also represented a number of tenants who live in houses in that vicinity who are also opposed to the granting of that permit, and the ground of our objection is the fact that it would constitute a nuisance and depreciate the values of property in that neighborhood.

Across the street is a candy factory. It will mean that candy factory will have to move out and all the adjoining property owners feel that the action of the Board of Adjustment was unfair, because we feel that the Board's function is merely, under the statute, to make an adjustment where some hardship prevails. Now, in this case, when the application was made, at the first, the present owner merely had a contract to buy the property and the contract was based on the assumption that he would get a permit to put up this chicken market. Subsequently they took title, although the deed is not on record as yet. A lot of arguments were presented at the meeting of the Adjustment Commission—another attorney representing another number of tenants and property owners also appeared and about fifty or sixty of the people in that neighborhood came in person to the Board of Adjustment. Mr. Higgins opposed the granting of the permit and suggested to the Board that it be laid over, and that the City Commission was also on record against such applications as to the one under consideration, and he stated that while they were not bound by your wishes, they certainly ought to respect them, and that is the attitude we took; that you are responsible to the people for the type of government we all want. I seriously question the constitutionality of the act creating the Board of Adjustment—that part of the act which gives that board power to override the action of the governing body. Of course we all know that zoning has been generally knocked into a cocked hat. I don't believe Mr. Congleton has been licked any more than I have on those cases, representing South Orange, but the board takes the attitude

that they should protect the property owners.

In this case it is not a question of an apartment house or a two-family house, but it is something that would materially affect the people of this neighborhood. In addition the deed to that property has the following restriction: "That no intoxicating liquors shall be manufactured or sold on the premises, no tannery, creamery or slaughter house shall be maintained thereon, or anything that would constitute or create a nuisance." I don't believe the property owners should be forced to the expense of going to the Court of Chancery to restrain this chicken market. I think the tenants who live there should be respected. Frankly, I could not see by any stretch of the imagination how this Board of Adjustment, in face of this protest which came before it last Thursday, could take the action it did. It seemed to me unreasonable, and Mr. Craster said: "I am rather surprised at the strong opposition. I didn't expect it, and I considered the people over there came to the conclusion it was a very nice place for a chicken market," and on top of all that he votes to recommend to your board that this application be granted.

My argument this morning and my request to you is this: that the action of the Board of Adjustment be not concurred in, and that the Building Inspector be authorized to refuse the permit, as requested.

Commissioner Murray: We have apparently, I should say that in the case of the corporations and the persons opposed, I don't think this Board has any

right, and, of course we don't concur in the action of the Adjustment Board. They are a separate entity and they do not have to consult us. If the fact be that the restrictions running with this land prohibit this kind of a building why go any further with it? Isn't that sufficient?

Commissioner Howe: I would think so.

Commissioner Murray: If the premises are restricted to the extent that would prohibit the construction of that type of building, the result of that would only be that the Board of Adjustment or any other board would be foolish to attempt to put on the premises anything which the restrictions forbade, and if Mr. Fitzsimmons' statement is correct I don't know why the city authorities would have to be bothered anyway. The land protects itself. So far as the constitutionality of the act appointing or providing for the Board of Adjustment is concerned, this is not the place to bring that matter up. I should think he would be safe in his objections if he has this language in the deed. We could not violate those restrictions.

Mr. Fitzsimmons: I didn't think the property owners should be forced to buy a law suit.

Commissioner Howe: Did you call the attention of the Board of Adjustment to the fact that that restriction was in it?

Mr. Fitzsimmons: I told them at the time I thought it was true, but I didn't have the facts and could not state it as a fact. I was only called into the case that day. Since then I have had a

search made and find those restrictions. I believe it might have made some difference at that time, but even though the Board of Adjustment has reached the conclusion that this permit should be granted, you still have the power to instruct the Building Inspector not to grant that permit. I think the burden should be upon this "property bootlegger," who took a chance on buying a corner to put up an objectionable business. I believe the burden should be put on him—not on these property owners, who have all this valuable property. If the Building Inspector refuses a permit the burden is on them to bring a mandamus. I believe the City Commission should back up the property owners and the people who are here this morning.

Commissioner Brennan: It is a well known fact that this Commission has gone on record for the last six or seven years as opposed to chicken markets outside of the heavy industrial zones. I cannot, for the life of me, see how the Board of Adjustment, knowing of the attitude of this Commission—and all of them are creatures, so to speak, our appointees—will go so far as to disregard the wishes of the Commission in its policy towards those markets, and while it may be true that we have no right as Commissioner Murray has said, under the statute to question their authority relative to matters referred to them as members of our departments, we certainly should have some right as to their actions relative to what this Commission has time and again placed itself on record in opposition to. I know, as one member of the Commission, I will say this frankly, the man representing me and my department on that

Board has never consulted me either one way or the other, but I will find ways and means to get somebody on there who will be in accord with my wishes, and with the wishes of this Commission.

Commissioner Murray: We have nothing except Mr. Fitzsimmons' statements here by which to gauge the wisdom or lack of wisdom in the action of the Adjustment Board. We don't know what evidence they had before them.

Commissioner Brennan: We can criticize them to this extent, that they know our policy in the past has been unalterably opposed to the granting of chicken market permits. They are not at all unaware of that.

Commissioner Howe: I might say for the benefit of Judge Murray, who is a new member of this Commission, that it has been the unanimous opinion of this Commission in the past to oppose the granting of licenses for chicken markets in residence districts, and so long as I am a member of this Commission I shall always be of that opinion, because I can't think of any odor that is more unpleasant and more annoying than that from live chickens.

Commissioner Murray: Is this a residential district?

Mr. William L. Greenbaum: Light industrial district.

Commissioner Howe: This Board is on record as being opposed to chicken markets in any but heavy industrial districts, and I think that is the unani-

mous opinion of the Board on that subject.

Mr. Harold Samandl: I am speaking as a colleague of Mr. Fitzsimmons. I have before me the minutes of a meeting of this Board of Commissioners where what you say was very, very well expressed by both yourself and Commissioner Brennan, at a meeting of this Commission held in October, 1924. The occasion of it was an application for the change of the zone at Thomas and Dawson Streets to a heavy industrial district. That time the Board of Adjustment had recommended a change. Commissioner Brennan put the motion to the effect that this Commission not concur in the recommendation. At that time Commissioner Brennan said: "I am not opposed to them in the meadows." And I think that is the proper place for them. I think you, Mr. Mayor, and Mr. Gillen went on record as opposed to such a change.

Commissioner Howe: I recall the incident.

Mr. Simandl: The Board of Adjustment, if they were unaware of the sentiment of this Board, could have easily found the sentiment expressed by referring to these minutes, as I did, to determine this, and I think it is no more than fair. I represent a man by the name of Rosenberg, and all his tenants. He has been served with notice by his tenants that they are going to move from the property. He has two six-family houses together, adjacent to this proposed market. He has been served with notices by his tenants telling him they are going to move out. That man pays

taxes on ratables of about \$100,000. I think he has a right when he builds a house to feel that as the Board has repeatedly rejected applications of the same kind in anything but heavy industrial districts, that this Board will be consistent, or its juniors, and I speak of the Board of Adjustment when I use that phrase, should be consistent and follow out the policy of their superiors, this Board, who are answerable to the public. I submit I can't conceive how this permit should go through.

Commissioner Brennan: I would like to ask if the City Clerk has a report from the Board of Adjustment on this?

Mr. Egan: Nothing in writing.

Mr. Winters, 411 Jelliff Avenue: I object to a City employe who is handling a real estate transaction of this kind for this property. I don't think a City employe, who is paid by the taxpayers should come before this Board and make a speech in favor of a chicken market, even in a semi-residence district.

Commissioner Howe: To whom do you refer?

Mr. Winters: Mr. McGee admitted he handled the real estate transaction.

Commissioner Howe: To my knowledge Mr. McGee is not an employee of this City, and you might apologize for the remark you made.

Mr. Winters: I am sorry. I do apologize to the Commissioners.

Commissioner Howe: You might apologize to Mr. McGee.

Mr. Winters: I apologize to you, Mr. McGee; I thought you were a city employee.

Mr. Daniel McGee: Mr. Mayor, I am just a layman with a license to sell real estate and I don't presume to know anything about law, but I do assume my rights to answer one statement which the eminent counsel of Riker & Riker, my eminent friends, made. He said that I misrepresented the facts, and I must say that is a misstatement—that before my client bought the property I addressed a letter to thirty-nine City taxpayers, within two thousand adjacent feet north, south, east and west of the property, and asked them if my client bought that property and wished to utilize it as a chicken market, would they object, and, Mr. Mayor, not one of them sent a derogatory reply. More than that, to the other eminent counsel, the illustrious Simandl, and the petitioners he represents, may I say in my office I have a record that five—five of the rent payers in that particular house—signed a petition to the eminent Board of Adjustment asking them for convenience sake to put a chicken market there; either they don't know what they are about, or they are influenced by someone.

Mr. William L. Greenbaum: Mr. Mayor and gentlemen of the Board, I represented the applicant at the time the application was presented to the Board of Adjustment. This gentleman, who got up there and said he owns a property at 411 Jelliff Avenue, objected.

That property is beyond Hawthorne Avenue, over a block away. That is a big block, about six or eight hundred feet away from the place where this market is supposed to be. Mr. Simandl says that his client has ratables running up to about one hundred thousand dollars. I took the trouble of having the tax assessments on these different properties searched, and I assume Mr. Simandl represents the man who is at 306 Peshine Avenue.

Mr. Simandl: And other properties in the immediate neighborhood.

Mr. Greenbaum: Mr. Rosenberg's wife was here on Thursday before the Board of Adjustment and she said he owned 306 Peshine Avenue. I find they are assessed at \$7,500 and not \$100,000, as Mr. Simandl would have you believe. I am simply giving you these items to show you the exaggerated statements the opposition is making. I feel, in justice to my client and to the Board of Adjustment, and to you gentlemen here, you ought to know something of what transpired at that meeting. We also went to the trouble of having photographs made of the section, and, gentlemen, there is not a residence on that block, from Runyon Street to Hawthorne Avenue, nothing but factories and empty lots. There are the photographs. Here is a map showing the exact situation of that locality. There are no residences on that block.

Commissioner Howe: That doesn't alter the question, because where there might be two persons living in a house,

there might be a factory either adjoining it, or across the street from it in which there might be hundreds employed.

Mr. Greenbaum: Those people are not objecting.

Commissioner Howe: It is possible the employer is objecting on behalf of his employees.

Mr. Greenbaum: What their motives are I don't know. Before we made this application we sent out letters. I can give you the names of several persons to whom we sent these letters, and there was not one reply. I don't know whether you gentlemen are familiar with the fact that we have a chicken trust here in Newark. The minute anybody wants to get in that business the trust gets on the job and it is through them that most of the objection is made. They feel they have a divine right to run the chicken business in Newark, and nobody else has, and the minute anybody wants to come in they get on the job.

This is a light industrial district. We went to the trouble of notifying these owners. We also propose, if we are permitted, to put up a modern chicken market, modern in every respect—everything in the last word—in accordance with the sanitary law, and with the rules of the Board of Health, and, in closing, I want to say this that this Board of Adjustment, after hearing us considered the matter carefully, I suppose, and in their wisdom thought it would be right to grant this permit. These gentlemen, on the other side, were here and I want to say that Mr. Fitzsimmons said nothing about restrictions at the time of that

hearing. It may have made some difference with the Board. If they have any rights to their restrictions they can go in the Court of Chancery and get an injunction. They are assuming it is going to be a nuisance and I submit my client will conduct this business in a manner absolutely satisfactory to the health and safety of the people, and he is a taxpayer and should be considered also. If he conducts the business properly he should be permitted to go on, and, inasmuch as the Board of Adjustment has granted this permit, I don't think their judgment should be interfered with. They have heard the case entirely.

Commissioner Brennan: What is the use of wasting all day on this hearing? There will be no permit given for a building of that kind on that site until the courts so order. I shall instruct the Building Superintendent to refuse to issue a permit for a chicken market on that site until the court shall so order.

Mr. Greenbaum: I shall apply to the court immediately, Director Brennan.

Commissioner Brennan: Go right ahead, Mr. Greenbaum.

Commissioner Brennan introduced the following ordinance, and moved its adoption on first reading:

The Clerk then read the ordinance as follows:

An ordinance to amend an ordinance, entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings

designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919.

The Board of Commissioners of the City of Newark do ordain:

Section 1. That an ordinance entitled: "An ordinance regulating and restricting the location of trades and industries and the location of buildings designed for specified uses, and regulating and limiting the height and bulk of buildings hereafter erected, and regulating and determining the area of yards, courts and other open spaces surrounding buildings, and establishing the boundaries of districts for the said purposes and providing penalties for the violation of its provisions," adopted December 31, 1919, is hereby amended by extending the "Industrial District" so as to include the area described as follows:

Bounded on the north by Loretto Street; on the east by Fabyan Place; on the south by Selvage Street, and on the west by a line 100 feet west of and parallel to Fabyan Place; and that the Use District Map, which accompanies the ordinance to which this ordinance is an amendment, be and the same is hereby changed so as to include within the "Industrial District" the area above described.

Section 2. All ordinances and parts of ordinances inconsistent herewith and the same are hereby repealed.

Section 3. This ordinance shall take effect immediately.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that December 29th, 1925, at 11 A. M., or as soon thereafter as said matter can be reached, and the Board's meeting room, second floor, City Hall, Newark, N. J., be fixed as the time and place when and where said ordinance will be further considered for final passage, and that the City Clerk be and he is hereby directed to publish said ordinance and give public notice of its introduction and passage on first reading, as provided by law.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The City Clerk presented an ordinance providing for the vacation of that portion of Atlantic Street lying south of the southerly line of Montclair Avenue and extending from the easterly terminus of said Atlantic Street about 300 feet to the point of intersection of the southerly line of said Atlantic Street with the southerly line of Montclair Avenue, and stated that today was the time fixed for hearing on the same.

The Board then entered upon said hearing.

Commissioner Howe: Any citizen wish to be heard?

(No response).

No one appearing Commissioner Brennan moved that the hearing be closed.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Commissioner Brennan moved that the following ordinance be taken up on second reading:

An ordinance providing for the vacation of that portion of Atlantic Street lying south of the southerly line of Montclair Avenue and extending from the easterly terminum of said Atlantic street westerly about 300 feet to the point of intersection of the southerly line of said Atlantic Street with the southerly line of Montclair Avenue.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

The Clerk then read the ordinance by sections:

Title declared open to amendment.

An ordinance to authorize the acquirement of lands on Frelinghuysen Avenue, Victoria Street and Empire Street, in the City of Newark, for City use, and providing for the financing thereof.

The Board of Commissioners of the City of Newark do ordain:

1. That the plot of ground on Frelinghuysen Avenue, Victoria Street and Empire Street, in the City of Newark, as hereinafter described, shall be acquired by the City of Newark, either by purchase or condemnation, for city use, said lands being more particularly described as follows:

First Tract: Beginning in the westerly line of Frelinghuysen Avenue at a point therein distant 75 feet southerly from the southerly line of Victoria Street; thence running southerly along the westerly line of Frelinghuysen Avenue 125 feet; thence westerly parallel

with Victoria Street 487.50 feet to the easterly line of the right-of-way; thence northerly and parallel with Frelinghuysen Avenue and along the easterly line of a 15-foot right-of-way 200 feet to the southerly line of Victoria Street; thence easterly along the same 387.50 feet; thence southerly and parallel with Frelinghuysen Avenue 75 feet, and thence easterly and parallel with Victoria Street 100 feet to the westerly line of Frelinghuysen Avenue and the point or place of beginning.

Second Tract: Beginning in the southerly line of Victoria Street at a point therein distant 502.50 feet westerly from the westerly line of Frelinghuysen Avenue, said beginning point being in the westerly line of a 15-foot right-of-way; thence southerly along the westerly line of said 15-foot right-of-way parallel with Frelinghuysen Avenue 330 feet; thence westerly and parallel with Victoria Street 182.36 feet to a point 200 feet northerly from the northerly line of Meeker Avenue, measured at right angles thereto; thence northwesterly parallel with Meeker Avenue and 200 feet northeasterly thereof, measured at right angles thereto, 187.23 feet to the easterly line of Empire Street; thence northeasterly along said easterly line of Empire Street 212.22 feet to the southerly line of Victoria Street, and thence easterly along the same 247.96 feet to the westerly line of the right of way and the point of place of beginning.

According to survey made by Marshall A. Congleton, surveyor, dated November 30, 1925.

2. That the total cost of the purchase of said lands shall not exceed the sum of ninety thousand dollars (\$90,000).

3. Pursuant to the provisions of Section 13 of Chapter 252 of the Laws of 1916, as amended, there shall be issued temporary loan bonds of the City of Newark in an aggregate principal amount not exceeding ninety thousand dollars (\$90,000), bearing interest at a rate not exceeding 6 per centum, payable semi-annually, for the purpose of temporarily financing the cost of said purchase. All other matters in respect of said temporary bonds shall be determined by the Director of the Department of Revenue and Finance, subject to the provisions of this ordinance and Chapter 252 of the Laws of 1916, as amended, and the Director of the Department of Revenue and Finance is hereby authorized to issue said temporary bonds at such time or times and in such amounts as he may deem advisable. The Mayor, Director of the Department of Revenue and Finance, City Auditor and City Clerk are hereby authorized and directed to execute said bonds or so many thereof as the Director of the Department of Revenue and Finance shall deem it advisable to issue.

4. The sum of ninety thousand dollars (\$90,000) to be raised by the issuance of said temporary bonds is hereby appropriated for the purposes for which said bonds are hereby authorized to be issued.

The roll being called, the motion was declared adopted by the following votes:

Yeas: Commissioners Brennan, Gillen, Howe, Murray.

Mr. John O'Toole: I would like to submit applications for the installation of two street railway loops, one at the corner of Clinton Avenue and Eighteenth Street. The situation with the cars there at the "Y" backing into Eighteenth Street caused some complaint in the matter of handling traffic at that point. We desire to construct a loop through Nineteenth Street, Hopkins Place, and Eighteenth Street. Also at the same time I submit an application for the construction of a loop from Springfield Avenue, Avon Avenue, Nineteenth Street, back to Springfield Avenue. That would be Twentieth, Avon and Nineteenth Street, back into Springfield Avenue. The purpose of these applications is to facilitate the handling of street railway traffic in Newark.

Commissioner Gillen: I move that the application be referred to Mayor Raymond.

A communication from the Board of Adjustment in reference to the application of J. T. Castles & Company to amend the Building Zone Ordinance so as to create a heavy industrial district on the premises 893-897 Frelinghuysen Avenue, was received and read.

Commissioner Howe: Does any citizen wish to be heard?

Mr. John C. Howe: I am appearing for Mr. Castles and Dr. Mitchell, the owner of the property in the rear. May I ask that this matter be laid over for one week, in order that I may have a representative of the company here who can explain the process by which it is proposed to make varnish in the new factory. This type of plant is now operating in other states, under a new process in which there is no odor or smoke, and I believe we can show to the Commission that the objection to the plant is not serious. I would ask that the City Counsel at that time have ready an ordinance in order that the Board may give it a first reading, changing the district to a heavy industrial district.

Mr. Congleton: Have you considered going to the Adjustment Board and asking them to change the zone so that this factory could go in.

Mr. Howe: I understand they turned it down and their action was final. I

am perfectly willing to appear before them again.

Commissioner Gillen: I move that the request be granted and that the matter be laid over for one week.

Mr. Howe: I ask for a permit to construct this building in the present industrial zone.

The following communication was received, read and ordered filed:

Department of Public Affairs, Thomas

L. Raymond, Mayor.

December 21, 1925.

Subject: Appointment of John R. Hardin to Sinking Fund Commission.
The Board of Commissioners of the

City of Newark, City Hall, Newark,
New Jersey.

Gentlemen:

By virtue of the power and authority vested in me under an Act of the Legislature of this State, entitled, "An Act Concerning Sinking Funds and Sinking Fund Commissioners," approved March 29, 1917, and acts amendatory thereof and supplemental thereto, I do, by and with the consent of your body, appoint John R. Hardin, a resident taxpayer on

real estate, a member of the Sinking Fund Commission of the City of Newark for a term of three years, to commence on January 1, 1926.

Respectfully,

Thomas L. Raymond, Mayor.

Commissioner Brennan offered the following resolution:

WHEREAS, Thomas L. Raymond, Mayor of the City of Newark, by and with the consent of this governing body, has this day appointed John R. Hardin a member of the Sinking Fund Commission of the City of Newark for a term of three years, from January 1, 1926;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the action of said Thomas L. Raymond, Mayor of the City of Newark, in appointing said John R. **Hardin** a member of said Sinking Fund Commission of the City of Newark for a term of three years, from January 1, 1926, be and the same is hereby ratified and confirmed, and our consent to said appointment is hereby given; and

BE IT FURTHER RESOLVED, That said John R. Hardin give a bond, with corporate security, in the sum of five thousand dollars (\$5,000) for the faithful performance of said office.

Commissioner Gillen not voting.

WHEREAS, By the terms of paragraph 5 of an agreement heretofore entered into between the Lehigh Valley Railroad Company and the City of Newark, bearing date of October 25, 1917, it is provided that "as soon as practicable after the City and the Railroad Company shall so agree, but not later than five years from the date of execution of this contract, the Railroad Company shall begin the construction of a permanent bridge, including the northerly abutment thereof, upon and over lands and right-of-way owned or controlled by the Railroad Company, from the point approximately where Bay Avenue now intersects the southerly boundary line of the Railroad Company's property, being along the line of Avenue "I" produced, to connect with an approach to be constructed by the City at the northerly boundary line of the property owned or

controlled by the Railroad Company. The location and plan of said bridge are shown on the blue print hereto attached and marked "B" (print J. J. M. 1028)"; and,

WHEREAS, At the expiration of the five-year period provided in the aforesaid agreement, namely, October 25, 1922, the City and the Railroad Company not having agreed upon its plans for the construction of said permanent bridge, it was mutually agreed between the parties to the aforesaid agreement that the period for the construction of said permanent bridge should be extended for a term of three years to October 25th, 1925; and,

WHEREAS, Owing to the uncertainty now existing as to the location of the proposed State Highway Route No. 1 through Newark, and the use of Haynes Avenue in this City for that purpose, it is deemed advisable by the parties to the aforesaid agreement that the period during which said bridge shall be constructed in accordance with the terms of the aforesaid agreement shall be extended to October 25th, 1928;

THEREFORE, BE IT RESOLVED, By the Board of Commissioners of the City of Newark that the period during which the Lehigh Valley Railroad shall begin the construction of a permanent bridge as provided by paragraph 5 of the agreement between said Lehigh Valley Railroad Company and the City of Newark, dated October 25th, 1917, with the concurrence of said Lehigh Valley Railroad Company, be and the same is hereby further extended to October 25th, 1928, provided, how-

ever, that the aforesaid agreement shall in all other respects remain unchanged and unmodified, anything herein to the contrary contained notwithstanding.
